Feb. 13/63.

RECORD DIVISION, WAR DEPARTMENT

Headquarters District of Texas
New Mexico & Arizona
Dec. 17. 1862
Galveston Texas

To the Hon. Secretary
of War.

Sir.

Major Mann, formerly of the 115th Virginia Militia, who served on my Staff during the Peninsula Campaign and participated in the battles before Richmond with great distinction and much benefit to the public service, will hand you this. He is a person of untiring energy & coolness and decision and has already sacrificed everything to the cause and is now an exile from his home. I would solicit on behalf of this estimable officer that he be appointed Captain in the Commissary department & be ordered to report to me in Texas. More officers in this department are absolutely necessary in Texas and none of no one more worthy of the appointments both by his former services and his peculiar fitness for such office

than Mr. Leo. Wm. of Hempstead Tex. As an instance of the deficiency in this department I would remark that in so important a Post as Houston. There is no regularly appointed Commissary and none can be taken from other functions without injury to the service in supplying this deficiency, so that it devolves upon the Quarter Master to act in both capacities which must necessarily result in the neglect of both where the field of duties is so vast— Capt Lovell Subsistence Officer at this Post is also acting in the capacity of Commissary, ~~officer~~ and many other agents are who fill the monument but are freed from the responsibility of the office, which only adds to the confusion that already exist in the Staff Department here— It is under these circumstances that I recommend most earnestly the appointment of Mr. Leo. Wm— and request that he be ordered to report to me for duty—

I have the honour to be Sir
Very Respectfully
Your Obt Servt
W. Bankhead Magruder
Brevet Lieut Col. U.S. Army. Texas N. Mexico &c &c

Ho of Reps
July 12 1863

Hon C
James A Seddon
Secy of War

Sir

At the request of Major Gray, who is one of my Constituents, and who has been unsuccessful in an effort to obtain an interview with you I have the honor to hand you the enclosed letter from Gen Magruder, and to ask the early and favorable consideration of the matters referred to therein.

I venture to express the hope that the request of Gen Magruder may be complied with as well because he makes it as because of the great merits of Major Gray

Under the circumstances I think you should see Major Gray personally as the matters referred to in the letter of Gen Magruder require early consideration at your hands

With high respect
Your ob Servt
James Lyons

was recommended by the Secty of War to the President for appointment to be Captain & Asst: Adjt: Genl.

The President returned the list containing his name, to the Adjt: Genl: with this endorsement opposite his name: "Is this officer not for Conscript duty?" Thereupon the name was omitted in the list as amended & sent back to the President from the Adjt: Genls Office — and endorsement not to the Senate at all.

(over) 6

proved himself to be a valuable officer for the duty to which [illegible] special endorsement refers. Is it proper that he should not apply for what it appears was in the mind of his, and the public interest would probably be subserved by continuing him on the same duty — for which purpose an appointment appropriate to it is necessary

Jackson Miss. Jany 15th 1863.

Adj. Gen'l Cooper
Adj. Gen'l.

Richmond.

Permit me to say General, that I fully concur with Gen'l Beall's recommendation of the bearer, Col. W. Wren, as a fit person as Inspector General for the Lake coast. I may in addition say, that I have known Col Wren from infancy & know him to be an energetic, trustworthy & industrious man. He is well acquainted with the Lake coast from having resided on it. The topography & even the geography of the Coast is known to but few officers in the service. Col Wren's local knowledge of the coast & the people on it, would enable him effectually to prevent smuggling & illicit trade to a great extent, if he was to remain there a short time.

Very respectfully —
Your Ob't Servt
Jno. Pemberton Lt. Gen.

Sir

I would suggest that you immediately send a Company of Cavalry to Lake St Clair for the purpose of patrolling the Lake shore, & assigning a post to each portion of your command, bordering upon the Lake Coast, & also the Canada boundary on the River. My object in so recommending the appointment is based upon the following facts viz. persons living upon the Lake Coast, are in constant communication with the Enemy, (from whom they derive their information) and are making conduct and sentiment hostile to the Enemy, without the knowledge and consent of the Military Authorities. Also, several companies of Partizan Rangers are stationed on the Lake Coast, (as I imagine) without a proper knowledge of their duties, or strict observation of their orders, which requires a person to instruct them in carrying out their orders, and see that they maintain good order and discipline

March 23rd 1863

Hon
Joseph E. Davis
Richmond

Dear Sir

From the long friendship and acquaintance existing between you and my father Hodson Moore & my Brother in law Mr. S.A. Cartwright I have taken the liberty of asking you a favor. In December last the President was pleased to recommend me to the War Department as Asst adjt & Inspt Genl assigned to duty in this Department which was made with rank of Captain. When I had been in service as Colonel and I would like if it is consistent that I may have my old rank. I was a resident of New Orleans at the commencement of the war and my health not permitting me to go into active service I devoted all my time to the organization of companies & drilling them for the Army. In October 1861 I became Col of a regiment for State service transfering to the C.S. and in march 1862 Brig Gen Lewis recd from the War department authority to raise a regt for the C.S.A. For the war we had enrolled some 600 men and in april I repaired to Richmond to obtain clothing &c for the Regt. I succeeded and before my Return

the City fell into the hands of the enemy thereby lost all I possessed and the Regiment disbanded. Gen Lovell recognizing my Rank commanding me to visit Western Louisiana for the purpose of preventing Cotton from falling into the hands of the Enemy which I did by destroying the whole Country and making the Planters remove it out of danger thus saving a great deal to both Planter and the Government. Now as I have long held the Rank of Col I would be pleased still to retain it for I have under me at this time Captains & Majors who commenced service after mine and really outrank me.

As Genl Cooper told me that he never saw my letters of recommendation but simply the Presidents thereon I am satisfying that it was not the intention that I should be deprived of my Rank. If this matter can be arranged as I desire you will much oblige me I would have written to the President but dislike to take his valuable time and thought that by explaining it to you a few words from you to him personally would answer all purposes Please answer this and address to me at this place. Hoping that you will trouble yourself in this matter and success attend your endeavors

I am with great Respect

Received Dec 28/63

Asst Adjt General's Office
Richmond Jany 2nd 1863

Capt Wm Hunter
141 4th Street
Richmond Va

Sir,

You are hereby ordered to proceed immediately to Camp Lee in Pursuance of Special Order No 1 from this office. On arriving at Camp Lee you will report to Lt Col Gatlin Commanding Camp for instructions in relation to duty at the Lake Church and the Fluvanna Landing on the River. In addition to your duties as Asst Adjt General, you will preserve, as far as possible, all Discipline between persons in the actual Service, and the enemy, instruct the several Companies of Partizan Rangers in a knowledge of their duties and a proper observance of their Order and see that they maintain good order and discipline. You will also assist in enrolling and bringing into the Army, all persons who are liable to Conscription, in accordance with the provisions of the Act known as the Conscript Act. Very Respectfully your obt Servt

Signed Ed. A. Radford Asst Adjt Genl

I could report at once for duty at Savannah or Charleston, as my absence from would not require much exercise on horseback A. A. W.

Augusta Georgia
Oct 22nd 1862

Hon G W Randolph
Sec of War

Dear Sir

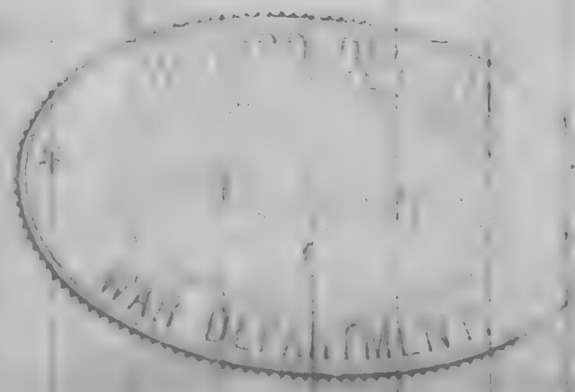

I received at Sharpsburg a slight wound in my left Breast which has injured my lung so much that I am fearful that I shall not be able to stand a campaign in Virginia this winter. I therefore beg that I may be ordered to duty at Savannah or Charleston. I hope that by early Spring I shall be fully restored and able to do my duty wherever I may be needed. I much prefer being with the Army of N Virginia under Genl Lee and, if I cannot get service this winter further South, will go on & report to Genl Lee as soon as my leg (through which I was also shot) gets well enough for me to use it a little. This I hope will not be more than ~~ten or fifteen~~ twenty days. I do not

[illegible] Assembly of Virginia. Beg leave to present for
favorable consideration the claims of Genl.
J. R. Chilton for promotion. It seems useless for
us to present his many claims for services rendered
as Colonel of the 3rd Va. Regiment, at South Mills,
and on Roanoke Island, and as Brigadier on the
battle fields of Manassas, Malvern Hill, Manassas and
Sharpsburg, as his gallant bearing on each occasion
must be familiar to you, but we desire to assure
you that our State feels proud of his gallant and
chivalric conduct, and has entire confidence in his
courage and ability to command, and would be
gratified to know, that his skill, courage and judg-
ment had been appreciated, by his promotion.

We are Very Respectfully

Your obedient Servants

Richmond Va
June 14 1864

Hon W. W. Johnson
and Others
Senators and Representatives

Recommending the
promotion of
Brig Gen A. R. Wright

Respectfully referred
to His Excellency Presi-
dent Davis. I am
aware of the valuable
services of Gen Wright,
but there is no division
in the army to the com-
mand of which he could
be assigned or promoted.
Nor has there been any
vacancy to which Gen
Wright could have been
promoted to fill such
prospect, to which an
officer junior to him

has been assigned.

R E Lee
Genl

Respectfully returned
to the Secretary of War
by direction of the
President to the
Adjt. Genls Of-
fice for file
& future reference

RECORD DIVISION,
WAR DEPARTMENT.

Rec'd & R'd. June 17. '64

Richmond Va. June 9th 1864.

His Excellency
President Davis,

The undersigned Senators & Representatives in Congress from the State of Georgia, beg leave respectfully to ask the promotion of Brig. General A. R. Wright. It is unnecessary for us to speak of him in terms of commendation. From the first year of the War to the present time, his name has been connected with almost every battle and his gallantry has been displayed on almost every field. We allude of course to the battles in which the Army of Northern Virginia has been engaged. General Wright is the senior Brigadier General now in that Army from Georgia and whilst promotions are being made of Officers from other States - some of whom are his juniors - we feel that it is due to him and to the State he represents that his claims should not be over-looked.

State the amount of Gen'l Hardee's command at Augusta will give cordial dissatisfaction, and request the order be countermanded.

Hd Qrs. A&I.S. O.
September 22nd 64

Respectfully forwarded to Secretary of War.

Gen. Hardee may have alleged in my incapacity, and he may have requested my removal, but I have not taken his opinion upon (Braxton Bragg
(6440) Genl.

Office of Telegram Augusta Ga. Oct. 21st 1868.

Gen. A. Biggs.

I have been informed that Gen. Wright, who commands this post, has been removed. It is a matter of great regret to our citizens and the loyal Georgians, who are now being placed in a state of effective discipline, that this change should at this time be made. Gen. Wright has been at this extraordinary labor to put affairs upon a proper footing here, and I am afraid his removal will give general dissatisfaction. I therefore request, if consistent with your views and sense of duty, that the orders concerning him may be countermanded.

(Signed) R. H. Wilson.

1st Brigade June 30th 1862

Hon Samuel P Moore
Surgeon Genl
Richmond

Sir

Sir I have the honor through you to submit to the War Department the inclosed Order with endorsements thereon.
It will be observed that the Genl Commanding this Army takes the position, that a Brigadier General in temporary Command of a Division may detail as acting Chief Surgeon of the Division, the Junior Surgeon in the Division, as is done in this Case, Surgeon McGee is Junior to all the Surgeons in this Brigade, And the Commander of the Army says "there is nothing improper in the order."
Respectfully believing this decision of the distinguished Commander of this Army is not in accordance with Regulations. Paragraphs 1. 4. 475. 478. 1051 and Ed. Richmond June 1863
Regulation for Medical Department Paragraph 3. * and
I respectfully Submit the Case for your decision.

I am Sir with very great respect
Your obt Servt
A P Wright
Gen Surg Jacksons Brig.

* Gen order No 23
Richmond Feb 24th 1863

PS

You will find on next page the issues involved in this Case, in the form of interrogatories, which I trust you will oblige me by Settling Permanently.
A P Wright
Gen Surgeon

First

I Has a Brigadier General while in Company
Command of a Division the right to detail the
Senior Surgeon of the Division as acting Chief
Surgeon.

II In the absence of the Chief Surgeon, do not
the duties of Chief Surgeon devolve as a matter of
Courtesy and Law on the Senior medical Officer
present.

III Does a Question of Rank "arise in the Case
of a Staff Officer" or to "Commanding Officer a
one" See endorsement of Genl Wright & C.C. Brents
a a g.

IV In the Recommendation by Medical Director
for Chief Surgeon of Division, Should he not be
governed by Seniority of Rank. And if he departs
from this Should it not be for distinguished public
Service or eminent professional attainments

V Should he be governed by the Will, favoritism,
or Caprice of the Division Commander in making
his Recomendation for Chief Surgeon.

A. H. Wright

Resignation accepted to take effect on the date of acceptance

By command of
Surgeon General

RECORD AND PENSION OFFICE
WAR DEPARTMENT

Before Chattanooga Nov 25th 1863

Sudden dec. of Asst

The condition to which my long continued
services in the army of the Confederate States have reduced
my health render it necessary that I should seek
a release from any further duty. I entered the army
in March 1861 having, for some years previous, retired
from the active duties of the Profession and confined my-
self to those of a Medical Professorship. With an
originally feeble constitution I have nevertheless been
enabled to perform the duties of a Surgeon in the field
throughout the campaigns of Gen Jackson in the North-
ern Virginia in 1862 and through those of Gen Gen.
E. Johnston in the Peninsula and in Mississippi. Finding
by I have been engaged in a similar capacity in the
present campaign under Gen. Bragg from the Battle of
Chickamauga to the present day. Throughout this time
my health and energies have been severely prostrated
with chronic Dysentery which I have however so far
borne up against as to have never been absent from
a battle which has been fought in the Department
in which I have been serving.

I am however unable to keep it up no longer; I
was at the commencement of the war two years beyond the
age for compulsory service and am now nearly
~~fifty~~ fifty with my constitution & stamina completely
broken down and I am compelled to tender
to you my unconditionally resignation of the commission which I
hold as Surgeon in the Provisional Army of the
Confederate States, earnestly soliciting its immediate acceptance.

I have the honour to remain
Very respectfully your obedient Servant
David P. Wright
Surgeon of 3rd Tenn'y Inf. Brown's Brigade
Stevenson's Division

Before Chattanooga Nov 23. 1863

Surgeon W. F. Knight [illegible] official upon which to grant the [illegible] resignation. I hereby certify that I have carefully examined this officer and find him suffering from general prostration of strength and constitution caused by repeatedly recurring attacks of Chronic Dysentery. The disease is always aggravated by exposure to cold and wet weather and I believe that recovery cannot take place while he is liable to the exposures and hardships of camp life.

I therefore respectfully recommend that his resignation be immediately accepted.

[illegible]

I certify upon honor that I am not indebted to the Confederate States in any respect whatever and that I have no Government property in my hands except the Regimental Medical Stores which will be turned over to my successor and that there are no charges against me which can affect my pay.

Edmund F Knight
Surgeon 1st T.V.

Office of Asst Com Hospl's Bry
Left Wing 1863

General;

On the 19th Aug 1862 I was recommended as Commissary of the 1st Mo Cav Regiment by the Col Commanding and my recommendation was duly forwarded

From the 19th Aug 1862, to the 28th July 1863 I filled the office of Regimental Commissary of the 1st Mo Cav

Neither my Commission, or Appointment by the President has been received. My Bond has been ready ever since the date of my recommendation

On the 28th July 1863 I was assigned to duty at Division Head Quarters; subsequently on the 20th Aug 1863 I was ordered to report to Col Ellsworth (then Commanding 4th Cav Brigade) to perform the duties of my present office, — Asst Brigade Commissary —

I enclose my recommendation by Col Miller Comdg. Regiment, also order of Gen Johnston reassigning me to duty in this 3d Brigade.

SECOND AUDITOR'S OFFICE.

Sept. 1st 64 1862

I Certify, That I have examined and adjusted the account of

J. D. Wright, late Capt & A.Q.M. for disbursements made in the payment of 4th 5th 6th & 9th Regiments Ala Volunteers in part for the months of June, July, August, Sept. & Oct. 1861, at Germantown & Centreville, Va. and find that it is chargeable as follows:

Pay Officers
Privates 100
Regiments
Infantry

To W. L. Cabell, Major.
For amount received of him per requisition dated
August 10, 14, 1861 $35.000.00

" A. B. Ragan, Major
For amount received of him per requisition dated
October 28, November 4, 5, 11, & December
11, 1861 155.500.00

" Ambler, Capt
For amount received of him per requisition dated
November 30, 1861 1.000.00
$224.500.00

And I find that he is entitled to credit as follows:
By General account money advanced
For amt disbg. by him in paying the 4th 5th 6th & 9th regts Ala vols in part for the months of June July August Sept & Oct 1861, at Germantown & Centreville, Va as per Abstracts & Vouchers herewith balance due Lt. $200.150.26
24.349.74

as appears from the Statement and Vouchers herewith transmitted for the decision of the Comptroller of the Treasury thereon.

Hd. Qrs. Cultivel's Arkansas
Quartermaster's Office
Little Rock Ark. April 25th 1863

Sir

Under date of March 15th 1863, from the Office of the Commissary General, I was advised that the Treasury Department had on the 3rd of March 1863 issued a warrant for the sum of $ [illegible] in favor of the Quartermaster General, to be applied to the payment of "Horse, Mule, Forage and Transportation Claims" which had been audited and reported to the Treasury Department, and that the Quartermaster General was directed to apply the same to the payment of such claims in the order in which they were received at the Office of the Quartermaster General. During the month of March last I had no public money in my possession, and was therefore unable to make any purchases. I have further to state that the Returns for the Quarter ending 31st December 1862, of all public property, received by the Regiment was inadvertently lost, including all Stationery and Office Furniture belonging to either of the Staff Departments.

The Returns for March 31st 1863 were forwarded, as soon as circumstances permitted, by special Messenger from this Depot. They have doubtlessly reached their destination ere this; should it not be the case, on information to that effect I will forward them duplicates without delay. My returns for 1st Quarter 63 have been forwarded

I have the honor to acknowledge the receipt of Circulars from the Office of the C. G. S., bearing date with 27th March 1863, respectively, also one lot of Blanks.

Very Respectfully
Your Obt Servt

Hd Qrs 1st Mo. Cav.

General S. Cooper,

Adjt & Insp. Genl

Sir

On the 1st day of last April I commenced acting as Chaplain in the 1st Battn Cav. U.S. through the solicitation of its Commander Maj. W. H. Rapley, having sent to me my application for that Appointment. My application was also signed by all my Officers and I obtained the discharge of my Chaplain of Illinois Cavalry on the 1st day of 1862. I then immediately left the "Battle of Pittsburg Landing" and by order of Brig. Genl. Wm. Sherman I reported for duty to Hospital Surg. H. Wardell at Pittsburg to assist in taking care of the disabled. As a matter of course I fell into the hands of the enemy and after the Rebel army had taken possession of the place, I succeeded in getting out of

WAR DEPARTMENT
RECEIVED
RECORD DIVISION

the Post office a good deal of Mail matter for Genl Johns S. Bowen. all of which I deemed prudent to destroy. Among the letters of business I found my application returned disapproved which I sent. As there was no chance for me to get to my command, I remained with the wounded until the surrender of Vicksburg, and after which I started to my old Co & Regt (Co (B) 5th Mo. Reg) at Demopolis Ala. During the paroles Kavanaugh Chaplain of this 1st Regt was solicited, if I mistake not to become Genl Missionary to the Army of Genl T. Price in the Trans Miss Dept. He made his arrangements accordingly and started for his new field of operation, with Rev Robt E. Bates, then gave me to understand Rev Peoples take the place of Kavanaugh in his Regiment which I did on the 1st of this month. (Oct) I therefore think you can give me this appointment, and if consistent with right. I should like for it to include all the time that I have acted as Chaplain. I acted in good faith ignorant of the fact that Batts were not allowed Chaplains until I received my papers returned from Richmond after Batts have had Chaplains all the time, and they have drawn their pay regularly, to my certain knowledge up to the first of September last. You will please attend to it for me and if you can not consistently give me pay for the time I have served (which has been from the 1st day of April till the present) please date my Appointment from the 1st day of Oct (Present month)

and oblige Your humble servant

Joseph B. Wright

WAR DEPARTMENT.

Murfreesboro Tn Nov 30th 1862

His Excellency
Jefferson Davis
Pres

Sir,

Col Wright of this state was brought to my notice some six months since by Generals Cheatham, Polk, Bragg and others as worthy of the appointment of Brig Genl. This recommendation I am sorry to say has been mislaid, within the last few days Gen's Cheatham, Polk, and Bragg have applied for his appointment, from an intimate acquaintance and constant official intercourse with Col Wright for eighteen months these Gentlemen concur in giving him the highest recommendation as an officer and Soldier, In addition to this, it is due to Col Wright that I say that from the beginning of the war he has been a bold

already Mustred into service about eight thousand men, and I have no doubt will get six or eight thousand more, In addition to this about three new Regiments have been raised under Special Orders, In east Tennessee three new and full Regiments have been raised but we encounter great difficulty in bringing the Conscripts to Camp, I shall not relate my efforts here or until they are brought to the field or driven from the Country. If they are our enemies they should not remain in the heart of our Country, if (our friends they should be Compelled to yield an active support to the Government.

Respectfully

Wm G Harris

Nov 30th

energetic and influential Statesrights
Man, was one of the first Men in
Tennessee to Volunteer, Indeed, his
Regiment was organized and by
the Orders upon duty a Month
before the Legislature Authorized
the raising of Troops or use of
Military force, He Led his Regiment
Gallantly through the battles of
Belmont and Shiloh, but being
a Strict disciplinarian was
defeated in the Reorganization of
the Regiment, Since that time he
has acted as Gen. Cheathams adjutant
Genl, until about a Month Since
when he assumed the duties of
Superintendent of Conscript Camp
in Middle Tennessee, The duties of
this position will be fully Perf=
ormed within a few weeks, resulting
in bringing to the field about 12000
to 15000 Recruits for our old Regiments
The filling up of these old Regiments
will make it Necessary to make some
additional Brigades, but if this were
not the Case, There are now at this
Place two Tennessee Brigades in
Gen. Breckenridges Division, which
are Commanded by Colonels,
I feel that Tennessee is
entitled to the Command of her own
Brigades as long as she can present
Good, true and Competent Men,
I therefore flatter myself with the
hope that Col Wright will be
immediately appointed,

Sir,

I recommend that Lieut Col Thomas A. Wright of the 1st Tennessee Regiment be appointed Brigadier General. I take great pleasure in saying that Col Wright is a gentleman of high and unblemished character and sound worth, a Gallant and very efficient officer, Served more than [illegible] as Lieutenant Colonel of the 1st Tennessee Regiment, which is the first Regiment which entered the service from Tennessee, Col Wright Commanded the Regiment during the [illegible] at Shiloh where he did himself great credit by his Coolness, daring and [illegible]

I should be much pleased to see him appointed and feel assured that his appointment will promote the efficiency of the service. Tennessee has never had a sufficient Number of Genl officers to Command the troops that she has in the field, This, I feel as an injustice to my State, and

Head Quarters 2d Dist. West Tennessee.

Memphis Apl 27th 1862

General,

Your letter of the 25th inst. informing me that a truce had been declared by Gen'l Sherman & Johnston has this moment been rec'd & in answer I beg to say that if any such truce has been entered into it was wholly unauthorized, and I understand that it has been disclaimed by the Govt of the United States.

There will be no alteration in military movements in this District by reason of any such supposed truce.

I regret that I cannot comply with the request

of the Officers bearing the Flag
to visit their friends in this City.
Such privilege is supposed only to be
given upon compliance with the very liberal
terms which have been proposed and
offered them, which we presume they
suppose understood.

Have the kindness to forward this letter to Col. Wright

Richmond Va Sept 29th 62

To The President
Sir

Six months or more
ago Genl Beauregard, Polk and Cheatham
all recommended Col Marcus J. Wright
for the position of Brigadier General -
for the position of Brigadier General -
Gov Harris and other gentlemen of Tennes-
see in Lynchburg the same thing -
Col Wright Commanded the Col-
orado 15th Tennessee Regiment from Val
from the city of Memphis both at Bel-
mont and at Shiloh - Has in the battle
the Reports will show -
He is used for "Courage - gallantry
promptness, and discipline as a Com-
mander, no one of the many Colonels
in Tennessee stands higher -
Allow me to state that his appointment
would give more satisfaction than any
officer in Tennessee when all the facts
you will be more particularly aware
Soon as your duties will permit.

W. D. 31

Gov J. G. Harris
Murfreesboro T.

I shall be greatly obliged if you will inform me at your earliest convenience of the action of the Regt upon this application.

Very Respectfully

Thos. C. Harris

Executive Office

[illegible]

[illegible]

[illegible]

Genl Chas. J. Faulkner, of Virginia
of the War and General Chas. F.
Cruse him the highest recom-
dation as an officer, and
Lt. Col Boggs assures me that
he needs some additional
[illegible] of that grade as
our Service requires are
rapidly filling up. Indeed,
we have never had a Sufficient
cient Number of General officers
from the State to command
the troops the State has put
into the field, of which, if I
would permit myself to complain
I feel that I should be fully
justified in doing so.

Col Wright was the Lieut. Col
of the first Regiment that I assisted
put into the field known as
15th Va. being organized with that
No. long before the war Commenced

He commanded his regiment
through the battle of Philippi
and the battle of Rich Mountain
he exhibited great ability as a
officer and great gallantry
as a man, he was first active
in the reorganization of his regiment,
since which time he has acted
as Assistant to Major Genl Chas. F.

Socially, there is no more
[illegible] Jackson who occupies
a higher position and in
every regard he is a most
excellent man, has been with
us most zealously from the
beginning of the struggle and
is too good a man and too
good a Soldier to be left out
of the service, I therefore
earnestly hope that you may
find it consistant with your
sense of duty to appoint him

W. 21 1849

Adjt Genl of War

I respectfully

recommend for the appointment
of Brig Genl in the provisional
Army of the Confederate States
Lt Col Marcus J Wright
He was Lt Col of the 154 Regt
Tenn Vol which was the first
Regt that entered the service from
Tennessee. In that capacity he
commanded the Regt most of
the time for twelve months.
The Col being in Command of
the Brigade, Lt Wright Command
ended the Regt at Shiloh & at
Belmont & there exhibited
much ability as an officer and
great coolness and courage.
He has been under my immediate
command from the beginning
of the War up to the reorganiz
ation of his Regt in May last
and since that time has been
a Member of my Staff

as a Lieutenant, with whom I have the most intimate acquaintance with him Through Eighteen months Service, I do not hesitate to say that he is a most competent Soldier, in all respects fully, and well qualified for the duties of the Office of Brig Genl, Col Knight is at present in charge of a camp of instruction at Mechanicsville where he has enrolled and sent to the army over Five Thousand men Troops, I would be much pleased to see him appointed and assigned to my Division

Head Quarters
District North Miss. & West Tenn.
Grenada, Miss. Dec 27th 1862

General,

While Maj Genl. Halleck of the U. S. Army commanded the Department of which your present District is a part, one of his Staff Officers gave me the assurance that the General would permit me to bring out from Memphis some Family Portraits which were left there with the balance of my property. I have had opportunities of having these Portraits conveyed out of your lines privately, but have felt unwilling to do so, trusting to the courtesy of the Commanding Officer to allow me to have what is so valuable to me and my family, and of so little value to the U. States Government,

Should you deem it not incompatible with your sense of duty, I shall be greatly obliged for your permission in writing to bring out these Portraits (Eight in number) in such manner as you may prescribe,

I am Genl,

Respectfully, Yours

Brigade Headquarters
Aug 15th 1862

Colonel

In Conversation with the Major Gen[l] Comm[dg] yesterday on the subject of the contents of Report of Companies from Regimental & Brigade Inspectors I have intended to communicate this to the Companys. I however understood in the regular time for returning this Report would of Course be sent to the Central Office of Inspector Gen[l] & I should like to know to night whether I should send the Companies or not.

It may not be improper to say that Report was established when we first entered Service and before it was determined that Battalion Drill & following Regt Drill was to take place of Company Drill which has been moved to the Brigade Drill & beyond the Regt Drill time. Moreover the ignorance of Companies in Inspection Duties will I think materially retard Drilling.

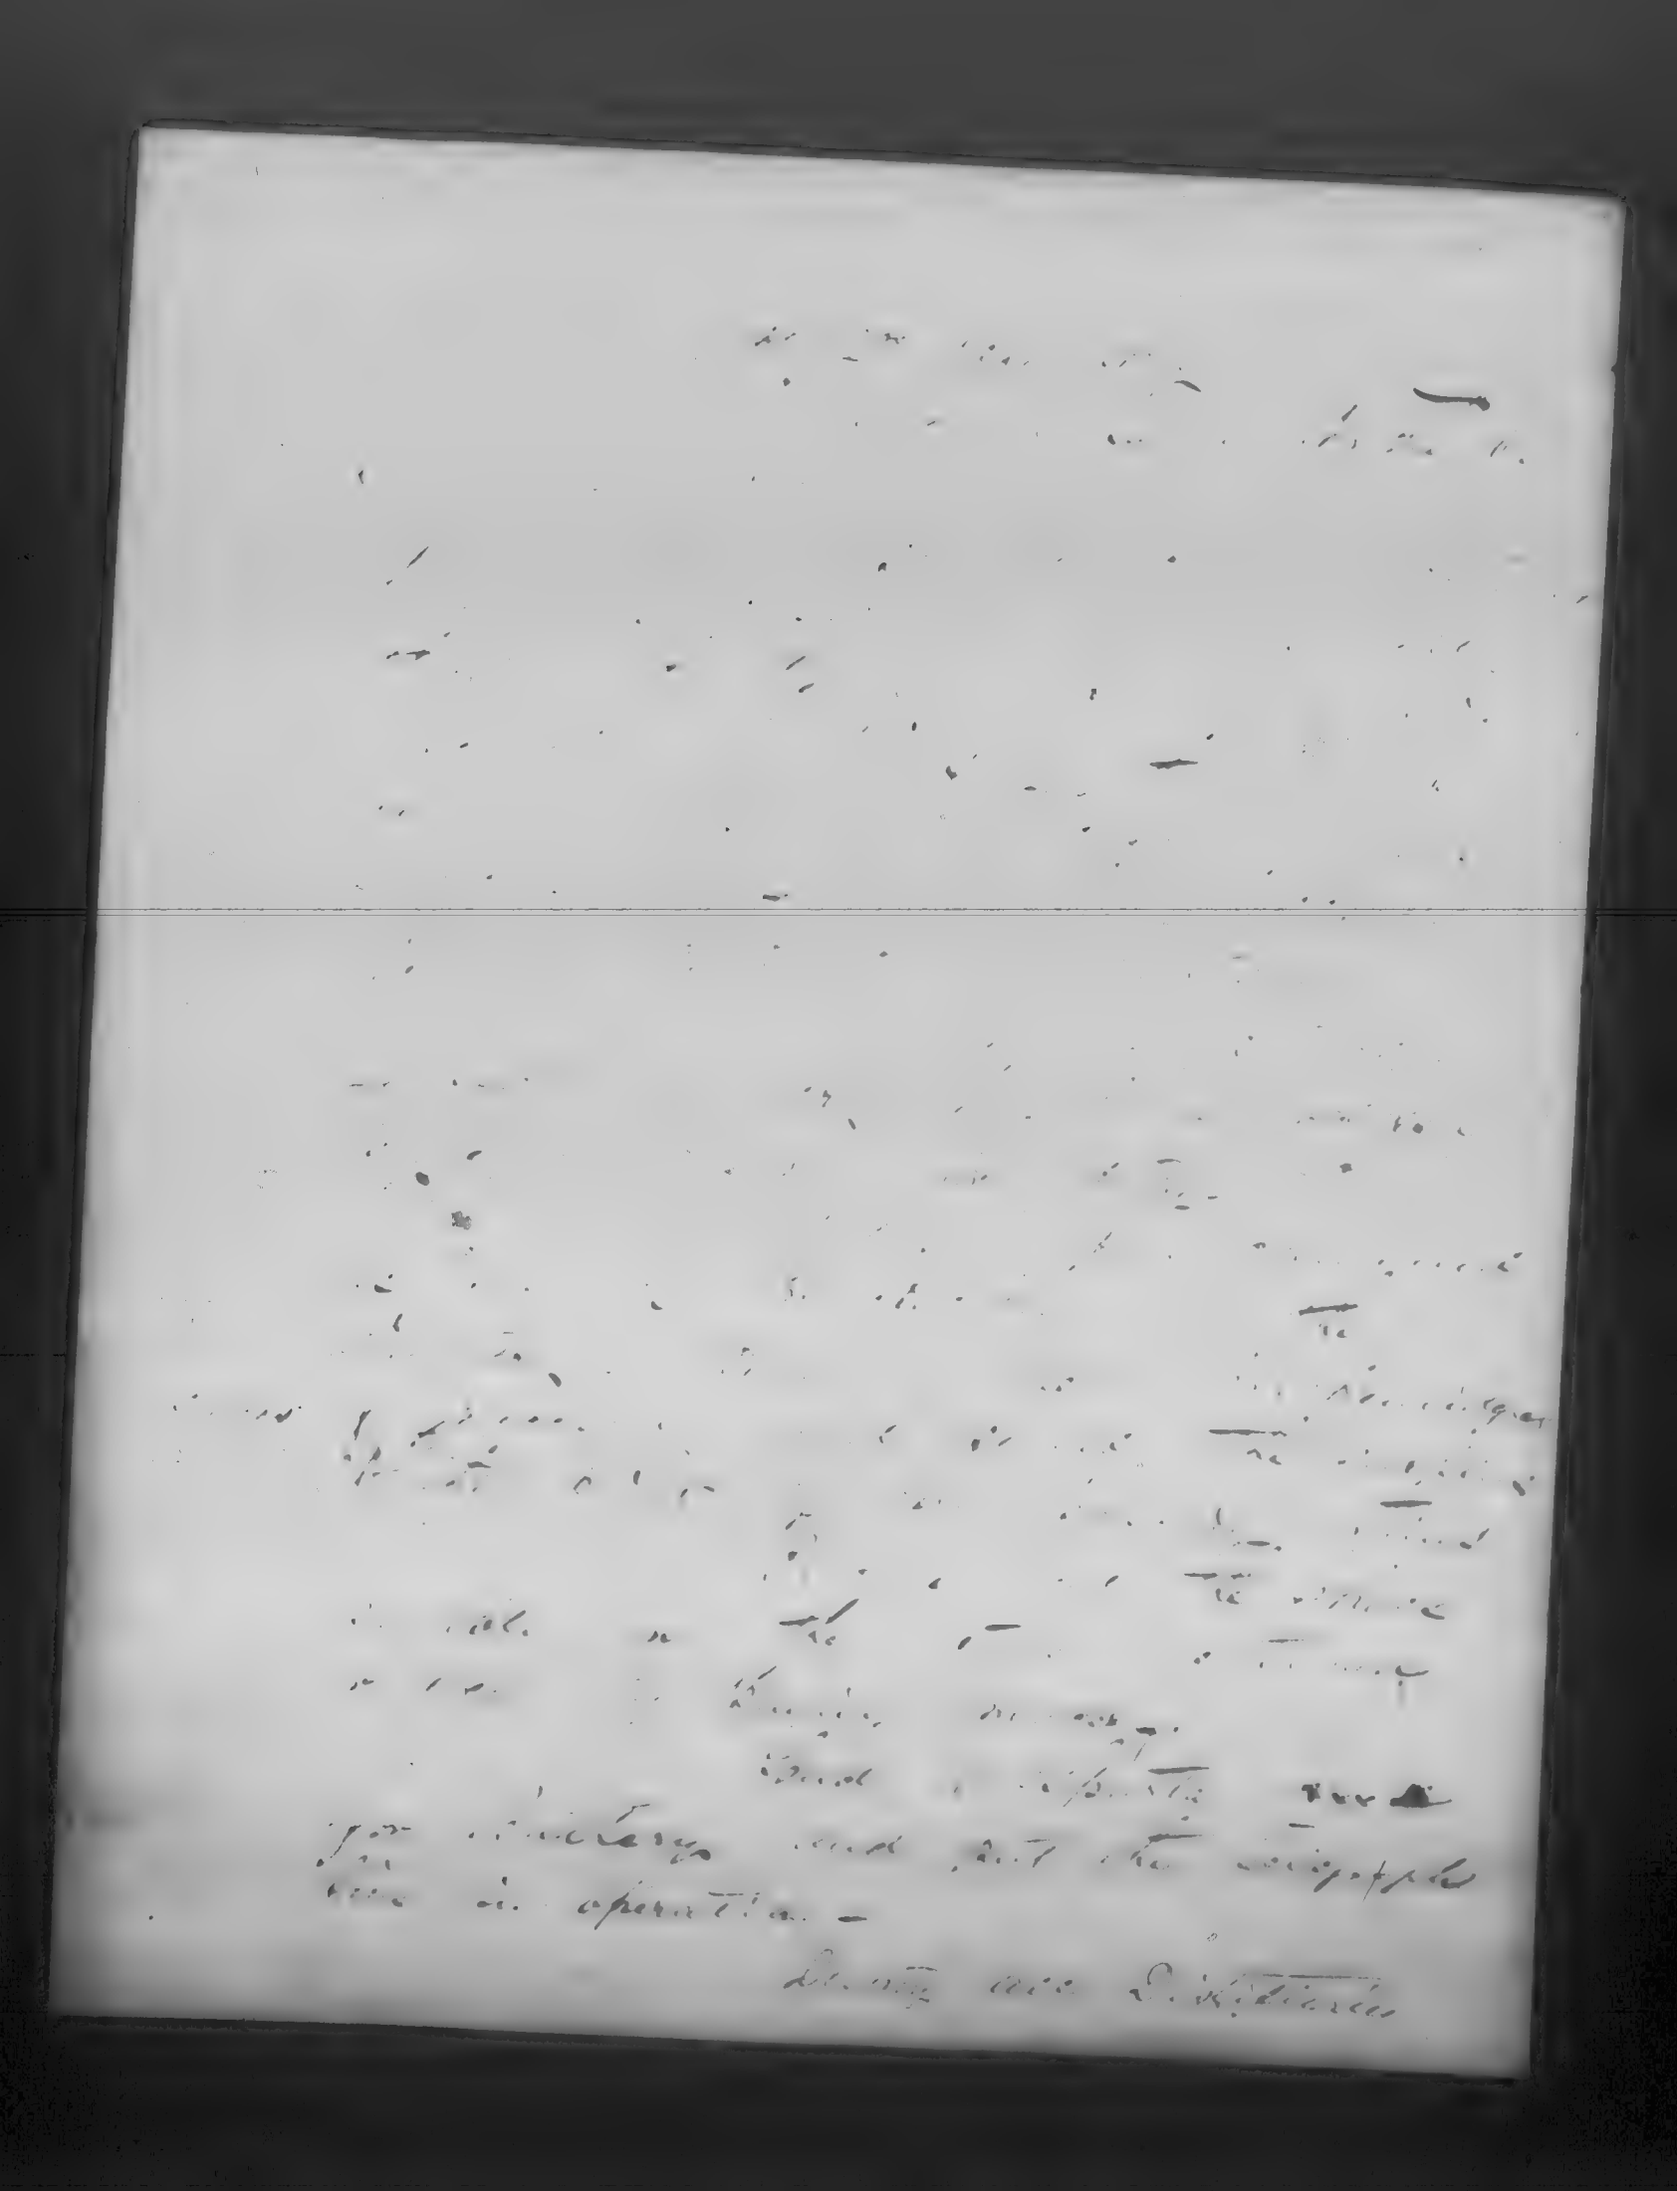

I also enclose requisition for Clothing for the Co[s] ~~now~~ expected between this & the 1st Sept in getting the Articles.

Very Respectfully

Brig Gen C.S. Army

Letter to Genl
G.T. Beauregard
recommending Lt.
Col. Marcus J. Wright
for Brigadier General.

Camp at Rienzi May 11th 1862

[illegible]

I take pleasure in offering my
testimony to the high qualifications & services
of Col Allen as [illegible] an Officer and
a Man and cheerfully unite in recommend-
ing him for the appointment of Brigadier General.
He served in the Brigade which I commanded
in the Army of the Mississippi until I was
disabled at the battle of Shiloh. During this
period as well as previously and during Monday
and a part of Sunday in the battle he commanded
his Regiment. One of the best drilled and disciplined
Regiments in the Service. He is an able and
efficient Officer and will undoubtedly fill the
position indicated with Credit to himself and
benefit to the Service.

Very truly
Your obt Servt.
B. R. Johnson.
Brig Gen. U.S. Army.

Headquarters First Division, Western Department,

Columbus, Ky., February 3, 1862.

GENERAL ORDERS }
No. 17. }

1. Col. Wickliffe, 7th Reg't. Kentucky Volunteers, is hereby relieved from duty as Military Governor of the town of Columbus, and will report with his Regiment to Col. Stephens commanding 2d Brigade of the 2d Division.

2. Lieut. Col. M. J. Wright, of the 154th Senior Reg't. Tennessee Volunteers, is hereby appointed Military Governor of Columbus, and he will be obeyed accordingly.

3. Lieut. Col. M. J. Wright is hereby vested with the power to adopt such rules and regulations as he may deem necessary for the preservation of the good order of Columbus as a military post, subject to the approval of the Major General commanding, and on making public these rules and regulations they must be obeyed and enforced.

4. Lieut. Col. Wright will adopt such measures as he may deem necessary to prevent the *egress* and *ingress* of citizens and other persons not belonging to the army at this post, and will issue his orders accordingly.

5. The commanding officer of the 2d Division will furnish the Military Governor with such details for guard duty as he may require. Other details that may become necessary will be made from these Headquarters on the application of the Military Governor.

6. Daily reports will be made to General Headquarters by the Military Governor, giving a list of arrests and prisoners, together with such remarks as may show the condition of the police of the town.

7. All steamboats arriving at Columbus, before discharging their freights, or permitting any of their passengers to land, shall furnish the Military Governor with a list of passengers for this post, and with their manifests. All steamboat captains will be held to a strict accountability for any infraction of this order.

8. No citizens or soldiers belonging to other armies shall be permitted to leave Columbus without a passport from the Military Governor, and all persons not belonging to this army, on their arrival at Columbus, shall register their names and places of residence at the office of the Military Governor, and obtain from him a permission to remain in town.

9. Captain W. J. Wheaton, of company A, 154th Sr. Reg't Tennessee Volunteers, is hereby appointed Provost Martial of this post, and will immediately report for duty and instructions to Lieut. Col. M. J. Wright.

By command of MAJ. GEN. POLK.

Lulls Cross Island

Cairo

24th January 1864

I respectfully ask a leave of absence for thirty days to visit my home. The reason for asking a leave for thirty days are that I have a Mother and Sister. and they are depending entirely upon me for a support or upon my efforts. and I would like to visit my home for the purpose of making some arrangements for the present year, with my limited arrangements at the commencement of each year the Mother and family have been enabled to make a support so far during the war which has been since the 15th of April 1861 I could not ask for thirty days if a less period of time would answer. I made application in Sept 1863 but was disappointed for that particular time as the nature of the case would not warrant it with propriety at that time. I had a friend to bother the little farm which I then wished to visit my home to bother. and would not at this time ask a leave it the circumstances did not call a long Every officer in our command except one has been home since myself and several of the command as often as two three times some leaves are now under way for officers who have visited their homes twice already since my self and I fear you will think the number from our Regt Brooklyn than ought to be.

as it may be necessary for me to state my business more explicitly I will state that I wish to visit my home for the purpose of hiring a negro or two and giving them a start in May Mother little farm.
with this I do most respectfully submit this petition.

I am Very Respectfully

M. P. Wright
Adjt 22d
Regt V.C.V

To
Genl Thos Jordan
Chief of Staff
Dept of S.C. Ga & Fla

This is to certify that M. P. Wright 1st Lieut was on the 15th day of April 1862 reenlisted for three years or the war and was on the 29th day of May 1862 appointed 1st Lieut and Adjt in the Confederate Army by the President and never has from the time of his reenlistment to the present received his reenlistment furlough.

Filed

Inspector Gen'l Office
Charleston. March 13. 1864

Lt. Col. Roman
Insp. Gen'l
Col.

In my report of an inspection of the 22nd Regt. S.C.V. on the 22nd Feb. 1864. I stated that there was no "regular Adjutant" This portion of my report having been referred to Genl. Ripley by the Comdy. Genl. to know why the Regt. is without an Adjutant. Capt. Sally, Comdg the 22nd Regt. says - "There is a regularly appointed Adjt. W. McD. Wright whose Commission dates 15th May 1862, and who is now absent with leave". I regret that Capt. Sally did not give me this information on the day of inspection, for I certainly understood him to say that there was no "regular Adjutant" nor do I remember any mention being made of Adjt. Wright. I consequently omitted him from the list of Officers "absent with leave".
As my notes were taken on the spot, I scarcely think that I can be mistaken in this matter.

Very Respectfully
J. Evans Edings

Sunday Decr 15
7th A.A.I.G. office "Capt McClure 1st Lieut 14th U.S.C. Infantry is temporarily assigned to duty in this Dept"

I pray the favor to make application that this order may be revoked. And Capt Wright be ordered back to his Company. There are three officers in which to Capt Wright. Lieut Commd & McClure, 2d Commd is wounded severely wounded & not expected to live & the other Lieut McClure is far duty with Genl Thomas for already he has made application to be relieved. Lieut McClure is disabled from wounds & besides being of delicate health. The probability is he will have to be relieved soon, which will make Capt Wrights assignment to Engr Dept. will leave the Co entirely without an officer.

Capt Wrights application was made without my knowledge for had I been cognizant of it I would have protested against it. he being the only officer in command of the Company (134 K) of my Regiment

Col: Wladowski-
Ch. Ord. Dept. No. 2.
Oklahoma, Miss.

Col:

I send by Capt. Johnson, the 1 Battery of 4- Rifled 6 Pdr. Guns- Complete, with 360 Rounds of Ammunition; just one half the Amount Captured -

The delay has been unavoidable- this being about the 2d bright day since their arrival-

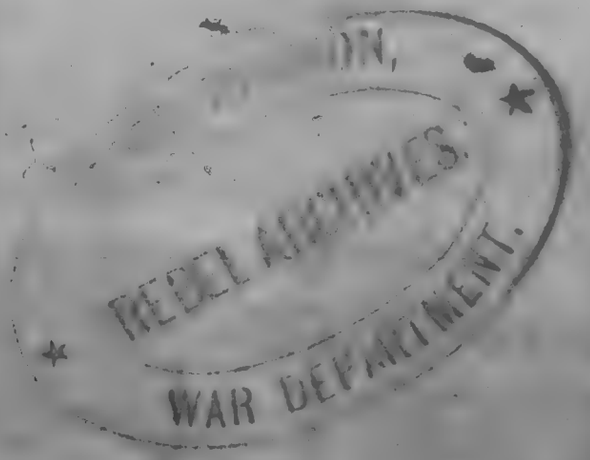

I left Capt. Johnson here in accordance with your dispatch, directing me to send the Guns by him-

The 2d battery Consists of 2. Rifled Bronze 6 Pdr. Guns & 2 Iron 12 Pdr. (same Calibre as 6 Pdrs) Wiard gun Rifled- is nearly ready & will be forwarded as soon as completed - with the remaining 360 Rounds Ammunition -

The new Rifled Shell, with "papier Maché" Cup is very good - the first Experiments with it was made about 1859- but it was not very satisfactory then -

Atlanta Ga
Camp 23/63

Jr H. Waite
Maj

Dec 25

The great advantage in the shape of the shell is its principal recommendation -  - giving the principle of the feathered arrow - & insuring the point to go foremost always -

I have given directions to the master laboratorian to put in each box complete & full instructions how to use the shell - & it would be well for you to call special attention to them - The Enemy, with all his skill, took such good precautions against accidental explosions, that I expect but few of his artillerists ought to do undo their all, so as to get one when he wanted it - to explain -

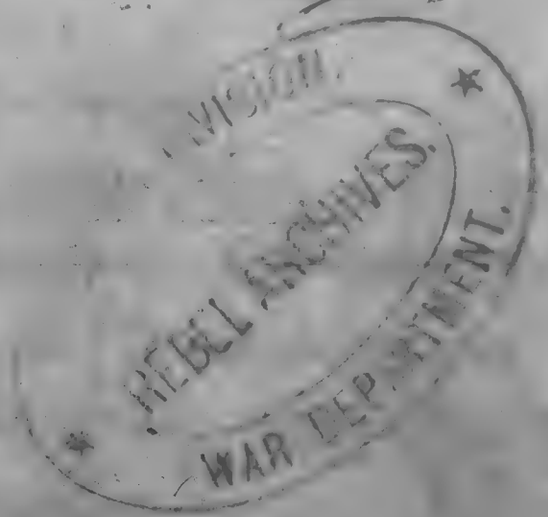

As the shell now stands -  it is for transportation - for a screw holds the percussion plug - & in addition the top plug has a countersink thus ⌓ - so that if the screw even is loose the shoulders of the movable plug will strike the top plug - & protect the cap - to fix it - take out the screw - then insert the top plug & you will get a smooth service & the cap is bound to explode - I had the screws all taken out - as unnecessary - & so as to prevent a mistake - now it is only necessary to insert the top plug & its ready to fire -

Respy -

to fill your wants – for the Arsenals in the various Customs of the Country call upon or near anything from the Arsenals in their vicinity – We will do all we can – but it takes time –

As for the Pages in proof &c – not being well put in – I can only say – that every page is cast in the same mould – turned & the threads cut in the same lathe – & the threads in the Shell cut by the same tool that has been used since I have established the Arsenal – The identical dimensions, relative & absolute, are the basis used in every case – of course new tools have to be made now & then – I do put White Lead – but its only to prevent the page from getting loose by transportation –

We have had to overlook a great deal of Ass.ce – from other Arsenals – but try to make it all good – puncture & flesions very often occur by cutting the page in wrong place in burnishing on Plaster and for a Box of the fallibility Ass.ce: for no one is more anxious or willing to correct mistakes & errors, than myself – & I hope you will always report them – & make any suggestions to remedy the evil –

Col: H Gladowski -
Ref. Ord. Dept -
Tullahoma, Tenn -

Colonel:

I have the honor to acknowledge the receipt of Your letter of 26th Inst. making inquiries concerning Small Arm Ammn for Cavalry -

I have on hand - 200,000 - Enfield Rifle Gun - Ball & Navy Pistol Cartridges - As for the Maynard, Burnside & Colt Cartridges, I have none - Neither can I make Cases for Cartridges for them at my Laboratory - I am trying to accumulate for your use - but last week about 20 different Requisitions came from your Army - Offrs - & because all could not be supplied at the Depots, I'm told to work on them here - I am increasing my Ammunition every day - & have applied to other Arsenals - but You must understand that they give me but little or no aid - & try & remember that it is our Arsenal that is trying

The 2 L Rifled Battery will be ready as soon as the weather will admit of our painting the Carriages &c —

I sent you an accurate list of the guns captured — & at least one to this Arsenal after the fight of Dec. 31 —

Some of them say that 2 Parrott + one steel gun, which was not captured — but belonged to their Command — the Parrott gun to Wharton's Brigade — It will be very difficult to prove the Am: captured — I mean like that Captured — the difficulty of selling lead & "Papier Mache"

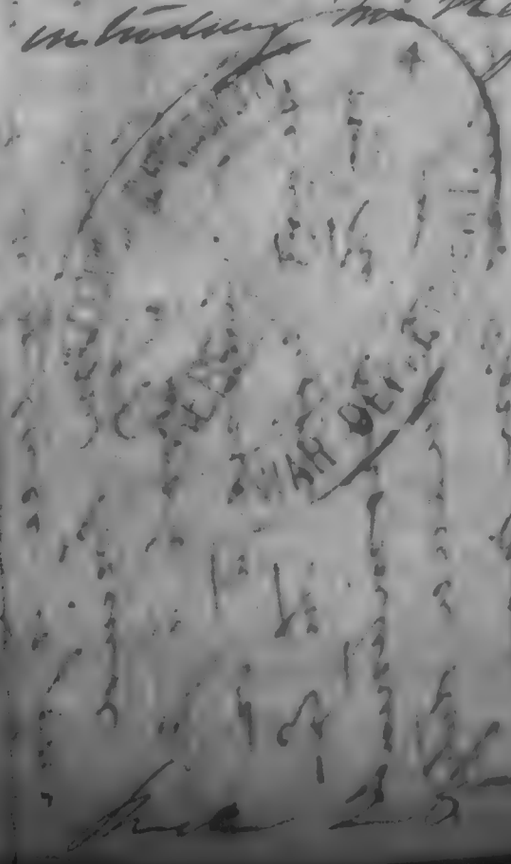

Your instructions to send Lieut. Brannegan — 1 steel & 3 — 3 Inch Rifled guns — cannot be filled, out of the captured guns — as my list will show — 2. 3 Inch steel & 2 — 6 Pdr Brass (2.82) can be sent — including one steel gun sent from me after return from Kentucky — Or Brass 6 Pdr & 12 Pdr Howitzer may be sent — I am selling the 2 steel & 2 Brass only — or if you desire I can send a 3 Inch Rifle in Room Ba—

Col:

I have the honor to acknowledge the receipt of yr. dispatch of the 8th directing Capt. Johnson to return &c -

From the tone of it, I fear you misunderstood my dispatch in answer to yours for the 6 Pdr Rifled guns - in which I said, "Captain Johnson said the Artillery would be down last night - but find this morning that the 6 Pdr. Rifled guns have not arrived - Train supposed to be at Dalton"

The Train of Small Arms came all right under charge of Capt. J. & I understood that the Artillery was not under his charge - but was sent by Capt. Humphries - I think this statement due to Capt. Johnson - & in dispatching him to return -

I have the honor to acknowledge the recpt. of Yr. Communication of 28. Inst - inclosing Report of Board of Survey, condemning certain Caissons & Wheels issued to Lt. Brown for Capt. Slocumb's Battery -

In reply I have to state that some Caissons & wheels were furnished to Lt. Brown for the Army -

As to who made the Caissons & wheels, or who inspected them, it is impossible for me to tell - They were all old Caissons & wheels turned in by the Army, for repairs. They were repainted & repaired at this Arsenal - We do not build gun carriages here entire: but try to repair such as turned in - One new Carriage or alone has ever been built here - which will go up with the Eight 12 Pdr. for [redacted] this battery, on

DIVISION
NATIONAL ARCHIVES
WAR

Monday next — For work made now I am responsible - for that done at other places, it cannot be fair to hold me responsible —

You will know the great variation & the little attention paid to Manual details by the hundreds of Contractors in the Confederacy & the great difficulty, even with them skilled in such matters, in complying strictly with the Regulations —

The Carriages &c. are sent here, with instructions, to "put in repair as soon as possible" —

The Caissons & wheels are condemned in this language — eg: "We find the Caissons & wheels unfit for service" & recommend &c" — &c — Now how are those having control of such matters, to correct any errors - & the service to be benefitted by such reports? Had they been in long use & in repair thereby, it would be easily understood — but for new work - or apparently new, how are we to tell wherein the defect lies? — Was the wood unsound? — Was the boring no account? Was there bad workmanship in putting together? Were there any other errors in dimensions other than

that the Carriage boxes would not hold required
requisite number of rounds? What was the
matter with the wheels? Were the boxes too small?
the spokes rotten? or wherein was the defect -
the above queries, we can learn but little data
whereby errors may be corrected -

Shall I lay aside all the
old carriages turned in - & build new
ones? or what course am I to follow
to give satisfaction?

I have had some Ammunition
for Small Arms, sent here as unserviceable
Carefully examined & gauged - I find very
little Ammunition to fit any requirement - some
that was overhauled, the cartridges contrary
to instructions, failed to have the balls waxed,
& are too large for Enfield - but very Cartridge
for Buck & Ball fitted as well as any Cartridge
in the World -

Suppose that they had been too large -
why not issue them for English Muskets B.B.,
instead of sending all the way back here;
& by the same Train, Requisitions coming
for English Muskets Cartridges? -

I think that it will be found that

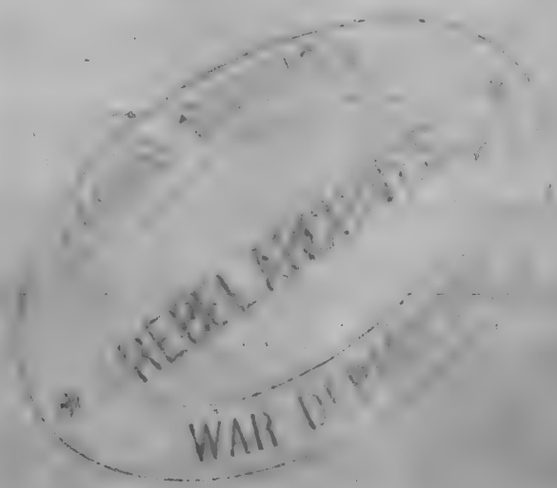

that the Trouble for the Enfield Cartridge proceeds by arises, from this fact - 1st: that is a gun, similar in every respect to the Enfield in make, with Saber bayonet & all, but is only Calibre 54 - it is built on the Continent - & may be distinguished by the Check piece - It will be taken by them in lieu for the short Enfield, & great care should be taken to prevent such an error -

When told of error, & pointed out that they can be corrected, it is but our duty & pleasure to prevent this re-occurrence -

Col:

In answer to Your letter of 16 with
reference to Saddles furnished Col. R.D.
Reddy - of which complaints have been
made - I beg to state that no Saddle made
under - of this Arsenal can bear a torso touch -
the greatest attention has been paid to the
shape & finish of our trees - I have issued
hundreds of Saddles from Richmond & from
Columbus Ga - & feel quite certain that
the Saddles furnished Col. Reddy, are not
of the One Thousand sets sent from Richmond -
though I can't be positive - The Columbus
Saddle I must say, I consider rather inferior -
From the Boxes the Ordnance Officer of his
command, should remember, whether they were
newly issued from here, or were made here -
They are all to market as to enable this
distinction to be made - I regret to say that
I am only Made about 150 sets per mo. at my Arsenal -

Col. K. Chadowski.
Ch. Ordnance.
Tullahoma Tenn.

Sir;

I have the honor to inclose herewith, drawings from the designs sent to this office of 6 Pdr. Solid Shot and Spherical Case. The drawings are exact and true copies, of the designs sent, but as they are offhand I cannot understand them; the cup is to be made first to the shot, nor do I know of what material the cup is to be made. There is no explanation, of any kind, accompanying the designs, and none of us can understand them. In regard to the Spherical Case Shot, from the dimensions given, the form of it will be almost impossible for any one, to make a casting, and perfection, and the same difficulty exists, as in the Solid Shot, in regard to the manner of putting on the cups.

The drawings are made on the same scale, as furnished in the designs sent of the four sizes. If you can have them explained in detail, I will try & have the work done, if it can be, for the sake of experiment.

I am Colonel, Very Truly.

REBEL ARCHIVES

C. J. Journal.
Atlanta Georgia.
March 25th 1863.

Colonel.

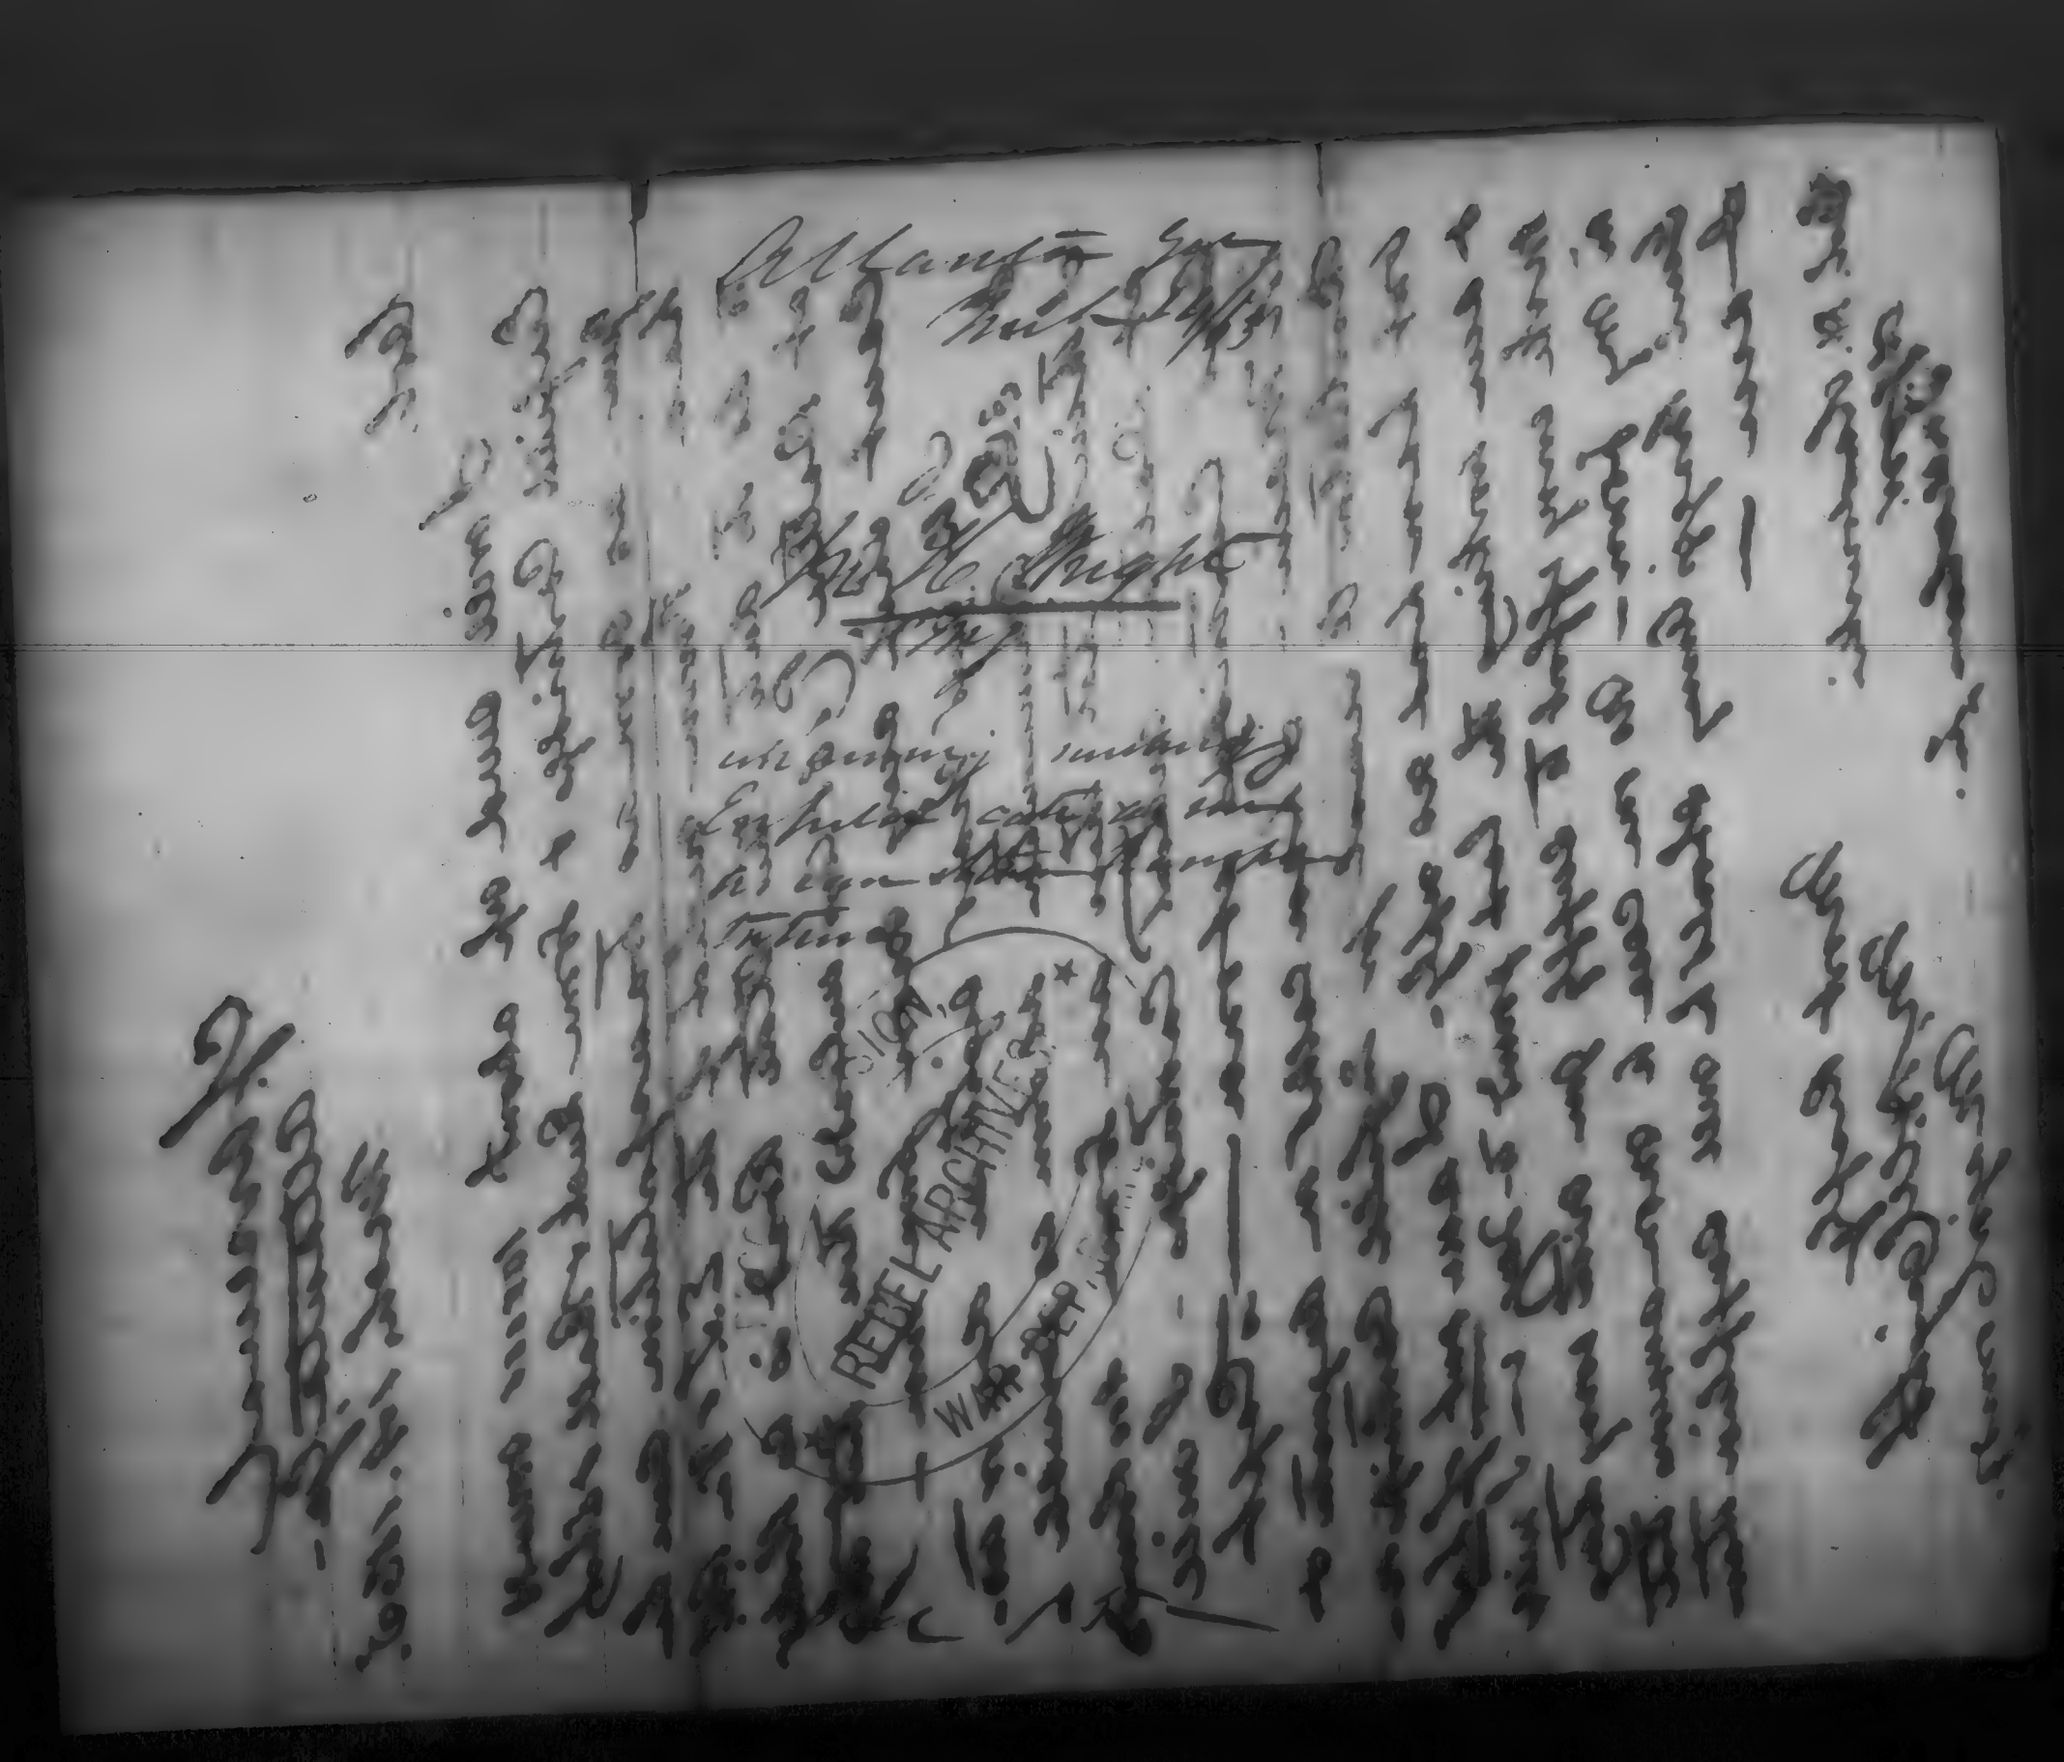

Genl Johnston directs by a Telegram of the 21st that Five Hundred (500) stand of small arms be sent to Genl Gantt, at Pollard Ala.

Having received orders from the Chief of Ordnance to ship all to Genl Bragg - which placed them entirely to his orders, and as General Johnston commands the Department. I've made the shipments, as it would be useless to ship the arms to Tullahoma, and then have to send them back.

I have one (1) 10 Inch Parrott Gun ready for use, and one shot in case 9 Inch Rifle guns, but no other Parrotts. I will get the 2 Howitzers in order at once, and have the Platts reamed as requested.

I send Harvey - but have no Collars extra, will send a few this week, also the Leather ordered.

I sent Capt. Fitts to Tullahoma, as ordered by Genl Bragg dispatch of the 19th. You will find it to be a Failure. I shrewdish, very difficult to work Guides. Even if successful, [illegible] advantage would it have over the Rifled Guns! and then very it is easy to Rifle any Guns or Mortars.

Copy.
Private

Col J Borgas
Chief of Ordnance &c
Richmond Va.

Sir

You will please pardon me for thus intruding your time and patience as well as humanity & will excuse the subject

I have sent you a letter some days since complaints as regards the conduct of the Capt. Police. I need scarcely tell you that this is a subject of just such importance the Generals as have under my control - must confess that - am at a loss to pursue. for I really cannot think that in this land of ours we can clap the shackles & such as Slaves & Negroes are & have been accustomed & command obedience & bow to the ought & to C. for myself & my command & our comrades and our best feelings & things of strict rules of Military Etiquette, nor even the ordinary usages - they are not used to it - neither are we & no doubt many of our best officers will find it very difficulty in observing any ordinary discipline with volunteers, equally unused to it. I enclose you a copy of a letter I wrote to Capt Smith & you may have cause in my opinion to dismiss me to do the best for the common cause

If you are acquainted with Capt Smith you know some thing of his learning manners &c & how they would be adopted to our common laboring men & will be many of the better order

The object of this communication is principally to request that if you can do so you will place Capt Smith from duty with me in such a manner as not to wound his

and give him a place where he will be satisfied - I know he never will be where it is, and can never get along with those people

I prefer even to risk this method with you than to give offence by doing so officially to a fellow Officer and one seemingly so ambitious & desirous of doing what is right - wishing that he may be assigned to duty in the field where he will be more easy for I feel satisfied that he is not calculated to the Ordnance Officer who has to deal with so many sorts of people - more naughts with shot & shell at the Enemies.

So far as my personal acquaintance extends though very limited, I am satisfied of his high character & gentlemanly bearing - but I just know that but little good will result from the present state of things & for the sake of our own comfort I make this request.

Very Respy

Colonel

I respectfully report that in about four weeks my stock of Shotcartridges will be entirely exhausted. —

I've succeeded to obtain several tons by stripping old Ammunitionchests, sent here from the front, and in this manner I have managed to obtain sufficient quantity to work for a few weeks longer. —

Will you please advise me where I can obtain a supply to enable me to continue work, that I may not be obliged to stop the production of Boxes. Caps at a period when they will be so urgently wanted throughout the Confederacy. —

I am Colonel

Very respectfully

Your obedient servant

Lieut. H. Wright

Fifty Third

Brooklyn, N.Y.

Relative to hanging

rebel from Richmond

Rec'd (Copyist Dept) Feby 5 1862

Ordnance Office
[illegible]
[illegible]

Col. [illegible] Tracktail
A. A. Genl.
Boarding [illegible]

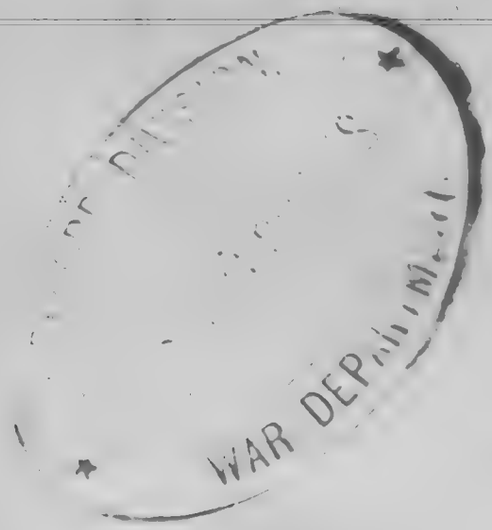

Sir.

I have the honor to inform the General Commanding [illegible] I have this day [illegible] addressed a Requisition, in triplicate for [illegible] stores, by the Chief of Ordnance at Two ten Inch Columbiads on Sea[illegible] Columbiad, two 42 pdr. Field Guns with Carriages &c. &c. for the armaments of [illegible] Batteries [illegible]

Still [illegible]

[illegible]

be shifted, so as to prevent any
unnecessary delay [illegible]
Arrival at the [illegible]

Col. Mackall, A.A.G.

File

Ordnance Office
Nashville, Tenn
May 1st 1862

Col. W. McPherson
A. A. Genl Corinth Miss

Sir:

I wrote you a letter a few days since relative to the allowance of the General Commanding to the subject of forage [illegible]
[illegible] I now again call your attention to the subject as we will not consider ourselves responsible for the loss of [illegible] I venture to trouble the General on the [illegible] subject.

[illegible]

Richmond informing me that my
claim can not be attended to at present
owing to the Treasury Department being
very much in arrear &c —

I cannot now pay the money
call at present — but I assure you —

I will as speedily as possible
cause my request made to all
persons allowed to call Extra —

I am most obliged for your
kind letter from which I shall
be often — & I can assure you
I am much pleased to find
myself up about the Treasury
I shall — I trust will please
any one, from the reformation
my duties —

Please remember me to Mrs Cornell & tell her that when she can
down here I can let her
I regret deeply to be that my
that we were not in time

I would call your own attention for a moment for Jr. experiment on the field - & ask how many of the Enemy's Rifle Shell, in proportion to their number were not loaded -

They had very faintly - very efficacious & Rifle could command - & yet if not mistaken I've been told, that but comparatively few of their shell exploded -

I am getting up 3. h. 3 3/10 & 3 1/10. Rifle Ammunition for you - The 6 & 12 Pdr. in an putting up instantly -

Everything will be again with me all dispatch possible -

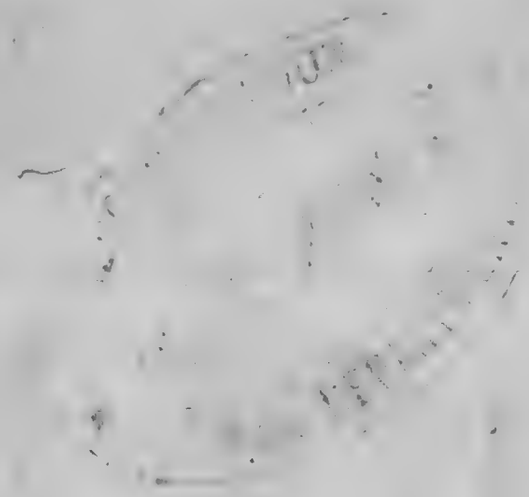

As for the leather - the loss alluded to is only attributable to the drying of the leather - It is common & unavoidable - & Col. Stoddard can only account for it in that way -

The leather was carefully weighed on a large pair of "Fair Banks Scales" - & the Inspr Richards very might - attended in person to it - & by Military Store Keepers & Clerks are generally very accurate - I was in the Store House myself, several times whilst the leather was being weighed -

Respectfully
Your Obt Svt

Rec'd July 2, 1962

Ordnance Office
Washington, D.C.
January 2nd 1862.

Col W. W. Mackall
A. A. G. Headquarters
Sir:

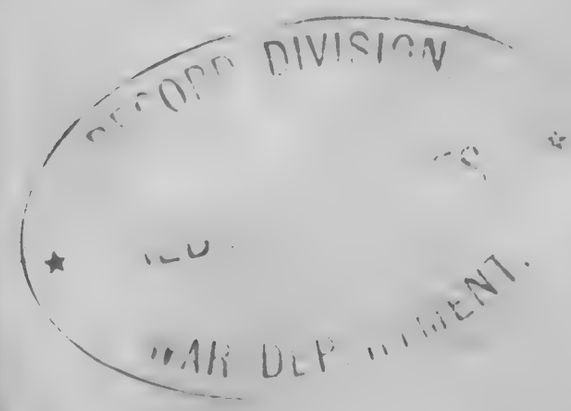

I have the honor to inform the Major General commanding the Department, that, on yesterday morning at 9 o'Clock, a special messenger from Knoxville, arrived, with applications for Sabres from Capt. J. H. Morgan 2nd Regt. Cavalry Ky Vols, requesting that they be sent forward without delay—

I accordingly had packed, & sent forward by the afternoon train of the same day, Accoutrements & Equipments for 3000 men—consisting as follows, Musket & Pistol Cartridges, Ball & Buck-shot & what field ammunition there was on hand—in charge of the messenger.

This morning at 7 o'clock I received the General's communication directing

by Sons of the Constitution —
I about one additional round
for 6 Pounders, must by boat up the
with some other articles, mines,
port fires &c — — Cartridges for
Rifled Guns —

I was unable to raise
any Musket Ammunition, owing
entirely out of Lead having been
excepting what was
Donaldson & Henry, which I
was ordered home for. Officers
not to divert from those placed.
I have applied to Genl Ma
Arsenal at St Louis, who
can reliably inform me if any
Lead can be had & requested that it be forwarded
with Special Messenger &
will no doubt be able to supply
them my self —
any exertion I possess
City and of which
I got it all,
time, as you may remember —

THE SOUTHERN TELEGRAPH COMPANIES.

Terms and Conditions on which Messages are Received by these Companies for Transmission.

The public are notified that in order to guard against mistakes in the transmission of messages, every message of importance (except in cases where the sender is a newspaper publisher) should be repeated; that is, sent back from the station at which it is to be received to the station from which it is originally sent. For this service one-half the usual price will be charged in addition to the usual rates. This charge will be paid by the sender of the message, unless he shall have given notice to the contrary at the time of sending the message. And while these Companies will use reasonable diligence in the transmission or delivery of repeated messages, they will not be responsible for mistakes or delays in the transmission of unrepeated messages beyond their own lines, nor for mistakes or delays in the transmission or delivery of repeated messages beyond their own lines, unless they be responsible for mistakes or delays in the transmission of unrepeated messages on the lines over which they are transmitted. These Companies will not be responsible for interruptions in the working of their Telegraphs, nor for any mistakes or delays in the transmission or delivery of any message, when such interruptions, mistakes or delays shall be occasioned by unavoidable accidents, or by the interference of the elements with the lines of communication. All messages will however be transmitted with as little delay as possible, and these Companies will not be responsible for any message not delivered within a reasonable time after it shall reach the place of destination.

My Dear Colonel

Your letter of the 1st inst was
by Lieutenant Conard, this morning—
If the Lieutenant was here, I mean
stationed here, I could give him plenty
to do— but as I now have with me
3 Lieutenants & a Military Storekeeper with
addition, I dont see how I could find
for him— I think he would be a good
hand to work & attend closely to his duty
which goes a long ways with me— as I
do detest lazy & young dressed up men who
will do nothing but give orders—

I am getting on very well— Will be able
to supply you all the Cups, & most of the articles called
for in your Requisition— except the Sets of Saddlers
Tools— I'm having many of them made & will get them
to you in a few days—

I send to day three sets of Harness Saddles &
Hampshires— price $30.00 per set complete— I send some
Artillery Harness to-day also—

I hope you will soon get the

I telegraphed yesterday as follows. "Stop the filling of percussion Caps until you ascertain that your fulminate is good."

Nothing gives me more concern than the reports rec'd from Major Mallet as to the bad quality of percussion Caps produced at your Arsenal for the past few months. and the Complaints of bad pickin primers rec'd from various sources besides the report of Maj. M.

Stop the Manufacture of these articles entirely until you are satisfied that reliable Caps and primers can be produced and impress upon the Officer who is Inspector of Laboratory the absolute necessity for his personal attention to this matter. Hold him responsible for the good quality of everything produced.

Please to let me know which of your officers is assigned to the duty of Inspection.

I am directed by Col Gorgas to make the following extracts from Report of operations in Genl Longstreets Corps recently recd. by him

"The only fault being as before the frequent non-explosion of the projectile. The fuses were those put up with the ammunition that for the Napn guns being from the Augusta Arsenal and that for the Rifle guns from the Arsenal at Atlanta. Some long range fuzes, also made at Atlanta were used with no better effect none of them time, ammunition being primed"

"ammn for the 20 pdr Parrotts and 24 pdr Howitzers Batln could not be obtained at Atlanta and as the a supply was ordered to be made at that place early in September none was obtained until the Command was on the point of leaving Chattanooga in November last. This scarcity of ammn seriously impaired the utility of the 20 Pdr Parrott guns which with a full supply would have been of great service during the operations

on deserters. Printing prisoners
from this Journal.

Confederate States of America,
WAR DEPARTMENT,
ORDNANCE BUREAU,

Richmond, 17 February 1864.

Colonel -

I send you an extract from the report of Col' B. G. Baldwin - on the subject of friction primers.

"The friction primers in use at the Charleston Battery, the fabrication at Atlanta, Charleston Arsenal, and Richmond Arsenal. Ignited, from the Battery, upwards of the proportion of each of these Arsenals. Those from Atlanta, were made in the year 1863. Of the hundred of these, tried under the most favorable circumstances, nine-tenths (9/10) failed. Cause of failure. The wire-cutter, one of four material, badly annealed, and being too tightly clamped in the short side. broke off in making connection & slipping through the friction composition. The primer has generally been applied at the Batteries, and seem have been given to them all from it."

Respectfully Yours -

REBEL ARCHIVES.
WAR DEPARTMENT.

THE SOUTHERN TELEGRAPH COMPANIES.

Terms and Conditions on which Messages are Received by these Companies for Transmission.

The public are notified that in order to guard against mistakes in the transmission of messages, every message of importance ought to be repeated by being sent back from the station at which it is to be received to the station from which it is originally sent. Half the usual price for transmission will be charged for repeating the message, and while these Companies will as heretofore use every precaution to insure correctness, they will not be responsible for mistakes or delays in the transmission or delivery of repeated messages beyond five hundred times the amount paid for sending the message, nor will they be responsible for mistakes or delays in the transmission of unrepeated messages, from whatever cause they may arise, nor for delays arising from interruptions in the workings of their Telegraphs, nor for any mistakes or omissions of any other Company over whose lines a message is to be sent to reach the place of destination. All messages will hereafter be received by these Companies for transmission subject to the above conditions.

No. 1 Arsenal Atlanta
July 18th 1864

General

I have the honor to inform the Genl. Comd
that in obedience to instructions received from Hd Quarters
through Col. Gladwin Chief of Ordn. I returned
to Augusta all Material for the Laboratory of ammunition from the 17th inst. which supply would
be handed on the 20th inst and if it is found to continue
the operations of the Laboratory, it will be necessary to tele-
graph for additional supplies - I beg to state that during
the recent suspension of active operations we have accumulated
a good supply of ammunition - so much so - that Col.
Gladwin has gone to Macon to make arrangements for
storing his supplies at that point

I am, Genl.

Very respectfully

Colonel:-

Referring to your "Weekly Statement of Ords. Stores and Issues" May 6th I observe that the Ammunition received from the Field Depot was taken up on the report. This will cause some Embarrassment in making entries - since the Ammunition so charged to the Armies in the Field is and must appear on the Expenditure on the Statement for those armies. Perhaps it would be well enough to make this correction in the future reports by deducting the Amount received from the "Field Depots" from the Amount issued this time. Other items have not been noticed, but may be, hereafter, if necessary.

Respectfully

Your letter & one from Maj: Riley asking for "Pin Balls" rec'd this P.M.

I affirm to Maj: R. that I was unfortunate to make them, having no tools, forms &c - ready, & would be much delayed to make them -

I've telegraphed to Messrs Augusta & Charleston for 50 - & hope to get them -

It would interfere with my laboratory work very much to stop my lathes & put them on Pin balls just now & my force is now too small -

No doubt I'll get them from Charleston when Ordnance Quantities have been made for Summer -

Very Respy -

Your letter of the 9th inst. is received.
I am directed by Gen'l Gorgas to say that we have done all in our power with regard to the subject of wages, and a letter is this day addressed to you authorizing the use of any funds in your hands, in the purchase of provisions for issue, at cost, to your employees.
In special cases you are hereby authorized to advance the wages of men of family, to an extent not to exceed $25, but only when you think they will be benefited thereby. But no general increase can be permitted as it would tend to increase the cost of living, and instead of alleviating the distress I want alluded to, only increase it, as the currency being depreciated to that extent, causes an advance in the price of provisions.

Very respectfully
Yr. Obt. Servt.

Ord Bureau
Richmond Dec 11th

Col

In reference to the subject matter of your private letter of the 4th I can only give you general advice.

Send off to Macon all surplus stores, advising before hand with Lt Col Taylor.

Make as many unfilled Cops as you can working the machines extra time so that a removal will not interrupt production - Send the unfilled Cops to Major Mallet

Keep your tools & accoutrements ready for a sudden move as you can

Have boxes or sacks, for packing small stores, ready to pack

If box cars can be procured a couple might be prepared quietly, with locks so that you might pile in your tools and small stores without packing.

Majr Genl W. H. Wright

Colonel:

In answer to Department's letter of 24th inst. referring to a letter from Lt. Col. Oladowski concerning the supply of ammunition, I have the honor to say that no efforts have been spared to meet all his demands & it seems strange that he could not get 5000 Enfield cartridges for formal Morgan — I beg to attach from his Official Report as follows - dated Jan 30.

Total Small Arm Ammn 5.356.617. Rounds.

Of this Quantity there was for Cal.
57 - Enfield Rifle — 2.059.595 Rounds
58 - Rifle Musket — 696.650 " "

Since that date I have received from him - Total - 1.215.060 - Rounds.
Of these - Enfield Rifle — 490.200 — " "

WAR DEPARTMENT.

Mechanics (Trades) of Common Council be enlarged —
Now in my office I have two Clerks & an Assistant — If I am to be responsible for my papers & my Accounts, I must be allowed my choice of Clerks — I must have a Confidential man I must know — In the Store House, Common Clerks are needed — They must be of the same class as above — for in addition to the great responsibility of the Store Keeper, the Labor is very great — A Without Confidential Man, whose Confusion must follow in every step —

Again there is no place, where Common Labor is more valuable than at an Arsenal — If we have the Stone, Lime or Brick to work with, we would, soon have a pretty State of Affairs — They will be half the Time grumbling & in Jail — If it rains they cannot go out — If emergency calls on at night, we cannot Turn them out —

If Efficiency is desired, it is Important that Those who are held responsible for the Management of a Manufacturing Establishment, will be allowed to decide what is necessary — When his judgment can be relied on, & Time to decide him — Not a dozen Common Laborers are employed here we I assure, Gentlemen

Colonel:

In answer to your communication of 3rd inst. with reference to [illegible] "Credit for field service" - I beg to state, that it is a very difficult question to answer -

Nearly all of my hands are skilled workmen - & to reduce them by Order, would be unjust to the service, especially at this juncture, when I am obtaining every facility to provide for the Coming Campaign -

Of course many could often on day bills as laborers - When they are really more skilled in the work they do - viz: in the Laboratory & any experiments taught me that of the 4 grades of the Branch the Laboratories require more labor & experience on the part of the workmen than any other - Contrary to the usual custom, I allow my boys of this in the Pyrotechnic Branch of the Laboratory - Even Colonel they are boys to climb from [illegible] - cutting, Rockets &c - How can they be allowed to fill a fuse from fifteen minutes - if you think proper to, you should have good hands - The men in my Laboratory have been with me some years [illegible] - I know all about this work & I should regret [illegible] to have to give them up -

Sir:

I have the honor to report that in obedience to the instructions of Gen Johnston, Comdg the Dept of the West, I have proceeded to secure appropriate buildings for carrying on the business of the Ordnance Department in this City, & am making every exertion in my power to repair, as speedily as possible the loss occasioned by the recent disaster (on 23d) by replacing the Ordnance stores destroyed. I trust that I may be able to supply the demands. Much time & labor will be necessary to replace the supplies lost by the fire, reported in my letter of the 23 The damages were very considerable & heavy, consisting principally of the following Articles, as well as can be remembered, viz: About 450 Single Set Artillery Harness. 250 Cavalry Saddles & Bridles. 14,000 Infantry Haversacks. 3000 Knapsacks

1000 Cav Stars and Sticks. 1000 Sets of Infantry Accoutrements complete, except Oil plate. 500 Reams Cart Paper, 5000 Cartridge Straps. 150 Refitted Sea Rifles 50 New O.B. Shot Guns, 100 Sabre Bayonets. 1000 yds flannel. 200 Gun Locks. 1000 flints, 1000.000 Percussion Caps. 1000.000 Patent Caps. 1250 Mess Kettles 50 Sponges & Rammers complete. 50 Sabres. Steel or Iron Case of Rockets. 40 Friction Primers. 2 set Sword Knot tools. 100 Cav Saddle Pistol Holsters. 110 Iron Mounting (empty) 1 Cask Spermaceti Oil 25 Gallons Alcohol which I think are entirely covered with the Wreck of Vessel. 1 Cask Tallow Oil &c. 5 Carboys Nitric acid still on hand. I think it will be secured. Several Hundredweight worms &c. for artillery Hot Shot furnace. Ladles. Tongs &c.

All of my papers, including all my drawings, Specifications &c for the Ordnance Service - except my Cash vouchers & Check Books which were in the Safe - all my Contracts, were lost, as they were in my own desk. The Block Tin. Copper. Iron &c will for the most part be saved.

Packing Boxes, about 4 or 5 hundred
Containing the Articles of foregoing
foregoing report were of Course cut out.
As reported before, I have a Sentinel at each
door, and a Picquet each Room inside, all
of whom upon investigation, were found to
be at their posts. The last Room inside, where
the explosion of Caps took place, where
being to escape from fright, was Guarded by the
Sentinel at the door, and Each as Entirely
under release by the Corporal. The fire I
am now satisfied from Close examination
of the two dining Rooms, Caught
fire from a wooden bucket, to which the
matches out, was under the Brick Landing
directly into the flue into which the stove
pipe from my office Room, as well as
the pipe from the adjoining Store- in that
Room of the office I have pictured on Sketch.
The other Room, some pages back is
where the Rockets & Caps in Box.

Col:

I have advertised for several days in the City papers, but without success, for a "first" Brass Moulder & I am greatly in need of the services of such a man.

If you can find in the Army such a Mechanic, & it can be done, will you please have him detailed to work at this Arsenal. My Brass Furnace is idle for the want of a Moulder having had to dismiss a very incompetent man I have. I want a man who can be relied on.

Yours Truly
Gen. Chief of Ord.

Sir.

I have to forward herewith, the statement of the changes proposed to make in the wages paid at this Arsenal.

With reference to this change, I would respectfully remark, that the relative expenses of living &c. of this place compared with others - whilst the figures may be larger, than at other posts - will surely justify the proposed advance. It is from necessity, with a view to the interests of the service that I urge the change.

1-1-1865.
RECORD DIVISION,
REBEL ARCHIVES.
WAR DEPARTMENT.

Ordnance Office
Nashville, Tenn,
Dec. 7th 1861.

Col: H. W. Mackall,
A. A. Genl. Bowling Green, Ky:

Sir:

In accordance with the instructions of your letter of 5th, authorizing me to call upon the Citizens of Nashville for all their surplus lead piping. I have the honor to state that efforts are now being made with that object in view - I have in the first place, a detective at work, in search of all that may be on hand, not laid - as also, one acquainted with the arrangement of the piping of the City, in search of such as may be leading into unoccupied buildings; or such as may not be in use in other localities - also, some of them have been requested to give up the "Lead weights" that may be in their window frames - for which they can substitute cast iron -

In this connection, I beg leave respectfully, to make the following request, & trust that the Genl. Commanding may consider it favorably -

(over)

I have just recd. 100000 Dollars, which, owing to the length of time that I have been out of funds, will barely pay the indebtedness of the Department - the preparations for the Militia & Volunteers called out, having rendered necessary larger disbursements ~~necessary~~, than had been expected, in the way of Equipments &c - & of course I am at once, again out of funds -

I desire then, ... to be allowed to go to Richmond -

1st To get funds to carry on the business of the Department -

2d To see if arrangements cannot be made so that a portion of the Lead of the Wytheville Mines Va. can be spared for this Department -

3d To inform myself, as regards the best mode of rifling Cannon: preparing Rifled shot & shell, (concerning which I am but little experienced -) to enable me to have the work done here, proposed by the Chief of Ordnance, in the best manner - as well as upon other subjects of the Department about which I am anxious to inquire - & see what can be done in the way of heavy ordnance for this section -

I could go & return within ten days - in the mean time, as the superintendents of the Laboratories &c. are all well posted, work would not be at all interrupted - having no funds to disburse, the business of the office could go on as usual - I am very anxious to be properly informed on many points connected with my ordnance duties & respectfully request that I may be sent on -

RECORD DIVISION,
REBEL ARCHIVES.
WAR DEPARTMENT.

Ordnance Office,
Nashville Tenn.
Dec. 6. 1861.

Col. W. S. Marshall.
A. A. Gen.l, Sterling Price.

Sir:

I have the honor to acknowledge the receipt of your communication of the 4th inst. making inquiries, concerning the armament for the Fort at Clarksville &c.

In reply I would respectfully state, 1st That in answer to my requisition of 21. Nov.r for Heavy Ordnance for the Cumberland, below Nashville, the Chief of Ordnance replies in a letter of 28. ult.o, that the Guns will be forwarded as soon as completed. The requisition for heavy Guns for Clarksville, Donaldson, & Henry, was made upon this Dep.t on the 28 ult.o, & forwarded at once. to which one reply has been rec.d —

2d I have two 8 inch founders cast and bored out & now being mounted — the wood work is the great drawback —

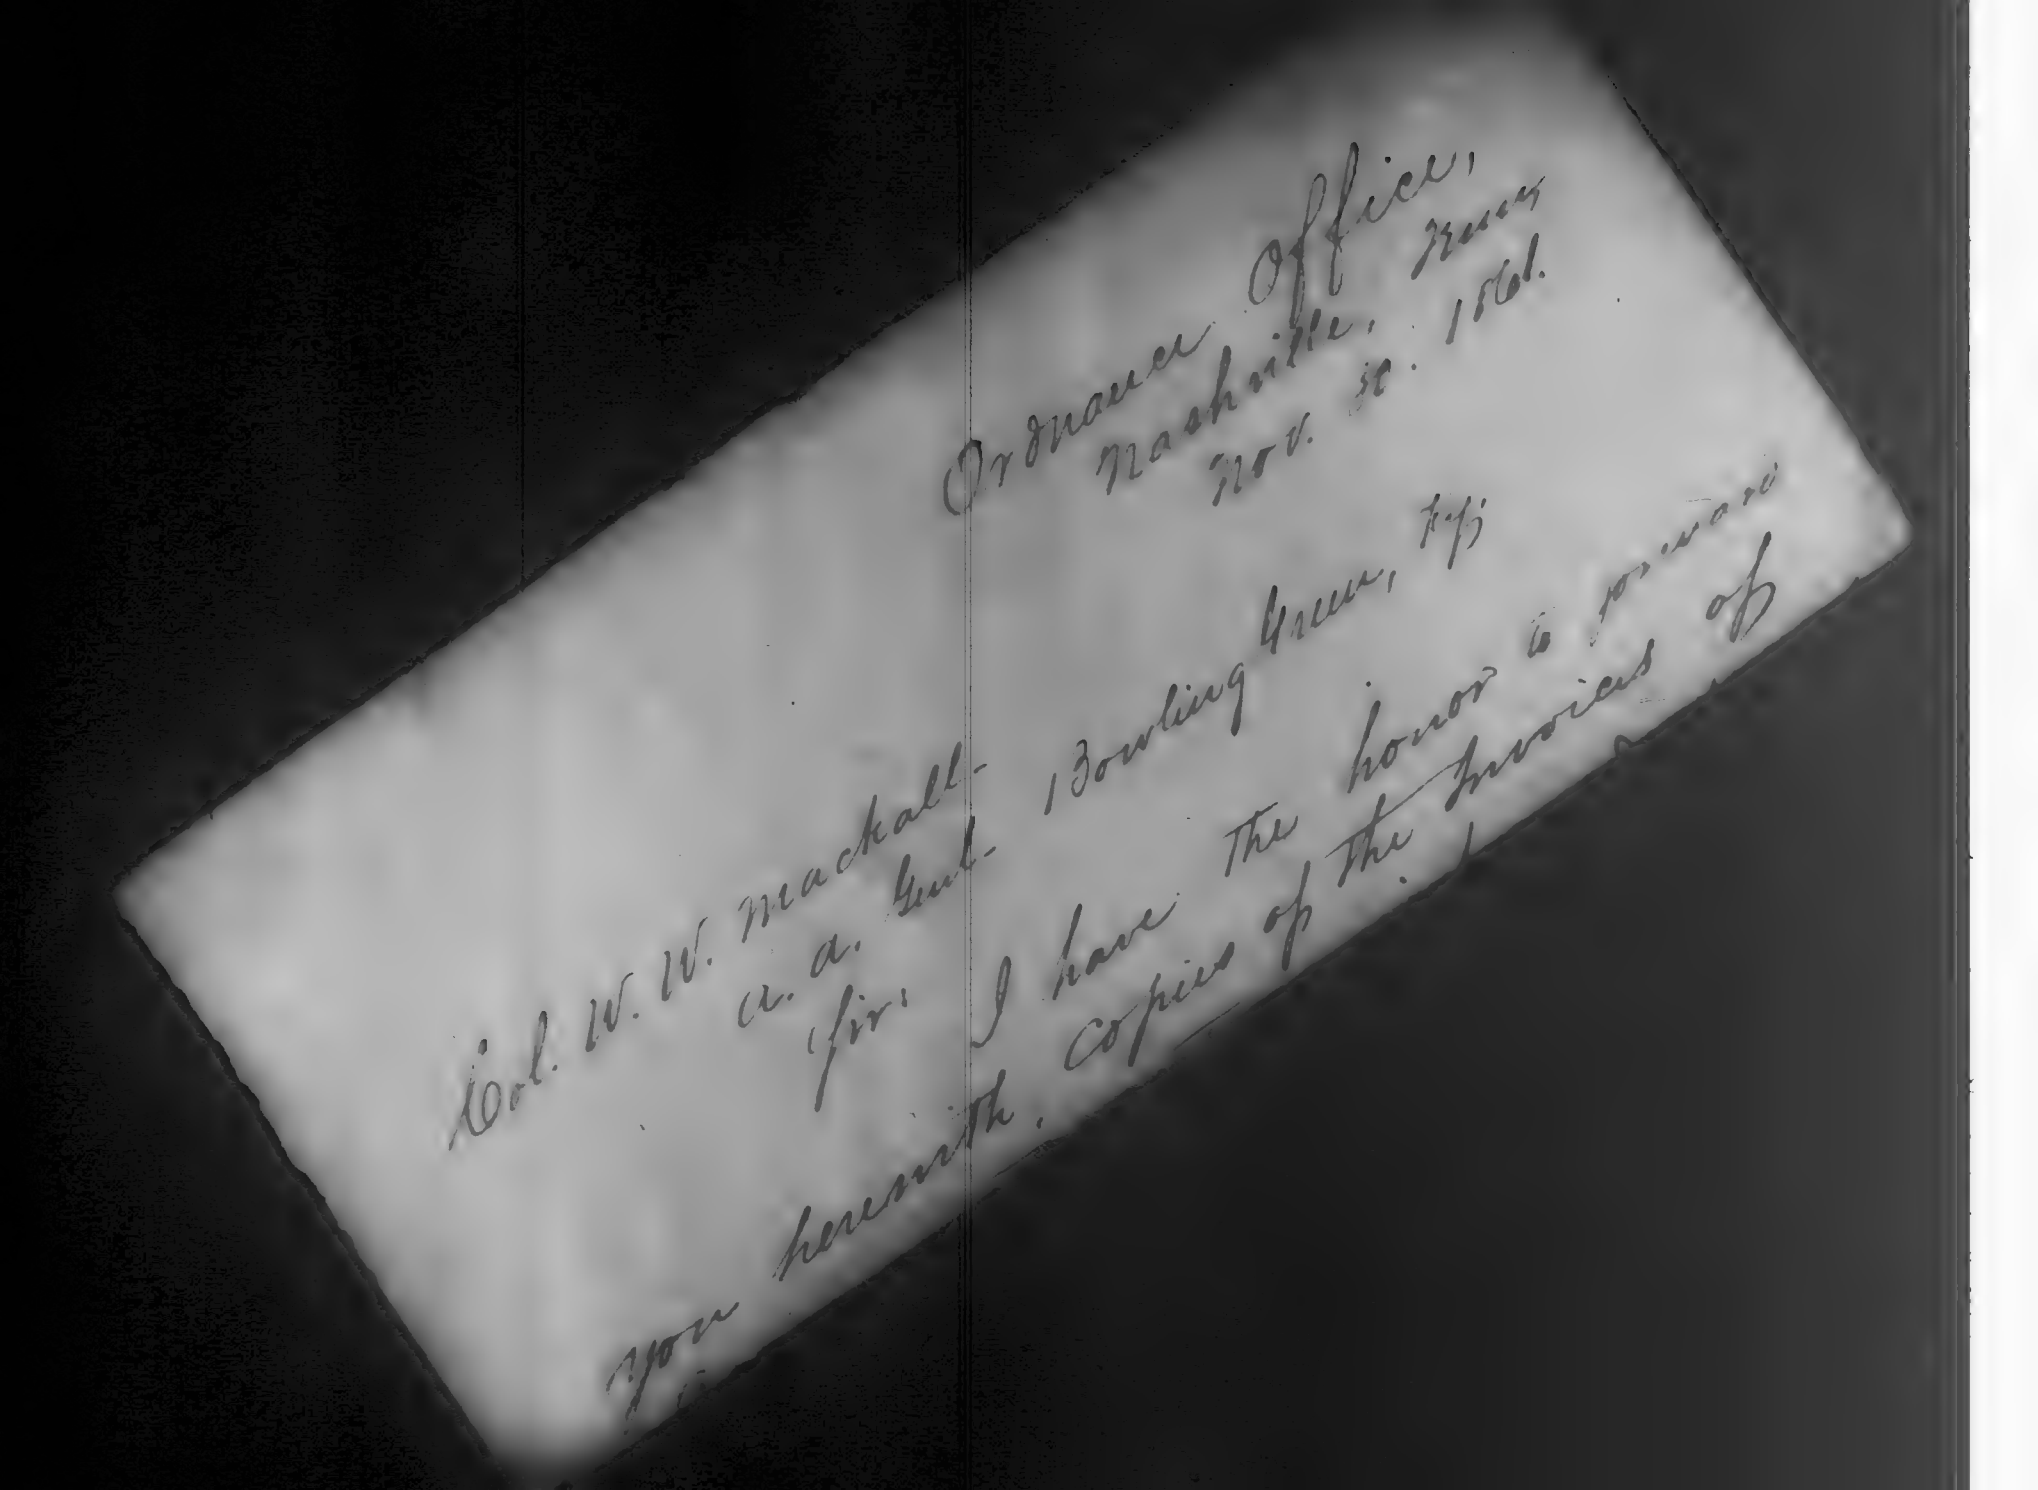

3d I am having two 6 inch pdr batteries to consist of 4. six pounder guns & 2. Twenty four pdr Howitzers each, prepared, the castings already commenced.

4th I can now furnish two six pounder batteries complete, Forge & Battery wagon. By next week can furnish an additional Field Battery complete —

5th I have no Bronze Battery —

P.S. The requisition for Powder for Fort Pickens has not been filled. We have sent to Memphis for Fort Pickens since you were in this City 17.850 pounds to Columbus, Ky. 11.500 lbs. Cannon Powder since the 15th Nov. 12.500 lbs. have been put up. with fixed Ammunition at the Laboratory now. including the Shipments to Richmond & Charleston.

Has shipped ammunition called for by your requisition, to Col. Murray at Knoxville.

Wishes to have an interview for instructions &c-

Ordnance Office.
Nashville, Tenn,
Nov. 8. 1861.

Col. W. W. Mackall,
A. A. Gen. Bowling Green
Ky.

Sir:

I have the honor to inform you, as desired, that I shipped to Col. Murray, at Knoxville, the Ammunition called for by his Requisition, viz: 40.000 B+B. for Flint muskets: 8000 Flints: 2.500 Musket Caps — 10000 Rifle Caps — & 200? Lead —

I beg leave, respectfully to call your attention to the issue of Flints above cited — The regiment having been supplied with two Flints per man previously — in as much as our supply of flints is being very much reduced —

No Requisition has been presented here for a Section of a Battery for Col. Murray, unless the one of Genl. Helgham for two Howitzers was intended for him — In my telegram of 6th I addressed the Battery furnished the "Murray Artillery" — sent to Clarksville, which had no Caissons —

I am very anxious, if it could be granted, to have an interview with you, in order to get full & explicit instructions concerning my duties here connected with this Department — but a single night to absence from my office would allow me to visit Bowling Green, Ky — & effect my object —

I am, Sir, very Resp'y, your Obt. Servt.

Col. W. W. Mackall,
A. A. Gen.
Bowling Green, Ky.

Sir:

In obedience to your instructions concerning Genl. Polk's offering supplied with Ammunition &c, for muskets [illegible] 100 Rounds of Cartridges, I have to report —

I have also, when his order, sent to [illegible] in Capt. McClung's Battery, Com- manded by [illegible] Gallay, Two Guns, & Har- ness complete in [illegible] —

We have now another Battery com- plete, & ready, — though I can start it or 4 guns, mounted, if desired — without Cais- sons —

In forwarding a Battery of Carriages will be required by the number of the muskets a Battery can be supplied with — I have orders 12 & Bat- teries & have one, have at work that can be had — [illegible] till when we will get them — and [illegible] Saturday 250 new Guns, To Capt Chamblin — It must be remembered

in examining the Guns, that they have been over reform the terms of Contracts made by the State - that the Locks are the very best that could be obtained - & that the Establishments making the Guns, can only do so, the locks being furnished —

The Ammunition for 12 pdr Guns has been sent from Memphis —

We can turn out 5 Guns per week now - I have made Contracts with parties in Clarksville, to turn up & finish Guns & will shortly get 3 additional Guns per week in the course of the week from date - making the Battery per week —

Capt. H. Baldwin
Richmond, Va.

Sir:

I have the honor
to
of a portion of the articles purchased
for Mr. Walsh; together with a certified
copy of Bills of purchase, that you may
know their cost, in making calculations of
profits. By mistake the invoices are not
sent by Mr Walsh, by the Clerk failing
to get the Bills until after Mr W. had left.
The Bills include every thing sent
by Mr W. together with his receipts
thereof.

Very Respt.

1500 men

Order July 26/62

Huntsville Ala Jany 15/62

Capt Mr. H. Wright
Nashville Tenn

Sir

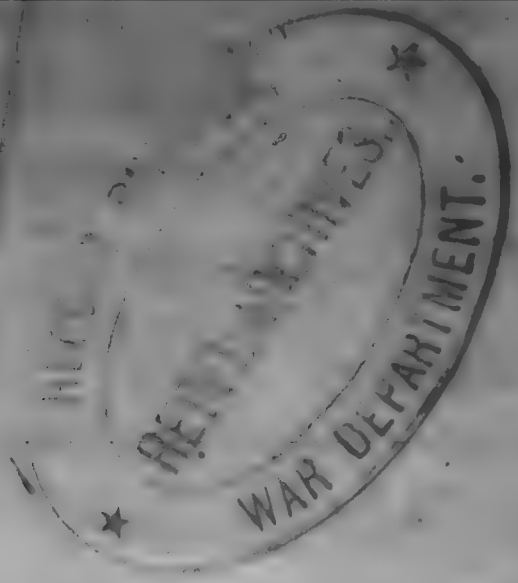

We send this day by Express two Army Canteens as a specimen the one with a convex side, is the kind that we design filling our contract with you. The other you will discover has both sides flat, if you need more than you have engaged of us. We can furnish you with 500 more of the first named kind, and 1000 of the latter kind ——— if you should give us an order for 1500 more of the canteen we could furnish them by the 15th of March next ———

Respectfully

Luttrell & Blackford

Mr. Nelson writes us, ~~and tells~~
We will take the rest of the Canteens

Col: Holadowski,
Chf. Ord. Dpt. No. 2
My Dear Colonel —

But a moment from your valuable time — I have a friend now in Army, a Ga. Cavalry Regt. who may offr to go before the Examining Board for appt. in the Artillery, for D. T. duty — His name is Lavender Roy — from Newnan, Ga. Should he offr I would request that if you can consistently, you would get permission for him to appear for examination —

The late orders from Bureau of Ordnance, say that application will be made through Chf. of Ord. of different Army Corps &c — He is very intelligent & highly educated —

I am getting on tolerably well & hope you will soon open the way for me to visit my friends in Nashville —

With best wishes
Your friend & Obt. Svt.

Colonel:

You will see that I am again about to call your attention for a moment to the Leather Question - but I am only desirous of doing our common cause a service -

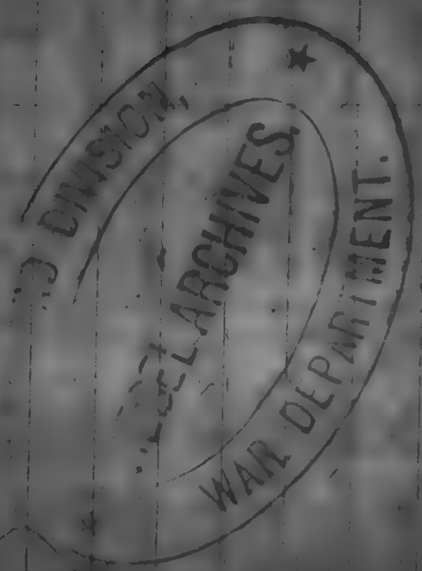

There is an immense quantity of Leather in Wayne Perry, Hardin & Counties. Especially Wayne - The latter is a Union County to a certain extent, & good Southern people are deterred from selling out their Stock from their want of security - If you could get a few hundred men Cavalry, dart there & seize the Leather of Unionists & assist the Good Southrons in selling their stuff, I honestly believe that 300.000 pounds of Leather could be had in the single County - One firm there is furnishing me 40.000 lbs. if he can get it all out -

H. R. Chandler is my General Agent at Murfreesboro, & if you could give me any help in the world, it would be doing most excellent service - By all means I

Maj. Harris

March, 20, 1862

Hon. C. L. C. Atkins.
M. C. from Tenn.
Richmond, Va.

Sir:

You will please pardon me for troubling you at this time, when matters of such great moment must press heavily upon your mind; but I trust that the intrusion will be explained satisfactorily upon reading these lines, & the explanation guarantee a notice in your part, to my claims.

I spoke to you, of my situation when last in your Room, & will now simply make a plain statement of facts & leave the matter with you.

As you will know, I was appointed a Cadet at the U. S. M. A. from the 9th District of Tenn. & graduated at that Institution, at West Point, in 1859, & on graduation, I was appointed in the Ordnance Department of the U.S.A. which position I held, until Tennessee seceded, when I came home, at once, & tendered my Services to his Excellency Gov. Harris, & received from him the appointment of Asst. Capt. & Chief of Ordnance, of the State, which position I held until the State troops & the Confederate State Government; took

I filled the place, & what I accomplished, is not for me to say; I can only refer you to the Governor, the Medical Board, & the Records.

At the transfer I resd the appt of 2nd officer on Genl Johnston's Staff, and was assigned to duty at Nashville, with the rank of 1st Lieutenant, which position I now hold

Again, what I have done, & how I filled the position I held in Nashville, such what I accomp & how conducted the business of the Medical Department in my Command, & the Service is not for me to say. & respectfully refer you to those, my Superiors in Rank, for whom & with whom, I served but I feel gratified in being able to say that never yet have I heard a Complaint, & in no instance has the Army suffered from want of Care, & action on my part

To have succeeded, so well, & been so kindly treated by those in Authority, were the objects of my pride, & in laboring to do so, was but to do my duty, & I am thankful for having been able to do my Country a little service

Pardon me, if I have a right to speak, & will for your attention a moment

I allude to the great responsibilities placed & forced upon me, & the disadvantages under which I have labored, & still continue to labor

as regards, or rather in Comparison with other young men around me.

I am on Ordnance duty with the Rank of 1st Lieutenant: time & again have I been tendered the position of Captain of Light Battery, the Companies of the finest young men of Nashville, and even a higher position in Infantry Regiments — but was not allowed to accept — I was told, that they could not spare me; was kept at work in the Ordnance Dept. — In the meantime, the young man under me, who graduated last June, retains a Commission as Major of Cavalry, but is still kept in Ord. Duty. Young men who were just entering the Academy when I left, have their Companies, & even Regiments, & still I'm kept here, and many of them out rank me.

Now I'm no Stickler for Rank, when I am on an equal footing with my Equals, but I cannot see the justice of keeping some of us on Ordnance Duty, preventing us positively from entering the field, & still say, you shall do it as a Sacrifice, for our services are wanted in this branch of the Service, it does not seem just to me, that we should be placed on unequal footing with those who were on an equal footing in the Old Army, much less absolutely below those who have had not half the experience

My reasoning is just this —

(over)

1. If my services are needed in any one branch of the Service, there is no just reason why being in that Branch, I should place me under disadvantages compared with an equal & even inferior.

2. If my experience in any particular branch is worth anything to the Government why should I not get the advantage of it. Not a single man appointed from civil life in charge of an Arsenal, has lower grade than Captain, within my knowledge; suppose they are older / & I believe that's the trouble / if I do my duty well, & have had the experience, am I not as well prepared as they?

3. If my experience is of no advantage, why not give me a chance with other young men in the field?

I am perfectly willing to do the best, & most I can for the government, & believe I can do more in this Ordnance than any where else, but I do really think I am entitled to the position of Captain & my Responsibilities are very great I am responsible for Hundreds of thousands of dollars & have worked for 12 Months, nearly night & day, trying to do my duty. & I can never get to any number of years of Majors

be found for what I say

But I will trouble you no further
simply requesting that if an opportunity offers
you will not forget me & my claims, & that
you will do the best you can for me.

If you can get nothing done, I would
respectfully beg, that the Authorities may send
some one to whom they will give position to try my
place Artist.

My present rank, is what I would have
held by regular promotion in the old Army, at the
date of the acceptance of my Resignation, although
when I tendered my Resignation, I was only 2nd
Lieutenant

I am Sir, most Respectfully,
Your Obt Servt
M. Hall Knight
1st Lt 10th Regt Ohio Vol Inf

P. S. This communication, I design for your
information, so that you may be able, when an
opportunity offers to base your action on these
facts - as I suppose, that under the perma-
nent Government our appointments under
the provisional Government, will not stand -
& not intended to push or try to push my claims beyond
my merits - -

Terms and Conditions on which Messages are Received by these Companies for Transmission.

The public are warned that in order to guard against mistake in the transmission of messages, every message of importance ought to be repeated by sending it back from the station at which it is to be received to the station from which it is originally sent. Half the usual price for repeating will be charged for repeating the message, and whatever company will be liable in damages for mistakes or delays in the transmission of unrepeated messages beyond five hundred times the amount paid for sending the message. And no company will be responsible for mistakes or delays in the transmission of repeated messages, from whatever cause they may arise, beyond the amount paid for sending the message. All messages will hereafter be received subject to the above conditions.

Richmond Va.
11th June 1864

Colonel.

The letter of Colonel Rodman addressed by you, dated 19th March, and forwarded by you on the 20th, was received here, on the 28th ult.

The Chief of Ordnance directs me to inform you that the limited estimate, by you to ammunition, is necessarily determined by the means at command; therefore 120 rounds per gun must be conformed to in this, as in other cases.

A careful calculation made from returns of ammunition, issued & in charge of Lieut Maltby made by Col Rodman, gives the result furnished herein.

N.B. Tabular statement contained in original is omitted in copy.

From an examination of this statement, and your endorsement explanations thereon, I perceive that you have ample supplies of Cal. 69; viz. 573.55 are fixed ammunition, the effective [143 rounds] in Hvy Artl Comp. must be equalized with Mansfield; & there are 354 Cal. 54 is what you need. To aid you, 2,000 lbs of lead have been sent by steamer to you; with this, you will have 354 Cartridges.

Your last letter, application for Mule Teams for transportation, & more from Salisbury N.C. & any large accumulation of Shot, Shell, & Napoleon Shell & Case shot.

Any large amount of lead can only be sent to you. There are doubtless, en route to Atlanta; and there you are to get what is provided for.

In what else you can, and should, call on the adjacent Arsenals, God aid you in providing.

Lieut Colonel. Very respectfully

THE SOUTHERN TELEGRAPH COMPANIES.

Terms and Conditions on which Messages are Received by these Companies for Transmission

The public are notified that in order to guard against mistakes in the transmission of messages every message of importance ought to be repeated by being sent back from the station at which it is to be received to the station from which it is originally sent. Half the usual price of transmission will be charged for repeating messages. For this, or other precautions against errors in transmission, they will not be responsible.

The Companies are not responsible for errors or delays in the transmission or delivery of unrepeated messages, from whatever cause they may arise, nor for the non-delivery of messages beyond the regular free delivery, or for errors or delays in the transmission of unrepeated messages arising from the imperfections of the instruments or the negligence of their Telegraphic Correspondents, or any Telegraphic Company over whose lines a message is sent from intermediate stations in the course of its transmission. Any message or communication may be sent by these Companies to any point in the world, subject to the above conditions.

All messages will hereafter be received by these Companies for transmission subject to the above conditions.

C.S. Arsenal - Atlanta, Ga -
Dec. 21. 1863.

Hon. J. D. Atkins,
M.C. from Tenn -
Richmond, Va -

Sir:

I beg to trespass for a moment, upon your time, - can only offer as an apology for the presumption, my earnest desire to do all I can, in my humble capacity, for the good of our common Cause & Country -

The present condition of our National affairs is too well appreciated by you, for you not to know the prime necessity for every man to do his whole part - & hence the importance of every Department of the Service being well sustained - in every sense of the word - This would be requisite to success, in any country, though filled with every article of necessity & luxury -

engaged in any great cause — how much more so, in our Confederacy, stripped of the vital necessaries of life, engaged in this mighty Revolution.

That legislation may be properly adapted to our wants, in our straightened circumstances, nothing could seem to be more essential than that our Legislature should be properly advised of the practical operations of our various Departments. — Hence, I trust you will pardon this communication in which I desire to speak, especially of the Department in which I am employed for nearly three years + will please accept my remarks in the spirit which prompts them —

I would speak of the present system of paying detailed Soldiers, who are necessarily detailed as Mechanics in this Arsenal —

1st From necessity, all men become liable to conscription, between certain ages, including nearly all the Mechanics in

2d To carry on the manufacture of ordnance stores & supplies, we must have many able bodied & skilled Mechanics - hence these men must be detailed — To equip & supply, regularly from day to day & hour to hour an army we must take broken armed, one armed, one legged & diseased men to effect our work is absurd - In order to produce certain & constant results, we must have a certain & constant force applied - Hence if we are to keep up the supplies for our Armies, & always be ready, we cannot rely upon disabled men, who are to-day & to-morrow are in Hospital - But these remarks are incidental, & are not to the point at which I would arrive -

3 - Congress has fixed the law, that these detailed Soldiers, shall receive a per diem allowance of three dollars ($3.00), in lieu of all allowances, for clothing, rations &c —

By recent orders from the Dept - they have been allowed to purchase rations from the Commissary Dept - which amounts to nothing, as

will convince You— in as much as the reduced ration of the Soldier in the field only has allowed— Thus a Soldier from the Commissary here gets about— 10. Lbs flour— 2 lbs pork buff— ½ pint Salt— 1 pint Syrup, per Month— & is forced to take all his buf at one time— The privilege then may be considered a nullity— & we may then Calculate the detailed Means ways thus— 3.00 for 30 days = $90.00 Soldiers pay 11.00 per Month— Total = $101.00 — His total allowance from the Government then is $101.00 per Month— Now what an his expenses— If he boards, he cannot get boarding of any kind for less than 90.00 per Month— & the average boarding now from 100 to 120.00 per Mo— exclusive of wood washing & lights— If he has a family, double his expenses & You will not exaggerate if the most prudent & economical person— & will now the question be asked— Ask the poor Soldier who reported this morning that his wife & Children had been put out in the rain, because his rent was too high for

him to pay - he asking the loan of a few dollars o frankly saying; you know I may never be able to refund it — He was an honest, faithful man — What now is his Condition? Must he let his wife & children starve o die? His only dependence is his pittance allowed by the Government —

He is forced to say, either; I must support my family — if not honestly, then dishonestly, or that he will desert the Country which would starve his helpless ones —

It needs no philosophy, no logic, to impress these facts on your mind — & I need only appeal to you that they are facts —

Rents, provisions, clothing, everything is four, four times, as you will know, what they were a few ago — One of my detailed men stopped me as I going my rounds only a day or two since, the finest Blacksmith I ever got — & asked me, what was he to do — His pay is 101^{00} — he said, "I'm to pay 75^{00} for my little shanty, per month, or quit it — & I can't get another" — This you can would leave him 26^{00} to support himself, wife & children —

4– But leaving out the question of charity or Common humanity, & take a selfish view of the facts – & let us see how the system works – Here you have "A", a detailed soldier, an excellent Mechanic, he get 3.00 per day – He is in my shop, not from choice, for he is a good Southern Man & Shoulders his musket as the occasion; but he is here because the Government needs his services at his Trade & he does more good than elsewhere he could – Here you have "B" – a Foreigner, not liable to Conscription, has no sympathy with us, except for his own interest – He is a very common workman – but owing to the scarcity of Mechanical skill, he must be employed – at current rates – You pay him $8.00 per day – The consequence is, that, give "A" all the patriotism of a Jackson, & he will still become dissatisfied – disgusted, & from neglecting his work, will either become worse than worthless or leave the service altogether & bring disgrace upon his once esteemed family – The injustice is too palpable not to be appreciated by the most ordinary mind – But you may say, why

can he not do as well on $90.00 per month at home - as $11.50 pr Mo. in the field - The difference is easily explained - In the field, the prudent, deserving man, was clothed & fed, & could save his $11.50 pr Mo. for his family. To say the least, he was not a burden to his wife, if she was alone - but owed him home, as he does not support & clothe himself he actually becomes a burden to her & of her little savings he is to be supported & they both must suffer - Again - the disheartened man, will never will never compete in his labor with the man of a contented mind - Therefore the deluded soldier, will never do half he might do, nor will it be half so well done as his skill would enable him to accomplish -

This is human Nature - & it is with men alike of high & low degree - We thus lose almost half the Mans services -

Again: in his straightened condition the temptation to dishonesty is very, very great - & the clamor for imposing on the Government are many - Before such men will see their families

actually storm, he will be very apt to resort to
Measures, not sufficiently Wayland, for their
protection - the nice finger pickers; or pickets
a file - or a Bullet, from time to time, until
he makes both ends meet - or the end next him-
self lop over the one towards the Government -
This feature is a hard one to contemplate
but it stares my thinking man in the face -
who has to deal with Mechanics - Multiply
the Hours of one man, by four hundred &
see how trifling a number may do some
serious large proportions - You may talk
about discipline, watchfulness, care, attention &
its all very well - but to secure them, the mere
Machinist, that I had - & from no other cause under
heaven - I employ nearly 500 (five hundred) hands

at this Juncture & I cannot actually explain the loss lost—

In consideration of the foregoing facts, then, for the good of the service, I beg to ask your influence, in effecting the rescinding of the S.O. for by law of May, 62 — & that, on the contrary, the detailed men, all be placed on an equal footing with Citizen Employées — & for the following reasons. condensed from the foregoing —

I— The soldier is no longer (while detailed) directly connected with the Army — & is at much greater expense of living

II — It is but fair & just that he should get compensation for his skilled labor, as well as the man who has never shouldered a gun in defence of our cause —

III — He is better satisfied — more contented & will do better work & more of it

IIII — He is not tempted to be dishonest dishonest to the Government

V— It is poor Economy to cut them rations, even if full allowance are furnished, when our brave soldiers in the field on half full or half rations, despite all the efforts of the Commissary — better make every man his own Commissary & advance his pay properly —

— I trust that you may be able to

S. t at the meaning of my letter, notwithstanding

its being so loosely thrown together—

My object is to do all I can to make the Mechanics satisfied & contented—thus enabling us to accomplish the great task before us of supplying the Army—already so difficult by reason of the innumerable & unavoidable obstacles thrown in our way—

In this I crave my calling attention, in conclusion, to the great disparity between the prices of any article of necessity & the allowance for the detailed man, as a Mechanic—

In good times 3^{00} was paid the Machinist—Now, Currency is so depreciated as to make one dollar in gold worth twenty in Treasury notes—& still only 3^{00} is allowed—In other words, the 3^{00} of the Mechanic of 1860, was worth 60^{00} of the Mechanic of 63—or the Mechanic to-day, gets 15 Cents for his day's work—

I am, Sir,
very Resp

Forage for 1 horse	"	"	"	"	8	00	8	00	
							$108	00	

I hereby certify that the foregoing account is accurate and just; that I have not been absent without leave during any part of the time charged for; that I have not received pay, forage, or received money in lieu of any part thereof, for any part of the time therein charged; that the horses were actually kept in service and were mustered for the whole of the time charged; that for the whole of the time charged for my staff appointment, I actually and legally held the appointment and did duty in the department; that I have been a commissioned officer for the number of years stated in the charge for every additional five years service; that I am not in arrears with the Confederate States, on any account whatsoever; and that the last payment I received was from .....

and to the 31st day of October 1861

I, at the same time, acknowledge that I have received of .....

this 30th day of November 1861, the sum of One Hundred and Eight dollars, being the amount, in full, of said account.

Pay ..... $ 100.00

Forage 8.00

Amount ..... $ 108.00

THE SOUTHERN TELEGRAPH COMPANIES.

Office Hours, 7 A. M to 10 P. M —Sundays, 8½ to 9½ A. M., and 7 to 9 P. M.

Terms and Conditions on which Messages are Received by these Companies for Transmission.

The public are notified that in order to guard against mistakes in the transmission of messages, every message of importance ought to be repeated by being sent back from the station at which it is to be delivered to the station from which it is originally sent. Half the usual price for transmission will be charged for repeating the Message. And while these Companies will use every precaution to insure correctness, they will not be responsible for mistakes or delays in the transmission or delivery of repeated messages, beyond the sum paid for sending the message. Nor will they be responsible for mistakes or delays in the transmission of any message arising from unavoidable causes they may arise, nor the delays arising from interruptions in the workings of their Telegraphs, nor for any mistakes or omissions of any other Company over whose lines a message is to be sent to reach the place of destination. All messages will hereafter be received by these Companies for transmission and delivery subject to the above conditions.

Offices of Arsenal
Atlanta Ga.
Jany. 17. 1863

Captain:

I have delayed answering your letter of 14th. hoping to be able to give you more definite information as to my facilities &c — but even now it is impossible to be at all explicit —

I will try & furnish the Equipments & think I can myself —
I hope to furnish the Field Ammunition also — I can only supply about 12,000 rounds per week from my Laboratory, of Small Arm Ammunition —

The Guns you allude to, as what is called the "Elzevir Gun" — Cast and at Harpers Ferry — No one under heaven — (as I believe all rifled field Guns to be) —

The Napoleon Gun — is simply a long Tube pounder Iron Gun — with a Light Chamber — The object being to combine the Howitzer & Gun — it also does away with the old 12 Pdr. Iron Gun — which might upon the whole of 1700 lbs — The Napoleon Gun

weighs only 1200 lbs. — it is a "
Field gun — giving long range
us to use the Shell as also
& bring nearly as easily
as the 6 Pdr. Gun —

It takes to
present Emperor of France
minded it years ago — but was
by his Predecessors — & immediately
his attaining to power, was adopted
the French Government —

I wish most heartily that Sherm
(theoretical) views laid aside & our Govern
ment would adopt our Calibre & get rid
of the horrid things we are now divided
to death about —

Nothing would do Mr. Brazier
but a battery of Elgin Guns — his
satisfied him — the next is, I
to stow away — till when! —

Sir: Your letter of the 10th Febry is before me, and contents noted.

In reply I would say, that at this time I have no Cartridges for the size mentioned, but will have the blanks prepared. I expect nearly all the requisitions have been sent from Tuscaloosa, direct to this Arsenal, as I have sent an immense lot of stores to the Army since the battle - hence the reason I did not send to your Depot, as none came, for them to go direct to Tuscaloosa.

I have no machine for splitting Staves.

I hope to have the pleasure of seeing you next week, when I shall visit Dalton.

I am Sir,
Very Respectfully Your Obt

Colonel:

The Pistol Factory of Mssrs. Spiller and Burr of this city, having been transferred by them to the Confederate States, to be removed to Macon Ga. - which joining is one of the Departments of the Gulf Com'd, A. S. - I have the honor to request to be informed if the Detailed Soldiers from the Army of Tenn, formerly employed by Mssrs. Spiller and Burr, will be allowed to be transferred to that place.

It is the desire of Col. J. N. Burton Supt of Armory of said Arsenal under whose supervision the works have been placed, that a portion of the men alluded to be allowed to accompany him; I have also been advised by the Sec'y of War at Richmond, to secure to Col. Burton, all the Skilled Labor formerly employed by Mssrs Spiller & Burr as Contractors, and as some of these men are very skilled in their business, their labor would be of great value to the C. S. Gov't. if allowed to accompany the works.

I am Colonel.

Richmond, 16th March 1864.

Colonel.

Colonel Gorgas instructs me to say that the substitution upon your labouring work is not approved, and directs that the issues of your force and the fabrication and supply of small arm ammunition, as begun at Atlanta on the 1st ultimo, 1,000,000 rounds Cal. 54/.58 equally divided. Of the amount, however, 250,000 rounds will be sent to you for the present.

As many of the cartridges tested in the army complained of acting cruelly, the Colonel has offered instant relief by arresting the issue of portion of the ammunition thus prepared, and will this week, hundred gun Enfield cartridges of the same, in the manner formerly practiced, for the old U.S. pattern, say 150,000 rounds; provided you find the means, employ & make the Minié ball, mill cannelures.

As ordered the work discontinued.

Respectfully Your
Obt. Servt.

April 20th 1864.

Col. J. Gorgas.
Chief of Ordnance.
Richmond Va.

Sir:

I have the honor to request that the privilege be granted me to make certain changes that I find are absolutely necessary, in the wages of some of the Employees of this Arsenal. I thought I had all wages arranged, in accordance with Dep't Circular, fixing them from the 31st of March last, but I find that to keep some of my men, who are valuable to the Department, and are 'Non Conscripts' I will have to put them on an equal footing with men of the same kind, working in other establishments in this City. It will be impossible to tell what changes will have to be made, until the close of the present month.

Captain:

In answer to your inquiry of the 22nd inst. I beg to give you the following statement on the Question —

I suggest the advance Pay, (only on Contract of forms of Ch. Engrs. & the advance orders) as any "pay voucher" — & enter it in same form — (No. 1) — with Receipt —

If the advance is on personal security, I take the "rating" note — endorsed — If on Mortgage of Real Estate, or Deed of Trust — I take the note & the Mortgage or Deed of Trust, as form- ed by a competent Lawyer, whom I employ for all such transactions — I then enter the Regular Voucher & forward with Cash Bk. & Quarterly returns, the Notes & Papers (Copies & Certified to) & retain the originals —

I require a Valuation to the amount of Property, Real Estate or personal, & also the Lawyers

Certificate is an opinion as to validity of title, affixed by the U.S Attorney for the District in, in this State, for the Party, as I believe there is but one U.S Attorney for this State —

All these papers, properly authenticated I forward to the Dep. of Justice —

Sam Griffin
Brig Qr Mr. Gen.
M. Hill Wright
Mississippi

P. S.

As the advance is repaid by Contractor, I enter, charging to my account, the amount of Cash received — (i.e) the per centum of the annual vouchers to be retained, as by rule per loan — form (2) — I think it may prove policy to make advance —

M. Hill

I have just carefully read over Maj. Mallet's report of trial under mil sample fuze, sent from the different Arsenals, and am struck with the great irregularity in time of burning exhibited by those sent from Atlanta.

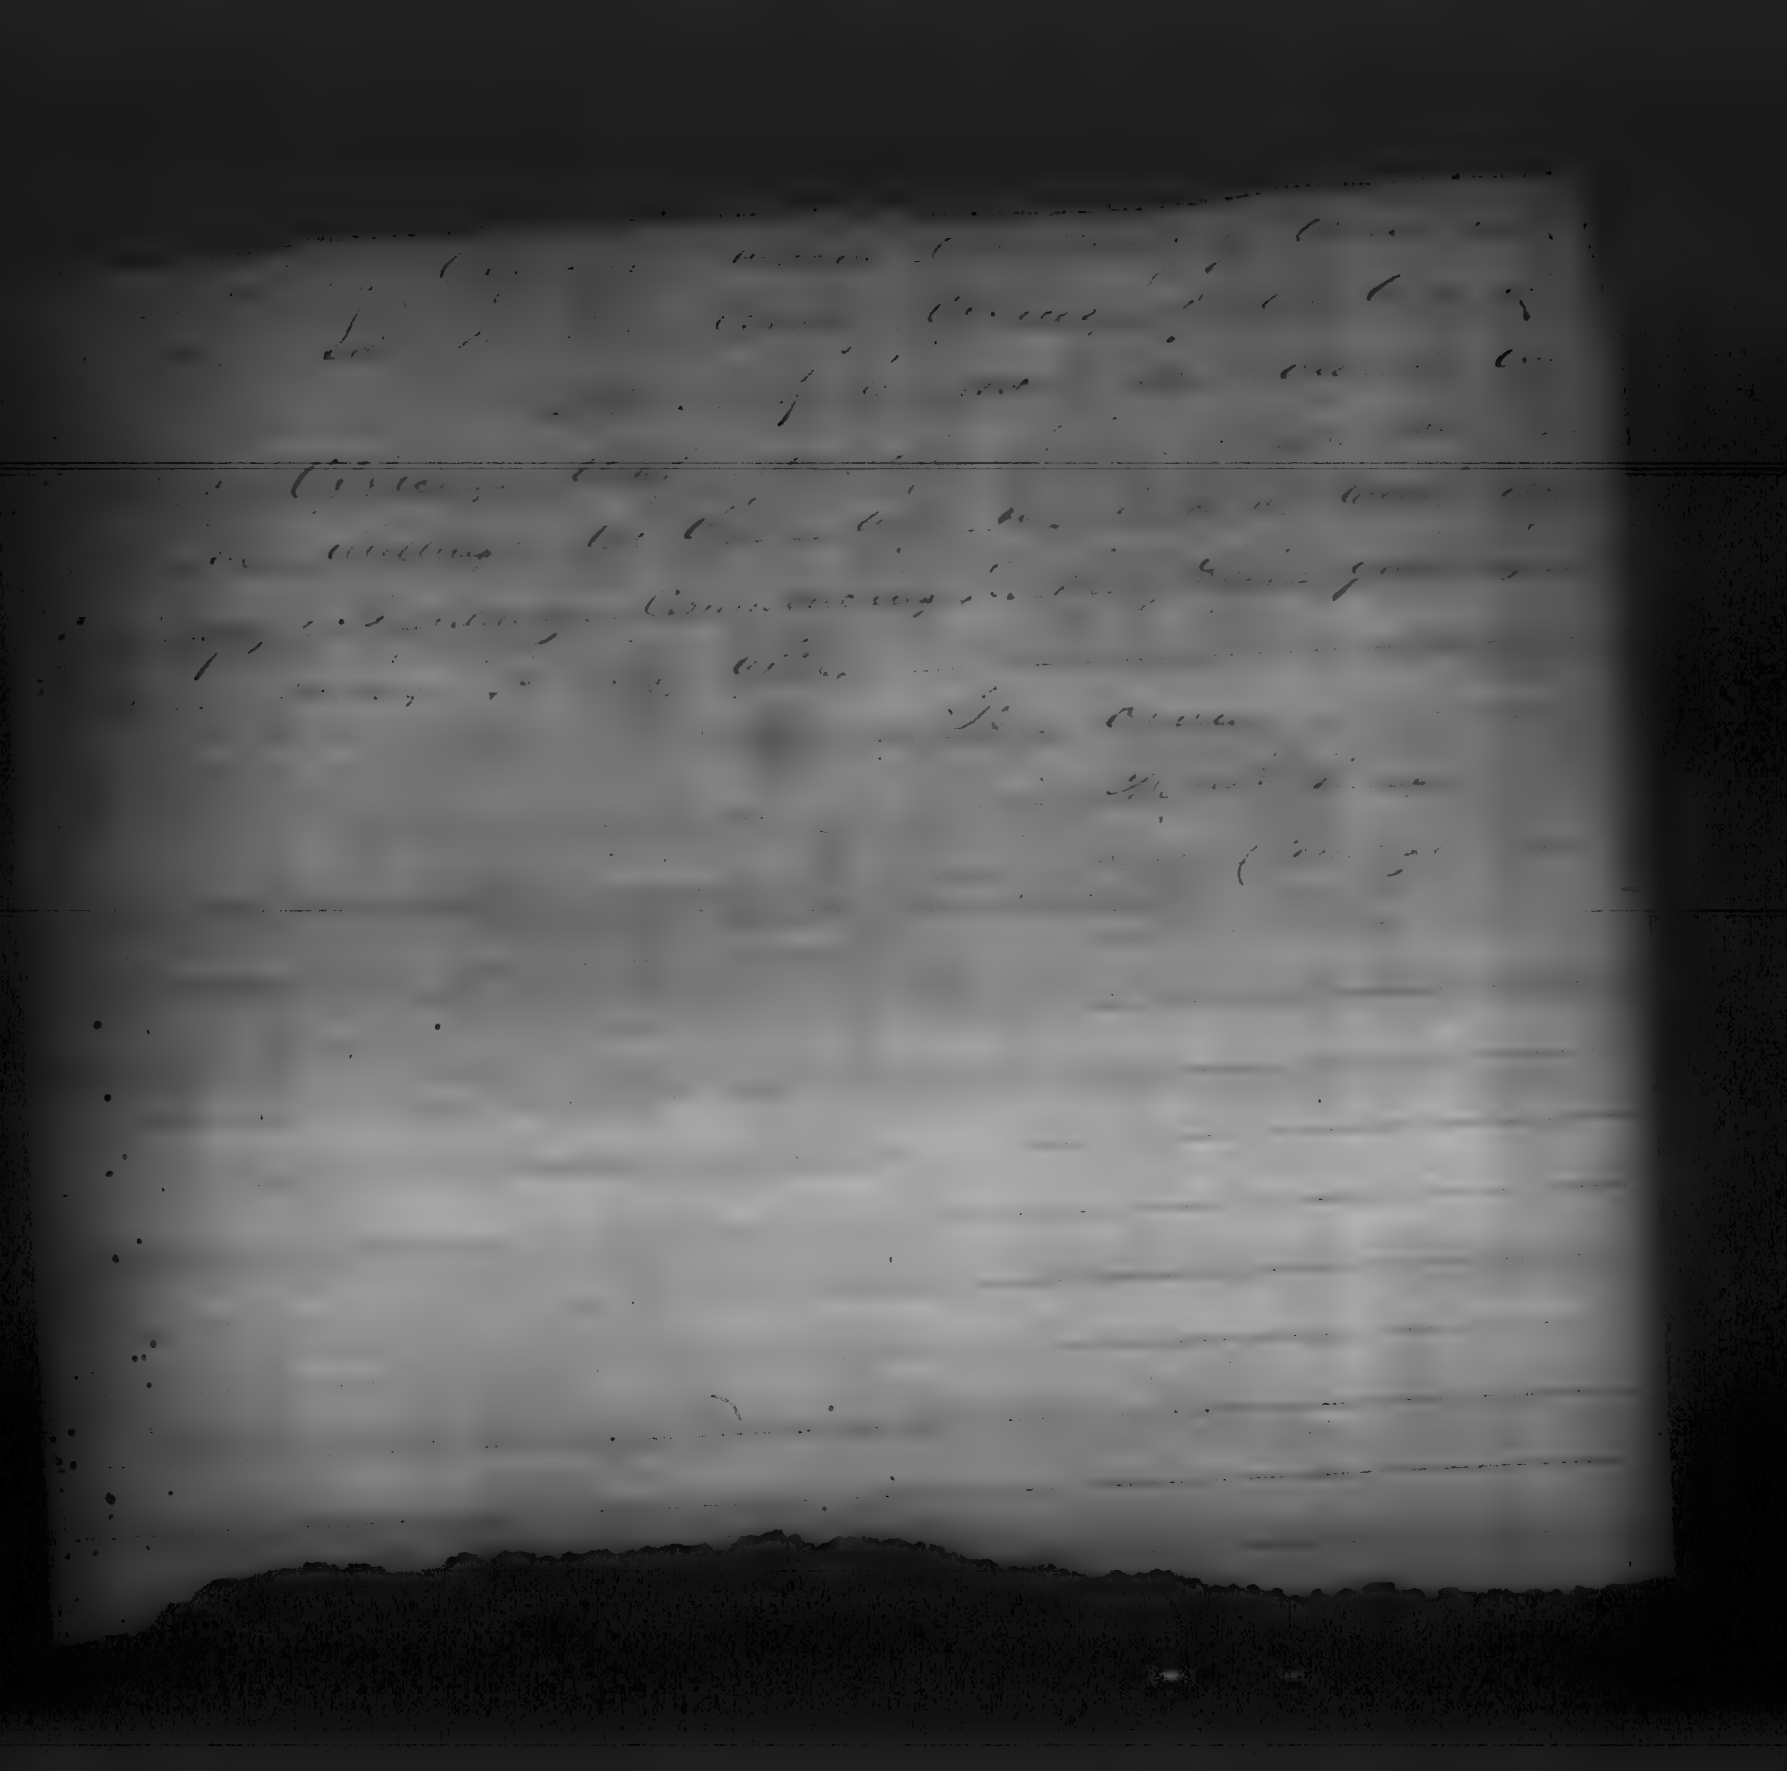

The lots along one to copy have a greater avg da.
avail, being sensible to you than ~~the whole~~ get it will not be amiss to refer once more to the results, for your information. The faulted, in some cases, a too great duration in time of burning, while in others it is the reverse: the most marked cases were those of the 1 mil, 5 sec, fuze which burned 6.77, the 3 mil, 6 sec to the mil, fuze which burned 13.75; the 2 mil, 9 sec to the mil, which burned 19.50 & 22.01, & the 2 mil, 10 sec to the mil, which burned 31.15. Also the 3 mil, 9 sec to the mil, which burned 29.88.

The fuze burned badly at top, the priming being deficient from the top of fuze; and some of them burning through the side of the paper case.

Ordnance Bureau.
Richmond, Va.
24th January 1864.

Colonel.

The following is an extract from Major Mallet's report of inspection of Laboratory products formed from gun Cotton. "Powder charges for rifle cartridges, one cartridge containing 45 grs, one 45 grs, one only 40 grs - it may show here an explosion of bundle. Lubricant coating off badly from Enfield after ball. Composition cap decidedly inferior to those hitherto made at Atlanta. The cap is too small for the nipple of standard rifle, hence the hammer descends upon the cap, and less than proper force, the latter not being in contact equally with the upper surface of the nipple. There seems however, also, to be something wrong with the composition, a drying. The cap often fails at the first pull of the lock, and extinguishes at the second. Shot-gun tubes good, long one quite too large for a standard gun. Friction primers moderately good. 2 out of 10 failed, by the nine hundred. 2 others wet damp, and burnt like fuze."

This report present and unsatisfactory statement that I feel impelled to ask the name of your inspector of Laboratory. the officer charged with the supervision & control of this special de-

fortunate. There officers are required to inspect. ation for the special purpose of giving the Com. manding Generals information in the working of products of the laboratories, would not only advise, in particular cases, the Comdg Gen; but would prevent, a delay of time, the re. currence of such results as those just detailed.

I cannot too strongly impress upon you the necessity for instant correction of the faults here mentioned, give your personal attention to it: in order that the future reports may present a better appearance.

I am Sir - respectfully Your. obt Servt

U. S. Arsenal. Atlanta Ga.
Oct 18th 1864

Gentlemen

I have the honor to petition to your Honorable body, for authority, to run a street from the corner of the U.S. Machine works (being the N.W. Corner of Lot No. 90 -), across the street line down on old City Map, as Decatur Street, to Lot No 73, - for the accommodation & convenience of said Govt works; & the interests of the General Government will be much benefitted thereby, and no individual, or portion of the Community, will be in the slightest degree inconvenienced thereby, - the street having already been closed by the Car Shops of the A. & W. Pt. R. Road, and there being no residence, opening on said street, below the proposed line, & no house at all, excepting one small Negro Cabin, which opens on the right of way of the Ga. R. Road; & I will bind myself to remove said House, thereby reopening the street, whenever your Honorable Body may desire, & whether desired or not, will remove the same, when the shops referred to, shall cease to be occupied by the Government.

The accompanying sketch will show, by reference thereto, what is desired; and hoping that the request may be granted,

I am, Gentlemen.
Most Respectfully
Yr. Obt. Svt.
M. N. Wright.

Annual Report of Operations of the Atlanta Arsenal U.S.A. Commanded by Major J.M.C. Wright, Ordnance Officer, during the current year, ending June 30th 1863.

Buildings & Establishments used.

Having established the Laboratories one mile from the city, on a fine building site of Fifty Acres, leased for the sum of the rate of Two Hundred Dollars per annum, we were enabled to give up the Buildings in the city used by Laboratory Operations, and for the Percussion Cap Factory.

One building for Fine Work 100'x40'.
One Annex Building, ~~[illegible]~~ 100'x40'.
~~[illegible]~~ 100'x40'.
~~[illegible]~~ 100'x40'.

Tow rooms and Buildings, for Tanning
purposes, finishing up Leathers &c. Free of charge.
One Tin Shop over Store House, reported
as complete, 1862. at Fair Amount $1000.00
Same Shops occupied by the Commanding
Officer, as reported, as reported in Return for 1861-2

(illegible)

Machine, Blacksmith, Carpenter, and
Sewing Shops

These Shops were conveniently arranged
with reference to each other and for the comfort
of the men, as well as expedition of work. We had
a good set of workmen, and their work was highly
creditable, being well finished, substantial and
serviceable. The work was mostly in connection,
chiefly for repairing for the Army of Tennessee,
and manufacturing Ambulances Equipments.
We of course had the great difficulty, of being
compelled to use green timber, to contend with,
but every effort was made, to get it in the best
condition possible for the work it was put into,
by getting out stock in the rough, and storing
them in dry places to season.
The defective work, returned from the Fronts,
in this branch, almost entirely came from
the class of work done by Contractors, on whom,

REBELLION WAR DEPARTMENT

the Department was compelled to call, to aid in supplying the pressing demands for the Army. It is respectfully submitted that thought advisable, to withdraw our work from them, and put it upon our own shops. To say the least, the profits going to them can be saved to the Government, and certainly their work can be done for less money, we have to detail their hands to them, and be constantly called upon to furnish large amounts of material.

The repairs during the year were;

Gun Carriages	about	51
		45
Caissons		3
Battery Wagons		

equipping them anew, to say nothing of the great quantity of Extra Equipments and Implements furnished the Army.

The Machine Shops.

Were engaged in Ironing Gun Carriages, chiefly. Gauges were made, for the several Arsenals, under the direction of Capt. J. H. Hallett, Superintendent of Confederate States Laboratories.

Iron, Coal and Coke, we got without difficulty. From Tennessee. Lumber was secured in the vicinity of Atlanta, for Gun Carriages &c,

RECEIVED WAR DEPARTMENT.

Pine Lumber between Atlanta and Augusta, and at more points.

Armory

The Armory was used almost exclusively for repairing Arms collected from the battle fields and issued in by the various commands of the Army. Many minor articles, such as Pendulum Sights &c. were fabricated in the Armory, because of the skill of some of the Workmen employed in that Department, and the facilities for doing such work.

Machinery from Knoxville, Tenn. belonging to the firm of Maxwell &c. was sent to this Arsenal. It was not deemed advisable, to attempt to make new Arms, as the Machinery was very imperfect at best, & no more good could be done the service by repairing Arms.

In repairing Arms, the Regulations of the Department were adhered to, except in the item of Barrels; these were cleaned of rust, and polished in an ordinary Lathe, with suitable rests, thus cleaning them, not lengthwise of the Barrel, as prescribed, but crosswise, as it saved many files, and much labor. Considering the great demand for Arms, the scarcity of labor &c, it was thought that this would be no serious objection, especially, as it must necessarily

have been, that no serious injury would be done.
Many Muskets, and even Rifles were
found, with a Ball but loosely thrown in the
Barrel, leaving it but little out of shape, excepting
when the Ball pierced through - (i.e.), the Barrels
were not hurt by the firing. Even my first Com-
the Enemy, were generally found without Cart-
ridge, and in almost every instance without
Bayonets, showing that, either the Enemy threw
their rifles away on purpose, or the Raw
Militia, in the heat of battle shot away,
and the Bayonets carried off and left, in
the march, before battle, possibly used, as
Spits for Cooking, or Hooks for cooking their meat.
It may be, that the blame rests largely
with our own Army, as, unfortunately, the
habit of exchanging Guns on the field, prevailed
to an alarming extent with our soldiers, and
in many cases, our own Army, defective of Ball,
were returned to the Arsenal. It is only aston-
ishing, that the most serious disasters have
not resulted from this practice, as it has come
under my personal observation, that large
amounts of ammunition, have been rendered
useless in the field thereby.
The number of Guns repaired was
as follows, viz: .....:

Rifle Muskets &c.	"	6694
Pistols	"	2610
	"	40
Making a total of about		9344

Laboratories

The Laboratories were, during the current year all removed to the new location at the Arsenal, one mile from the centre of the City, on a high elevation, and were adapted for the purpose.

1st Laboratory for Small Arm Ammunition.

The rules of the Department, with reference to safety in buildings for operations, were as far as possible carried out.

The plan of working by Piece work was adopted, which gives much better results than day labor, as to have good work, only required stringent rules to be rigidly enforced. It was always difficult to get hands, but after adopting the system of Piece work, thus giving industry its reward over idleness, we were much relieved.

The ~~Cartridges~~ were made after the English Enfield ~~rifle~~ Rifle model, though it seems to me, not to be so desirable as the United States pattern, for the want of, to contain the lubricant; ~~the~~ the difference in the

charge of Powder was considerable, which no doubt was well enough; considering that nearly always more or less of the Powder is lost by the Soldier in loading; but the Base, I think is too small, while it is desirable to prevent guns from choking in loading, by having the Ball small enough, yet beyond the proper point (to which I think we have gone), we gain nothing; but lose much in accuracy. The present Base will fire from the end of the gun, if turned down, & windage it is no good to us.

3. Ammunition has been well made generally, labelled, and well boxed, with the box lined with Waterproof paper, - One instance is remembered, reported by an Ordnance Officer of the Army, where a lot of these boxes of Ammunition, during the passage over Tennessee River, fell into the River and remained for many hours, without injuring the Cartridges. The boxes were all carefully dovetailed together, and well painted.

Large amounts of Ammunition, were returned from the field damaged, resulting no doubt, from the carelessness of officers charged with it, - more than from its inferior quality, or exposure to weathers, - in issuing Ammunition, by carelessly tearing up more than was needed,

charge of Powder was considerable, which no doubt was well enough, considering that nearly always more or less of the Powder is lost by the Soldiers in loading; but the Bore I think is too small, which it is desirable to prevent guns from choking in loading, by having the bore small enough, yet beyond the proper point, to obtain I think [illegible], we gain nothing, but lose much in accuracy. The proved Bore will give from the end of the gun, if turned down, provided it is in good order.

Ammunition has been well made generally, labeled, and well boxed, with the box-liners with waterproof paper, - one instance is remembered, reported by an Ordnance Officer of the Army, where a lot of these boxes of Ammunition, during the passage over Tennessee River, fell into the river and remained for many hours, without injuring the Cartridges. The boxes were all carefully dovetailed together, and well painted.

Large amounts of Ammunition, were returned from the field damaged, resulting no doubt, from the carelessness of officers charged with it, - more than from its inferior quality, or exposure to weathers, - in issuing Ammunition, by carelessly tearing off more than was needed,

good Carriages would be chosen to carry into the
Work, and be returned to be repacked.

The Moulding Room was some distance
yards from the other buildings, to prevent
accidents, and the Moulds, made at the Ar-
=senal after the pattern used in the United
States service at Washington and St Louis
Arsenals, used altogether, casting the
Ball from the base, thus leaving the joints
perfect.

Heads either over or detachable,
were used as far as possible.

The Head dross, was reduced to a small
extent, in a common charcoal Furnace,
but was chiefly sent to Augusta Ga, for that
purpose. The loss by dross, was about
four per cent. generally. Considerable
quantities of Leads, from roofs of Buildings
in Atlanta, was obtained, at a cost to the
Government, not exceeding fifty cents, and some
as low as Twenty five cents per pound.

Plans of the Buildings &c, will be fur-
nished the Department.

The amount of Ammunition fabricated
for the year was about Four Millions
One Hundred and Sixty four Thousand and
Fifty (4,164,050) rounds.

charge of Powder was considerable, which no doubt was well enough; considering that nearly always more or less of the Powder is lost by the Soldier in loading; but the Ball, I think is too small, as by it is rendered difficult from choking in loading; by having the Ball small enough; yet beyond the proper point, to which I think we have gone), we gain nothing; but lose much in accuracy. The present Ball will flee from the bore of the gun, if turned down, if provided it is in good order.

Ammunition has been well made generally, labeled, and well boxed, with the box-lines with Waterproof Paper, - One instance is remembered, reported by an Ordnance Officer of the Army, where a lot of these boxes of Ammunition, during the passage over Tennessee River, fell into the river and remained for many hours, without injuring the Cartridges. The boxes were all carefully dovetailed together, and well painted.

Large amounts of Ammunition, were returned from the field damaged, resulting no doubt, from the carelessness of officers charged with it, - more than from its inferior quality, or exposure to the weather, - in issuing Ammunition, by carelessly tearing up more than was needed,

good Cartridges would be thrown loosely into the box. And be returned to be packed.

The Building room was some fifty yards from the other buildings, to prevent accident, and the moulds, made at the Arsenal. after the pattern used in the United States service at Washington and St. Louis Arsenals, used altogether, casting the Ball from the base, thus having the point perfect.

Handy sitting over age, or durable, were used as far as possible.

The lead dross, was reduced to a small extent. in a common charcoal furnace, but was chiefly sent to Augusta Ga, for that purpose. The loss by dross, was about four per cent. Generally. Considerable quantities of Lead, from roofs of Buildings in Atlanta, was obtained, at a cost to the Government. not exceeding fifty cents, and some as low as Twenty five cents per pound.

Plans of the Buildings &c, will be furnished the Department.

The amount of Ammunition fabricated for the year. was about Four Millions One Hundred and Fifty Four Thousand and Fifty (4,154,050) rounds.

2nd. The Pyrotechnic Laboratory.

The work done at this Laboratory was principally on Friction Primers, Port Fires, Fuzes, Rockets, Priming Tubes. The Friction Primers were soldered, and the wire made of Copper, drawn from strips. The Primers were tolerably fair, and as long as kept dry, fired well. But the Copper wire did not answer very well, it would break too easily after remaining Some few times.

The number of Primers made was about 285.927
" " Priming Tubes " " 87.177

The latter especially for Batteries in position seemed to give pretty general satisfaction.

The buildings for Filling up Field Ammunition, were attached to the above, and are under the Superintendence of Mr. Ammunition was put up almost exclusively for the Field, and such as was chiefly needed by the Army of Tennessee.

The Gorman Fuzes, were disapproved of by the Bureau in Richmond, but there was no any complaints made, of such as we sent to the Army of Tennessee, and the Report of Ordnance of the Army speaks well of the Percussion Fuzes.

The number of rounds of Ammunition fired during the year, was 20.395.

The number of rounds repaired, or refired during that time, was 8.888.

Percussion Cap Factory.

The manufacture of Percussion Caps progressed very well; and a good, serviceable Cap was made.

The supply of Copper was always a question of interest, but from the Ducktown mines in Tennessee, good supplies were kept up. The Copper was still rolled by hand, and the same Machines for Filling, Lacking and Varnishing, were used, as reported in the return for 1861-2. The Machine for Forming, made by D. C. Cole, I beg to recommend as working admirably. It is by far the best, which has come to my knowledge, its capacity is about Six Thousand per hour; making easily Four Thousand per hour, the day round. A sample Machine was sent to Richmond, as well as of all the Machines used at the Cap-Factory.

The number of Musket Caps made during the year, was about 19.395.000.

The number of Pistol Caps made, about, 3.711.000

For Stitching. Musket Caps were packed in boxes, containing one hundred thousand caps, in Ten bags. made of heavy Duck or Drilling. The Pistol Caps, were packed in boxes containing twenty five thousand, packed likewise in bags containing five thousand each.

WAR DEPARTMENT

Atlanta, Fulton County, Ga.

Leather. Very great success attended the efforts to secure Leather from Tennessee, had the Department not been interfered with, much more would have been secured. The average cost of the Leather secured, delivered in Atlanta, including all expenses, was One Dollar and Ten cents per pound. One lot of Fifty Thousand pounds, was taken from my Contractors by the Quarter Master Department, taken out of the vats wet, and green, and no doubt much of it has been lost, it was so reported by my Agents.

A lot, with vats &c, &c necessary for finishing up Leather was secured from the Confederate Government, and all stock in the Rough, was finished up in this yard.

All kinds of Leather Equipments were made at this establishment, and all repair-

of the Cutting and Covering of the Army of Occupation, not done in the Field.

The principal articles fabricated were as follows,

Artillery Harness (3 Horse sets)	717
Cavalry Saddles	21211
" Bridles	21211
Cartridge Boxes	11301
" Box Belts	13334
Cap Pouches	17796
Waist Belts	18216

In this connection may be mentioned, the manufacture of Eight Thousand Six hundred and Eighty eight Haversacks, by the wives of the Employés chiefly, it being very difficult to get Canvas, these articles were made chiefly by Contractors.

Tin Shop

At this establishment, where during the greater part of the year, but Two Hands were employed, there was fabricated, Nine Thousand Three Hundred and Twelve Canteens,

Annual Report
Adjutant General
1902

WAR DEPARTMENT
RECEIVED ARCHIVES

Annual operation of the Nashville and
Atlanta Arsenals, Confederate States of America, commanded
as by Capt. Wright Ord. Off. during the current
year ending June 30th 1862.

The Nashville Arsenal commenced operations
on the 21st day of September 1861, as the Ordnance
and Ordnance Stores, of the State of Tennessee, then at
Nashville having been transferred to the Confederate
States Government's agents, Capt. K. Johnson and by him
turned over to Capt. M. H. Wright.

Buildings Used

For Ordnance Store House and Office, one Brick building
100 x 20 feet, two Stories and basement, per annum $1000.00
For Pyrotechnical Branch of the Laboratory, the old
Laboratory of the Nashville Military Depot, no charge.
For Laboratory for Small Arm Ammunition &c, old
magazine at the Penitentiary, and frame building
near, no charge for Magazine, Frame per mo. $10.00
As soon as it could be done, one Frame build-
ing, 100 x 40 feet, was erected for the Laboratory
near the Penitentiary, at a cost of $1250.00
For the forming department of the Cap Factory,

Dr. D. S. Williams, gave us the use of a good building in the City.

For filling, detachments of same one Frame building across the Rappahannock River from the City was hired, at a rent per annum of $1200.00

Two Log Frame houses, one for Magazine and Guard room, were rented, near the Rail Road, and the whole surrounded by a good Picket fence, put up on Government Account.

The Magazine of Messrs Trotter & Co was used — charge yet presented for its use, nothing said of it.

On the morning of the 23rd day of December 1861, about three o'clock, the Ordnance Store House, and all its contents were destroyed by fire; excepting such articles, as were not combustible viz: Lead, Iron &c.

The cause of the fire, seems to have been the imperfection in the flues, communicating with a joist and thence to a room up Stairs, containing Cartridge Paper, Shot Thread, some Percussion Caps, Friction Primers &c.

A report was immediately made to the Chief of Ordnance at Richmond, of the calamity and the circumstances attending it. Three men were guarding the building; two sentinels from Capt. Lee's Co's

Many persons were very uneasy about incendiaries, and the Insurance Companies refused to give policies on Buildings containing Powder at all, without additional premium over regular charges, even the high rate of this building.

Contracts were immediately entered into, for supplies needed by the Army, with reference to future wants of the Department, as well,

Owing to the press of business, and the great derangements in consequence of the Fire, and the anticipated movements of the Enemy, against Fort Henry and Donelson, and Bowling Green Ky, these contracts were never published, with few exceptions, but are all on record in this office, and the Articles were delivered accordingly.

Having anticipated the move from Nashville, which took place after the fall of Fort Donelson, and the evacuation of Bowling Green Ky all the stores in the Arsenal were packed and boxed, and safely moved to Murfreesboro Tenn. excepting some Guns and Siege Guns, and Shot & Shell, and several tons of Pig Iron.

Work was carried on at the Arsenal until the 10th of February, when the order was given for the evacuation of Nashville.

All the Machinery for the Cap Factory, and all materials and forms &c. &c. of the Laboratories were safely brought off

[illegible] [illegible] [illegible] [illegible] [illegible]
was saved, but the [illegible] may form a
load en route, of several items, which should appear
as taken up on Major Chambliss' invoice. It resulted
in this way. The teams belonging to the Ordnance
Corps from Charleston, the Charlotte Laboratory and
the Decatur Roads, and those on the line of the
N.Y.C. R.R.d, excepting the Lead, Sulphuric
Acid, and Nitre, and the stores from Bowling Green, belonging
to Major Chambliss, which were under charge of a
Messenger by the Decatur Road and were carried on
with Major Chambliss' stores.

Having made out Major Chambliss' Invoice, from
Bowling Green, we added to the shipment [illegible] as
far as possible, though they were not known on
to the Nashville Journals, and when we commenced ship-
ping it was recommended to the Ordnance to send Fire;
but Telegraphed for Authority, but was directed to keep them
in Nashville until further orders. We succeeded however
in saving nearly all his stores, a few Boxes of Lances and
some Fuse Ammunition, being about all that was left
behind. All the Ammunition Cartridges and would have
been saved, but, being directed to have it ready for use
so as to protect the retreat of the Army if necessary, it
was so held, until all chance of saving it was lost.

The Laboratory, which was pretty arranged for

work on the Magazine was left [illegible] by
by verbal order from Genl Bragg.

The Magazine was blown up, and C. S.
Gotchkiss, who returned to Nashville after the
Federal forces had taken possession, for that pur-
-pose, under instructions from the Ordnance Office in
Murfreesboro. His assistance in getting away the
stores was invaluable, - and it cannot be noted,
too much to his praise for it here.

The order from Genl Bragg in writing was given
to me, to leave Nashville, at 6 a.m. on the 19th day
of February.

After selling some Field Pieces, mounted, on the R. R.
Bridge, which was left in fine, and spiking all
the heavy Guns left, and destroying some finished work
in the Foundry of Messrs Gunman, we left Nash-
-ville about 10 a.m. on the 19th of February, and reported
to Genl Johnston at Murfreesboro.

By his direction all Ordnance and Ordnance stores
were shipped to Atlanta Georgia. Waggons having
been sent with each train, we left on the 28th of
February, and reached Atlanta on the 5th March 1862.

Atlanta Division

The following buildings are rented.

One Store building 40 × 20 feet at per month $100.00
being for which it was given up, and one 100 × 40 feet
with two stories and basement, was taken at the rate of $1000 per
One Brick for Laboratories at ——— $1.00
One Brick for Forming Department of Cap Factory
at the rate of ——— per annum $1000.00
One frame for filling department of Cap Factory
at the rate of ——— per annum $300.00
One Saw Yard (on acre) with stables for horses and mules
at the rate of ——— per month $12.00
Office for the Department at " " $12.00
One Store on Cumberland Street with privilege of
grounds, and privilege of erecting such buildings as
may be needed in future was rented at the rate of
——— per month — $200.00

Buildings Erected.

One Magazine. Frame 40 × 20 feet. Cost $700.00
Five frames, attached to Laboratories 18 × 18. " $900.00
One Frame for Cap Factory 18 × 60. " $650.00
One " " Pyrotechnical branch of Laboratory,
in the form of a T. 120 × 12 feet. Cost $1200.00
One frame for Small Arm Ammunition 18 × 80. " $1200.00

All built by Contract, on land
rented for the war at: per annum — $200.00

Operations during the Year.

The only establishments carried on at the expense of the Government at the Nashville Arsenal, were the Laboratories and the Cap Factory.

Laboratories.

1st for Small Arm Ammunition &c.

The convicts in the Penitentiary of the State of Tennessee, were employed in this Laboratory; two objects were attained thereby: 1st. Efficiency. 2nd. Economy.

Efficiency, because the services of the men could be had from Sunrise until Sunset, the year round, and being under good Officers of the State they soon acquired great skill, and knew not what it was to be idle.

Economy, as we paid but 50 cents per day, and they would accomplish twice as much as ordinary hands, either Boys or Girls.

The returns for the 3rd & 4th Quarter of 1861, have been destroyed, but it is well remembered, that on many occasions, working 100 hands, the result of the days work would be, 75 000 Rounds of Small Arm Cartridges and 2 or 3 000 rounds of Field Ammunition. Their services could be had, night and day if necessary, and it was frequently the case, that we had to work them night and day, including Sabbath, which however was only done in cases of emergency.

Most of the Artillery Implements &c. and all the

Ammunition Bureau, were made at the Penitentiary, first, because of the proximity to the Laboratory, thereby saving transportation; secondly, the work was done cheaper than I could get it done any where else.

The articles fabricated in this Laboratory, since January 1st to June 30th 1862, are about as follows;

Fixed Ammunition for field Guns, Howitzers 7.874 Rounds
Heavy Shot and Shell " 3.500 "
Blank Cartridges for Heavy Guns, Howitzers 2.049 "
Small Arm Cartridges " 1.630.900 "

The most of the work was done in January & February, before leaving Nashville.

2nd The Pyrotechnical Branch.

Men were employed at one time. The superintendent, Prof. Ewell, was a very excellent chemist, and was employed in the contract made by the State of Tennessee with him.

The building did not cost anything, excepting the expenses of fitting it up, with Furnaces, Drawers Benches &c.

All the Fulminate of Mercury was made by the superintendent, he also made Nitric Acid, for our use. The main Laboratory attended to the manufacture of Friction Primers, Rockets, Bursting Charges, Port Fire, Blue Lights &c.

We had to use our own Brass for the tubes, and draw the wire, during much of the year.

An excellent article of wire was made from Brass Scrap for Mines, which were found in large quantities, in Large Dry goods stores, and as they were all "out of use", were obtained on very reasonable terms.

Our attention was paid to instructions from "Ord. Office", regarding the care to be taken in preparing the Bormann Fuzes. Here we would make the following remark. When the Magazine is filled with Rifle Powder, by experiments, we found that Powder placed below the same, more than Six inches was not likely to be ignited; but filling the tube with Rifle Powder, and the Magazine with Large Common Powder, and perforate the tube in the centre one, with a hole, of an inch in diameter, and have the Powder, comparatively loose, in the Magazine, and the Powder placed six teen inches below will be ignited. The reason seems to be plain, and requires no explanation.

Articles fabricated as far as Can be Ascertained.

Fulminate of Mercury about	200	Pounds
Nitric Acid	" 1200	"
Fulton Primers	" 1000	"
Cork Fires	" 4491	"
Bormann Fuzes	" 4491	"
Brass Wire	" 600	Pounds

one a few hundred Rockets only.

The Rockets made were of good quality. The Cases have been packed in Packages containing ten rockets, wrapped in Water Proof Paper and in case containing six packages each. The tubes were all soldered, and not drawn. All every thing done by hand.

Several Machines of various kinds were tried, but were found to be of insufficient supply on hand. The success in filling several Articles, such as Colorado of Potassa, Mercury, Nitric Acid &c. The difficulty of procuring Chemicals is sufficiently known.

The Cap Factory

Percussion Caps were made by hand machinery altogether. The Copper was rolled by hand, the discs cut, and Caps formed by hand, punches and dies. It would be unnecessary to describe the Machines used for cutting the discs and forming the Caps, further than to refer you to the common "Eyelet Punch", on a large scale.

The Caps were filled in charges, and a very simple little apparatus or machine. A small die made of Poplar, about Nine inches long by One Square, top of Mica or common glass, so as to see the Fulminate in the drawer. Three Brass plates with holes, just the size of the interior of the caps, serve to regulate

the charge. The main plate sliding back and forth against a stop, charging a Can of Caps at each motion.

Some of them have been made use of long by explosion, five now in use.

The Foreman of the Cap Factory constructed a very simple and useful machine, for Varnishing the Caps, with this machine one hand can varnish fifty thousand Caps per hour. One hand with it will do what it required Eight to accomplish with the brush, and it is much better done. The fulminating Powder is not at all disturbed, as might be the case with the brush. Two of the machines are now in hand.

On the 28th of November an explosion occurred killing the Charger Wm Davis, who lingered several hours after receiving the wound. It resulted from friction it is supposed between the plates or cone Cranes in manipulation. The action of the Powder was as usual, downward, driving the bottom of the machine through the table, and through the floor some 3 feet below. Wm Davis was killed by the shock, and also a piece of the frame, which entered his abdomen. One Boy, Carrying Cards, was injured, but recovered, from or by the same explosion.

The building being of light frame work no serious damage was done to it.

The Charger, was always kept to himself, in a

[illegible] to pass in and out.

To prevent accidents from dust or grit falling into the Cylinder, or on the machine, we had the room carefully lined overhead with Muslin, and the walls also well papered. The table upon which he worked, was kept dampened with a sponge, kept constantly by him in a bowl of water, and he was careful to keep his machine, or a dampened board or cloth, placed to about ¾ of an inch in thickness.

No Accidents has occurred, since the date alluded to above. He is now found it to be best to use Gilmans Silver, for upper and lower plates, as it will not wear so rapidly as brass, and gets very smooth.

He also think, that the Depth of Cylinder is to a certain extent, also the danger, and it will [illegible] easier, and not require the jar or shock, to insure the charge going into the case.

The most serious accidents occurred, whilst we were in the State service, and during the investigation of the Fulminate of Mercury, with the Hon. Sec. using dies as prescribed in the Ordnance Manual, in a Wooden Bowl, and using the fingers. Having allowed it to become too dry in the Sun, from the intense heat and sultriness, a fatal explosion occurred when manipulation was commenced, destroying the Man entirely

small cross impeding the current of air to the fuse in and out.

To prevent accidents from dust or grit getting into the Powder or on the machine, we had the room carefully lined overhead with paper, and the walls all well papered. The table upon which he worked, was kept dampened with a sponge, kept constantly by him in a bowl of water, and he was required to keep his machine, on a dampened cloth, or felt to about ¾ of an inch in thickness.

No accidents has occurred, since the date alluded to above. We have found it to be better to use German Silver, for upper and lower plates; as it will not wear so rapidly as brass, and gets very smooth.

We also think that the 2 nyet the Powder is to a certain extent, the less the danger, and it will fill through easier, and not require the jar or shock, to insure the charge going into the cap.

The most serious accidents occurred, which we were in the State service, and during the incorporation of the Fulminate of Mercury, with the Nitre. It was being done as prescribed in the Ordnance Manual, in a Wooden Bowl, and using the Spatula. Having allowed it to become too dry in the Sun, from which cause was one occasioned, a fatal explosion occurred, when manipulation was commenced, destroying the Man entirely

and nearly concluding the entire house. It was then mixed after this by to ready, or make more secure the process of mixing the Powder. We succeeded admirably by the use of a Small Keg, lined inside with Leather, and covered outside, likewise, and divided in half. The halves being united by a leather hinge, by the two teams firmly together when in use, by two leather straps and buckles. Through the centre, inside, place a partition of bars like to grates of wood, separated about two of an inch from each other. Put the Fulminate in one side, and the Nitre in the other, strap the halves together, suspend the Keg on journals in a frame, similar to a common Grind-stone, and place a narrow belt around the Keg, and carry it off to a crank about 20 yards, and you can easily turn it, and the mixture will be thorough and complete. No accident has occurred since we have used the Keg, and the Caps will never fail. Caps have been kept in water 48 hours without injury

The Nitre employed has been used altogether, as also the Fulminate of Mercury.

Materials have risen very high since. Mercury from 60 cents to $3 per Dollars, Nitric Acid from 20 cents to $2.00 Dollars per pound.

The quantity of Nitric Acid has always been limited, as also that of all the materials used, but more

have plans on foot to keep the machinery going.

Now we have a very good supply of acids and a fine quantity of Mercury; but Sheet Copper is very scarce. Our only source of supply of sheet copper has been the Navy Department, but we have gathered up no small amount of scraps &c, here and there throughout the South. We have not been able to use the scraps after melting more than once, it gets too brittle.

The Hat Cap, from the flaw of fund has been made altogether, and the Pistol Cap of the same kind. It has been sometimes reported that the Pistol Caps, was defective, in every instance referred to me, it has proven to result from the weakness of the spring of the Cock, or bad Nipple, and not from deterioration in the Caps. We have used necessarily heavier Copper than is used in the ordinary G. V. Cap. we have to roll by hand sheet and often Copper 1/10 of an inch thick. The Copper for the Musket Cap is rolled much thinner than prescribed in the Manual.

Since September 24th 1861. there have been manufactured, of Musket-Caps, about 19.506.100
of Pistol Caps, 3.071.400
Total 22.577.500

The most of the Caps were made before the fire on the 20th of December, 1861.

The greatest & largest yield for any one months

was in October 1861. during that month no contracts were made. The greatest yield was for the month of March 257,250 being the number finished during that month. The average cost of the caps may be put down as follows: Viz:

Musket Caps per Thousand
Pistol " "

The average yield per day at this date is about 8.000 owing to the great scarcity, as well as the inferiority of the Copper to be used. With ordinary sheet Copper in abundance, and other material. Now the Capacity of the establishment is 250.000 Caps per day.

The number of Machines used is.

For cutting Discs.
" Forming Caps.
" doing both by power 11 in all.

Powder.

Powder was manufactured by two parties in the employ of Government for the Confederate States Government.

1st Messrs Chastain Watson & Co. of the Sycamore Mills. They use the Powder mills. The Powder was made under the general supervision of Lieut & C. G. W. Rains. C.S.A. superintendent of Govt. Powder works.

2nd Messrs W. S. Wiseman & Co. Manufacturers

Mills, established and first in working order after the 1st June 1861. Five and the Hydraulical Mills.

The Sulphur and Saltpetre, were furnished by the Government, the Charcoal by the private Manufacturers.

To the first, Messrs Cheatham & Nelson 75. Eleven (11) cents per Pound was paid for all Powder, barrelled and delivered at the Magazine in Nashville. To the second party, Mr W. S. Whiteman, Thirteen (13) cents per Pound, was paid for all Powder, barrelled or boxed and delivered at the Depot in Nashville.

Messrs Cheatham Nelson 75, delivered up to the time we left Nashville 102,450 Pounds - Principally Cannon Powder, Mr Whiteman delivered up to the 28th of February, about 125,000 Pounds, principally Cannon Powder.

The Powder was not tried regularly, as prescribed by the Ordnance Regulations, for reasons known to all, the great demand for the Mills and the consequent want of time. Some experiments were made with the Eprouvette. The range of the Powder from both Mills, was good, that from Whiteman's however, the greater. The proportion of Nitre was, in both cases was about the same - Vide of Minutes lost, - Col Rains has them.

In reference to the Powder made from both Mills, it may be remarked, that it was

made very favorably. And. Every quantity did not get in good order may appear as well granulated, as the best article about. The emergencies of the time, will explain all this, the efforts of the General Superintendent to meet the demand cannot fail to be appreciated.

It is likely it would be well to remember this fact in any future calculation. It will certainly take, if but little expense in heavy carriages packed in bags.

Saltpetre.

Most of the Saltpetre used was mined from the Augusta Arsenal, in rough state, and sent in the same condition to the Mills generally. Some was refined at the refinery in Nashville before going to the Mills.

Every effort has been made to encourage the manufacture of Saltpetre. Contracts and agreements for any and almost every quantity have been made, the results have not been satisfactory and not until the Government took hold of the business, has there been any prospect of getting a supply. There has been collected from parties in quantities from 25 to 2000 Pounds, about 50,919 Pounds, of very fair quality.

(REG-1)

from Watertown Arsenal, and is very fine, very tough, and easily worked. The Carriages from the latter Arsenal would not stand.

There have been received about 46 Gun Carriages and 60 Gun Carriages and Limbers from Watertown Arsenal. The best wood work and ironing for field carriages &c, was done by the same party. Messrs Ryan Brothers & Co of Nashville did excellent Carriage work also. Four complete Batteries of Carriages were made by Messrs Pratt & Wells, of Memphis Tenn. The work must be spoken as a very superior quality, both wood and both ironing. They were inspected by Col. Wentz Inspecting Officer at Memphis.

There have been inspected and received about 637. tons Rounds of Projectiles, assorted, to suit the demand of the service. The ordinary round Projectile has been used excepting for the Rifled Guns, for which the elongated Projectile was used, with the Copper Cup. Rounds fired with the Copper cup was the one used. It proved admirably, and is so spoken from Fort Donelson, and other places where it has been used.

Several sets of Gauges were made, for inspecting the Carriages Projectiles, the Gun Gauges &c, were destroyed in the fire, The Shot & Shell gauges, were left behind in Nashville having been forgotten in the excitement of the evacuation.

There have been made by Contract, inspected

will receive the following items.

Infantry accoutrements, each of including the shoulder belt, with four exceptions. — 31,890

The average cost per set, is about $1.00

Knapsacks, white Duck, with straps, slings. 27,210

The average cost, about $1.25 each

Haversacks, Tarred, Canvas, with partition, about 23,051

The average cost about .40¢ each.

Gun Slings 28,162

The average cost .40¢ each.

Artillery Sabres, Single belt, principally Foot Cases —— 2,840

Average Cost — Per Sabre $50.00

Cavalry equipments, Complete Complete 5,244

Average Cost per Set $23.00

Sabres, Cavalry, 2741

Average Cost $10 to 11.00

The Sabre was a very good rough article. The blade of Cast Steel, the scabbard of Sheet Iron and lacquered.

A Contract was made with Nelbanhaus & Co, for 4000 Artillery and Cavalry Sabres, at $13 & 14.00 each.

There have been gathered up in the County about 170 odd. Rebel Shot Guns

About 2 Hundred Guns have been made at County Shops but the attempt, to get a good gun failed. The difficulty in the way were the Locks, may the common Rifle Lock

[illegible] has [illegible] which is useful in [illegible] way. [illegible] was made at the establishment of [illegible] which was carried on on Government account, but [illegible] was [illegible] them. The Liabilities was the expenditure, was very [illegible] with about £7995.00 during the year. Upon leaving Enfield, we brought from Manufacture, one good Lathe and all the tools for use. No [illegible] every encouragement was given to Manufacturers of Arms. One contract was made by the State of Connecticut with the Hartford Arms Co., and one with C. S. Maxwell Esq. Both [illegible] but neither effected anything, both would have done well had it not been for the Occupation of Enfield by the Enemy. All of Maxwells machinery was sent to Atlanta, some never reached there, what did is all up and in use. The Engine has been sent to Columbus at Messrs Co. The Screw cutting machinery was received during the month of June, and sent to Col. Le Baron at Macon Ga.

There has been received from Chief [illegible] Arsenals about 73.344 Pounds of Sundries, chiefly for Common.

There have been purchased 260.000 G. P. Caps for Rifle Guns &c, and 10.700 Pistol Musket Caps.

The following shipments of Powder have been made, since December 20th 1861

Lt. Col. Briggs	Richmond Va.	$ 10,000
Capt Hemmings	Clarksville Va.	15,000
Maj W. A. Nash	Memphis Tn.	5,500
Lt. A. F. Cunningham	Sav. Ga.	5000
Capt F. L. Childs	Charleston S.C.	15,000

What was shipped previous to the fire is not known, but we remember to have sent some to New Orleans to Genl Briggs, some to Mobile to Genl Walker, and a large quantity to Memphis by Memphis Train that came to Richmond.

I enclose herewith Invoice of Ordnance and Ordnance Stores, sent to Pinking Run Va. Fort Anderson and Kemp, since the 25th December 1861.

There have been shipped from the Arsenal, since the 25th of December, 4095 Boxes of Ordnance Stores.

The invoice of those received from the State of Tennessee, was lost in the fire, and it has been impossible to procure its duplicate, not in Richmond in the War Department.

We remember some things received among them

about 100,000 Rounds of Enfield musket Ball.

" 10,000 " " Pistol Ball

All the machinery for Cap Factory

Quite a lot of Gun Tools, Vices &c.

One Pounding Machine for Bullets &c.

Tin Cups, and some materials for a Saddlers or Harness

shop, but we could not carry it on at the same time, as they were diposed of at Cost.

Had we been able to carry on the shop, as it should have been done, of course all the profit, made by Contractors, could have been saved, but two reasons prevented; first, being unable to purchase it as a Government shop should have been, and the demand for Coats, work throughout the South, causing such competition in trade as to drain the Country of Dollars, as well as Coats, making the local manufactures could not Contract to a certain extent the wants.

Remarks.

At first sight the object in all cases is obtain immediate results, and not the economy of the Service, and at the smallest possible expense

Economy has been carried in every expenditure and good serviceable article, at a low price, was always preferred, to those of a finer and handsomer quality at a higher price, and for two reasons; 1st. the Economy, 2d. the one has served the two troops, we have had to put into the first just as well as the other, for both alike can is taken of the back.

For example — The White Duck Knapsack at one and a half Dollar, has been preferred to the finer at $3.00

The Main Cavalry Parade Ground and Stables as near the William Pann as possible, has been prepared at from 21 to 26 cts Dozen, to which article is adding much more Lumber, and much Lime Limbs for Outhouses, and Stonyheads.

Having received instructions from the General commanding, to use discretion in issue on requisitions, approved in many cases, they have not been filled entire, because they would care for many things, not allowed by the regulations; and in many cases my irresponsible articles have been issued, when it was impracticable to obtain all that would be allowed in ordinary times.

It has been necessary to work the hands very often extra time; and they have been allowed pay for that time, apparently or real emergencies have always caused it, especially during the excitements of the evacuation of Corinth Iuka and Nashville, and the fighting at Hatchie & London. the men deserve all that has been allowed them.

The expenditures for the year Amounts to about $1,272,115.00 15,100 Dozens. / One Million two Hundred and Seventy two thousand one hundred and fifteen Dollars, and fifteen cents.

I have the Honor to submit the foregoing reports.

Nashville Tn. Arsenal
June 30th 1862

M. K. Wright
Capt. Comdg.
Nashville Arsenal

To
Col. D. Ramsay
Chief of Ordnance

Annual Report of the Operations at Atlanta Arsenal, Commanded by Capt. M. H. Wright Ordnance Officer, during the Current year ending June 30th 1864.

Buildings and Establishments used.

The same Buildings and Locations, were used this year, as reported in the last return, with the exception, that an additional Store House for Fixed Ammunition, had to be built, to accomodate the large supplies, held in reserve for the Army of Tennessee. This was a simple frame building 30'x40'; which was kept full for the last four months.

The reinforcements to the Army, by recruiting and otherwise, largely increased the demands for all kinds of supplies and it became necessary on one or two occasions, to get additional storage in the City.

The campaign of the fall of 1863, and of the spring and summer of this year, taxed heavily the Mechanics, and all Officers, and Employés, connected with the Arsenal, but the duty was cheerfully performed, and on no occasion, was there the slightest hesitation in doing their whole duty, at any and all times.

The Enemy still presses heavily on our Army, and already we find ourselves almost in a state of siege; and most likely this establishment will soon be broken up from necessity, and its stock forwarded on to the various Arsenals further South.

"No cause of complaint against supplies sent to the Front, is recorded; of course, at times there was great scarcity of certain supplies; but the Cloth Cavalry Equipments, sent from other Arsenals, were not at all acceptable to the Army, though no official complaint was made. Though I have no official information of the fact, I gather from very reliable sources, that in one instance, 500 sets of these Equipments were issued to a Cavalry Command one day, the next day, the Saddles, divested of Stirrup Leathers, Fenders, &c, were discovered, piled up around the Camps, and discarded. No doubt they were collected together, and returned by the Ordnance Officers, as large numbers were turned in, Condemned. I do not think that they will answer, although the Infantry Accoutrements were a very good purpose indeed.

Machine Works, Armory &c.

The principal work done at these establishments, was repairing Gun Carriages, limbers, new Carriages, and spare parts, making Implements and Equipments for Artillery, &c, and Horse Shoes. One Engine was repaired and fitted up for the Cap Factory, two sets of Rolls complete, were fitted up for rolling Copper, and they work admirably. Bullet Moulds, Ring and Cylender Gauges for Shot and Shell, were made for several Arsenals; and Torpedoes for service in the Fields: This Torpedoe was nothing more than a section of a 12 inch Shell, with a moveable fuze plug of brass, to be adjusted under the rail of a Rail Road track, and connected to the sensitive fuze, prepared in Augusta. They gave very general satisfaction, and were successfully used on the Nashville and Chattanooga Rail Road.

The question of Horse Shoes has been a very serious one, and much complaint has been made for want of a supply. The Department, I do not consider as responsible at all for this deficiency. It was not until after the campaign commenced, that the Arsenal was called upon, as, by some agreement in the Fields, the Quarter Masters

for repairs.

The supply of Steam boat wood in the spring of 1864, from the Carolinas was nothing like the year through. In anticipation of the evacuation of Atlanta, what remained was issued to the Batteries in the field, for their Forges.

Oak lumber was scarce for the coming year, at $80.00 per thousand feet; it was of a good quality. Pine Lumber the first half of the year, cost $35.00 per thousand feet, the latter half $50.00 per thousand feet.

A large number of Small Arms were sent from the Battle fields of Chickamauga, in Septr. 1863. To a considerable extent they were of our own Arms, to such a degree were they exchanged for the Rebel Guns of the Enemy. As usual these Arms were without Bayonet-rods and Bayonets.

Many pieces of Artillery were also sent down from the fronts, of which, most were sent to Augusta Arsenal; the Carriages and Caissons were divided between Augusta and Macon Arsenals. Many Carriages were broken up, as useless, and the pieces used in fabrications and repairs. Full returns in detail, will accompany the property returns of the Military Store Keeper; J. M. Ansley.

The supply of Sheet Iron giving out, Sponge and Tar Buckets were made of wood; the joints were dovetailed, and filled with white

Lead and Oil. The most urgent [illegible]
[illegible] and armored [illegible]
Small Arms were repaired at the Armory, as
most urgently [illegible]

The quantity of work done, was as follows:

Gun Carriages & Limbers	- Made -	32
" " "	- Repaired -	38
Caissons	- Made -	34
Ammunition Chests, for Caissons	- Made -	125
" Forge	- Made -	4710
Packing	"	1209

In addition to the above, large quantities of Spare Parts, Implements & Equipments, Horse Shoes, Gauges &c; &c; were made.

The number of Small Arms, cleaned and repaired, during the year, was 17.951 Stand's.

There was received from the Fields, the following pieces of Artillery, viz:

Guns (Mounted)	171
Gun Carriages	128
Caissons	55

For Calibres and descriptions of the above Guns, see accompanying list, marked "A".

There was also received the following number of Stands of Small Arms, 22.184

In view of the threatening attitude of the Enemy and under instructions from Richmond, all surplus

Guns were shipped to Macon and Augusta Arsenals.

Small Arms were shipped to aids in repair-
=ing them for the front, as follows

To Col. Snyder Macon Arsenal, 17,135 Stand.
" " Pains Augusta " 4,000 "
" Maj. Ingen Montgomery " 3,192 "
" " Humphrey Columbus " 6,000 "

The Artillery was disposed of as follows,
Shipped.

To Col. Pains Augusta Arsenal.

There was but little demand for Field Forges, in the Army of Tennessee, and but few were issued.

Two Foundries were constantly engaged, and three for a portions of the year, casting Shot and Shell. The Iron received from the Nitre & Mining Bureau, was generally quite indifferent, being generally too hard; we were compelled to cast large projectiles from it. Many

10 inch Columbiads & Rifled Shell, were cast for Charleston.

Castings in the City, cost us 4½ cents per pound, about, excepting for 8 inch Shell with Copper Cups for these we paid 10¢. furnishing Coal and Iron at Government rates.

A very favorable contract was made, with the "Lowell Blast Furnace", at Centreville Geo. for assorted Shot and Shell, at 2½ cents per pound, cast from the Furnace: but the works could not keep us supplied, and we were compelled to engage the other two.

Employées

We have had no little annoyance about detailed men. Every change in the Sub Enrolling Offices at this Post, would involve us in no little trouble. A thousand reports had to be made out, mainly, to enlighten these gentlemen, and let them know we were disposed to be honest in our dealings. If this Post, the Officers have been very troublesome always annoying the Government Workshops, rather than stirring themselves, to pick up those actually avoiding service.

Every effort was made to relieve the condition of the Employées, who, without any doubt, have suffer-

no little in consequence of similar want, they. Think every article of necessity to sustain life, has advanced from 1. to 5.000 per cent, in price, the Mechanics wages have scarcely stepped beyond the average price of peace times; in no case, in a Government shop, exceeding 3.00 per cent, most generally only 1. or 2.00 per cent. To say nothing of the destitute condition of their families. the Operatives themselves, have scarcely been able to live. Temptation has been placed before them, to commit almost any crime, and sympathy for their wretched condition, would almost acquit them for wholesale thieving, altho justice and Guns could not.

I think it has been a great moral wrong, to keep them in such a condition, though the Department has done all in its power to relieve it. The hardships are especially felt by the class of Detailed Soldiers, and Congress is responsible for that.

The effort to provide them with rations, by purchasing in bulk, was only partially successful. Some little relief was given them. The failure was, 1st. from want of funds to buy in bulk, after the authority was given; and 2d. the farmers did not care much for money, any way, and preferred bartering for bottom goods; this Department was unable to control any of these fabrics, and consequently suffered thereby.

It is hoped that the recent Acts of Congress when they go into effect, will to a certain extent, alleviate the condition of all Government employés.

Harness Shop.

Leather for four companies was made, the latter half of the year; but the Shop has been largely engaged in repairs for the Army, such as Harness, Saddles, &c.

Authority was given to establish a Tannery, and an estimate for $10.000.00, was approved for that purpose. The site was selected in Coweta County, near Newnan Ga. on the Atlanta and W. Point Rail Road. A set of tools were partially made, and hands were put to getting bark. The situation was a fine one; in the midst of excellent Oak timber, requiring but little trouble to secure plenty of bark. About 150 cords of bark was peeled and piled, but the encroachments of the Enemy rendered it necessary to give up the enterprise. The experiment cost the Government, simply the wages of the hands in getting the Tan-bark attended to, and the few tools required for that purpose, and had it succeeded, the advantages would have been very great, 100.000 pounds of Leather per Annum was the calculation we made, all prepared to turn out, at a small cost to the Government, not over

$3.00 per pound, when we had to buy leather in the market, and not over 60 cents when we got them from the Government Commissary stock; at 50 cents; &c. &c.....

Webbing was used entirely for Slings and Cantees, Straps; and an excellent article was furnished at 40 & 60 cents per yard. About 139.179 yards were used during the year.

The fabrications and repairs, in this Shop during the year, of the leading articles, were as follows.

Artillery Harness - Single Sets - Fabricated -	417	
" " " - Repaired -	365	
Cap Pouches	12.737	
Cartridge Boxes	2.355	
Cartridge Box Belts	22.258	
Waist Belts	5.957	
Cavalry Saddles	1.320	
" Bridles	2.041	
Cartridge Boxes - Repaired -	3.507	
Sabre Belts	2.187	
Gun Straps	16.510	
Halters	1.331	
Gun Slings	1222	
Holsters	1421	
Artillery Collars	1.477	
Tube Pouches	100	
Girthings	1400	

Minor Contracts

Infantry Accoutrements - viz - Etc

A large number of Cartridge Boxes were overhauled and repaired from damaged stores. The boxes answered equally as well as new ones, for the new box soon gets in the condition of these. No doubt, most of these stores are collected from the Battle fields, and from men in Hospitals &c - and are really serviceable, but require overhauling. Very often however, the entire flash is cut off, and the box otherwise abused, tins lost, &c. This work was done in the Arsenal, and also in shops by Contractors.

The Cloth accoutrements, which were turned in as damaged, could not be repaired. We could only save the Magazines from such as had them. Most of the Cloth ones were of the first style, made without the edges being bound; the last made, wear much better, and make a very good substitute for the Leathers.

Tin Work

But a limited amount of work was done at this Establishment. Canteens, Cartridge Box Magazines, and Sponge & Tar Buckets, were made. A very small force was kept at work, to make as much of some of these articles, as possible,

and such implements, &c &c, as were needed from time to time by the Army. The Machinery was moved for shewing up Field Ammunition was made. There was fabricated during the year,

Cartridge Box Magazines	21.157
Tin Canteens	14.759

Laboratories

1st Ex Small Arms Ammunition

No accident occurred, during the year, at this Establishment, and the same may be said of the Laboratories.

The buildings previously reported, with no alterations were made.

The English Enfield pattern was adopted in making Cartridges. A good cartridge was made, and they proved to be very acceptable to the Army, but could not be made near as rapidly, as the United States pattern. Samples and Standard Gauges were received from Lt. Col. Mallet, Supt. U. S. Laboratories, and were strictly adhered to.

Being at a point, where we received Ammunition was turned in from the Army, an opportunity was afforded, for observing how the Ammunition from the various Arsenals compared. It was found, that much was received from nearly all Arsenals, but it requires more, no doubt, from chance than otherwise, as some troops pay more or less attention than others, to the preservation of supplies, and the Officers in charge of

Companies, are rarely the men who ought to be responsible for such supplies, and their neglect or attention, could generally be traced to the Privates in the ranks; and this can be one question, of the marked indifference almost unanimously manifested, on their part, in such matters.

There were fabricated during the year —

Small Arm Cartridges — rounds — 11.909.490

Expended in manufacturing same —

Powder — 17.319 lbs.

Lead — Rec'd from Dang'r Arsenal 104.622 lbs

" " " Other Arsenals 246.759 lbs 351.381 "

It will be observed that over 1.600.000 Cartridges were taken up.

Reports from the Field, since the commencement of the campaign in April, show an averaged daily expenditure of: Small Arm Ammunition of 100.000 rounds, and Fixed Ammunition of Battle Signal.

2nd Pyrotechnic Laboratory.

But few Rockets and Port Fires were made, apparently but little use being made of them, in the Army of Tennessee. Friction Primers, Priming Tubes, and Purges, were chiefly made.

The Priming tubes gave generally satisfaction, though but little used, except at Batteries in position. The Friction Primer was found fault of in some cases, resulting more from the defective wire, than otherwise. When first made and tried by the Captain Reynolds, in charge of Laboratory (as was always the case), they fired well; but having orders

to stop the manufacture after a certain date because of defects, and as that class of work was concentrated at Richmond and Charleston Arsenals, special attention was given to completing while working up the Pipes on hand, at the date of the reception of the order alluded to. The composition was found to be very good indeed, but was slightly varied so as not to blow the Cap off from the Primer, and the best results were obtained. With good Brass wire not one, scarcely, to one Hundred, failed; but with the Copper wire we had difficulty, the wire breaking from time to time. The Pipes, were coloured as previously done but were strong and substantial.

A very good Fuze, (Time Fuze) was made, fronted with Quick Match. The markings or graduations on the Fuze to denote tenths of inches, burning to a given time, was done with a brass and stencil, at first, which gave an excellent impression. After receipt of instructions from the Supt. of B. L. Laboratories the graduations were printed and pasted on; but I could not think them as good as the original.

There were fabricated during the year,

Friction Primers	207.200
Priming Tubes	19.250
Paper Fuzes	82.686

3rd. In Filling Field Ammunition.

The Laboratory for Filling up Field Ammunition is attached to the one just mentioned. But little work was done

in this State. excepting that for Field Service, some few
large Shells were prepared for Charleston and Savannah; they
were, however, generally shipped direct from the Machine work[s]
and not prepared here. Want of Caps[s] rendered it necessary
to stop the use of the Bottom Fuze Plug for all Shells excepting
6 Pdr. Spherical Case. Being so ordered by the Bureau. In Spherical
Shell, the Polygonal Case was used entirely, and separate from the
Shell, the Polygonal Case was most favorable from this Inspection. The Army of
Tennessee preferred the 12 Pdr. Polygonal Shell to the Spherical
Case, and consequently but few of the latter were sent us;
although this class of work for Artillery, was assigned to
this Arsenal, and large quantities of Shell, were ordered were ordered
for that purpose, from the South Carolina Arsenals; they were
afterwards sent to Selma Arsenal, as we had no need for them,
and under previous orders to substitute the Polygonal Shell for it,
all arrangements for this purpose were matured in the new buildings.
The great demand from the Army, was for 12 Pdr Shell and
Rifle Rifle under the new organization of the Artillery,
but the supply was short us, through the assistance of
the Arsenals at Augusta and Macon.

Large quantities of Damaged Ammunition, sometimes in
for overhauling, from the Army; this seemed to be unavoidable
to some extent, but certainly, often it was the result of
neglect, on the part of Posting Commanders.
Often Ammunition in good order, would be found
thrown indiscriminately amongst that which was

badly damaged. Flannel and Serge was used for bags; By cutting the Serge lengthways it answered very well, but not as good as Flannel.

No new Projectiles were observed, among the supplies captured from the Enemy worthy of note. There were fired off during the year in

Field Ammunition, (Rounds) - rounds	-	18.318
Defiles from Damaged Mun^s	"	26.928.
Total		44.246.

Percussion Cap Factory.

This Establishment is in complete running order now. All the Machines run by steam; and the fabrications are very satisfactory.

The Difficulty complained of in January & February was entirely overcome. The fault was traced to two causes; 1st the sliding plate of the Filling Machine had so worn out, as to give but a half charge of the Fulminating Powder. This second was in the Varnish being impure, and added to the exceedingly cold and wet weather gave a spurious Cap; the whole was aggravated by the constant call for Percussion Caps, which led to neglect in thoroughly drying the Caps, in the great hurry to fill requisitions. The defect was remedied by making a new Machine for filling (the sliding plate), and substituting a good varnish. No Chlorate of Potash, was ever used in the Caps at any time; simply the Fulminate of Mercury, and Nitre added.

I think it but due to myself to add, that whilst, of course, the blame, for the neglect in this matter, legitimately falls upon me,

it should be considered in the Inspection Light. Without any wish or knowledge, I was placed in command of the Troops & Depôts of Atlanta; a Post, I presume, in point of importance and duties inferior second only to Richmond; being in rear of our second large Army, and its Supply base; which brought upon me much labor, that I was compelled to a greater degree, to look to my subordinates, for help in the Arsenal. I applied time and again to be relieved, but not until Gen. Hood's position was, I was in command was my wish, and to be relieved I was not to be troubled with Post duties, at first, it soon came to that. The commanding General of the Army required me to attend to every thing as connected with the Army. The correspondence alone, was enough for me to attend to, to say nothing of the Depôts to be fitted up, the Military Prison, Hospitals &c, needing constant attention. In an earnest effort to discharge both duties, I fell into the error referred to. The cases however, are now superior to any previously made

The Engine was fitted up; the Heavy Rolls acted admirably, enabling us to dispense with one Hand rolling, and so with the Machines. Every days work, but convinces me of the value of the "Cole Machine" for forming Caps, they required constant attention, but worked well

The rocking Mill gives every satisfaction, and enables me to send many more hands to the Fields, who previously were employed in rocking the Mill by hand. The same Machines were used for Primers and Friction Tubes, as before referred. Caps are now punched or pressed (the Percussion ele) with Brace and Punch bit; it gives decidedly the best results, of any plans yet adopted. Holding the Brace Vertical, pressing well down, and giving

it a single turn. Leaves an excellent surface on the Fulminate, and when varnished, leaves no loose Powder or irregularity on it.

After filling the Caps, and pressing them, they were submitted to a moderate artificial heat, except in warm dry weather, for a few hours, until the composition is thoroughly dried. Then they are varnished and set aside, but not in a heated room, nor in the sun; heat will cause the varnish to blister, and leave a bad surface; After the varnish is well set, then they are thoroughly dried, in the drying room, then counted up in bags, and set for a few days in the drying room. Before and after filling the Caps are scoured in a rolling barrel with Coffee Saw dust, very dry.

The supply of Copper has been very limited of late, and all kinds of old Scraps have been used, as still are.

The supply of Mercury is ample for three years to come.

In this connection, comes the manufacture of Nitric Acid. The ordinary retort in the shape of a "Truncated Cone", was used, and very successfully; we could easily make 50 lbs. per day, working three

retorts, and often more, as we liked. The Acid was weakened only slightly, & combined with the Iron, from the Clay used for luting.

The arrangements consisted of six retorts, with three chimneys, and furnaces. Glass tubing passed from the retorts to the condensers, or receivers; and from the last receiver a glass tube led to a wooden pipe, lined with wax and oil, which carried off the fumes; we will soon put this under ground and carry off the fumes below; as, at times when it is windy, they are blown back into the house, and are very injurious to the operatives.

But a single accident has occurred during the year, and that was from carelessness of the hands, in transferring Sulphuric Acid from a Carboy, when it was broken and burnt three of them very badly, but not so as to endanger their lives: their clothing was literally destroyed, but Linseed Oil being convenient, their bodies were saved by its application

The following statement shows the number of Musket & Pistol Caps, &c made during the year.

Musket Caps	21.746.530
Pistol "	1.230.000

Average number of Rounds Fired per
made per day
Number of Rounds of Fulminating Powder
made during the year 2.3.817.
Number of Rounds of Rifle Balls
made during the year 1.442 1/2.
made during the year 4.59 1/2.

Colonel, Comy General, Atlanta Ga

such as this Arsenal, the Officers & Soldiers are kept busy enough at their legitimate duties & we should not be embarrassed with this outside labor. Sending off to your General Depot, at a place you can see how much we will be behind-hand besides, leaving thus the entire control of all supplies, you no doubt can accomplish a hundred times, greater to the interests of the service —

We are willing & anxious, & can soon done all in our power — but think that there should be a fair distribution of labor, in supplying the Army —

The object of the Depot of Construction is to accumulate & issue the supplies —

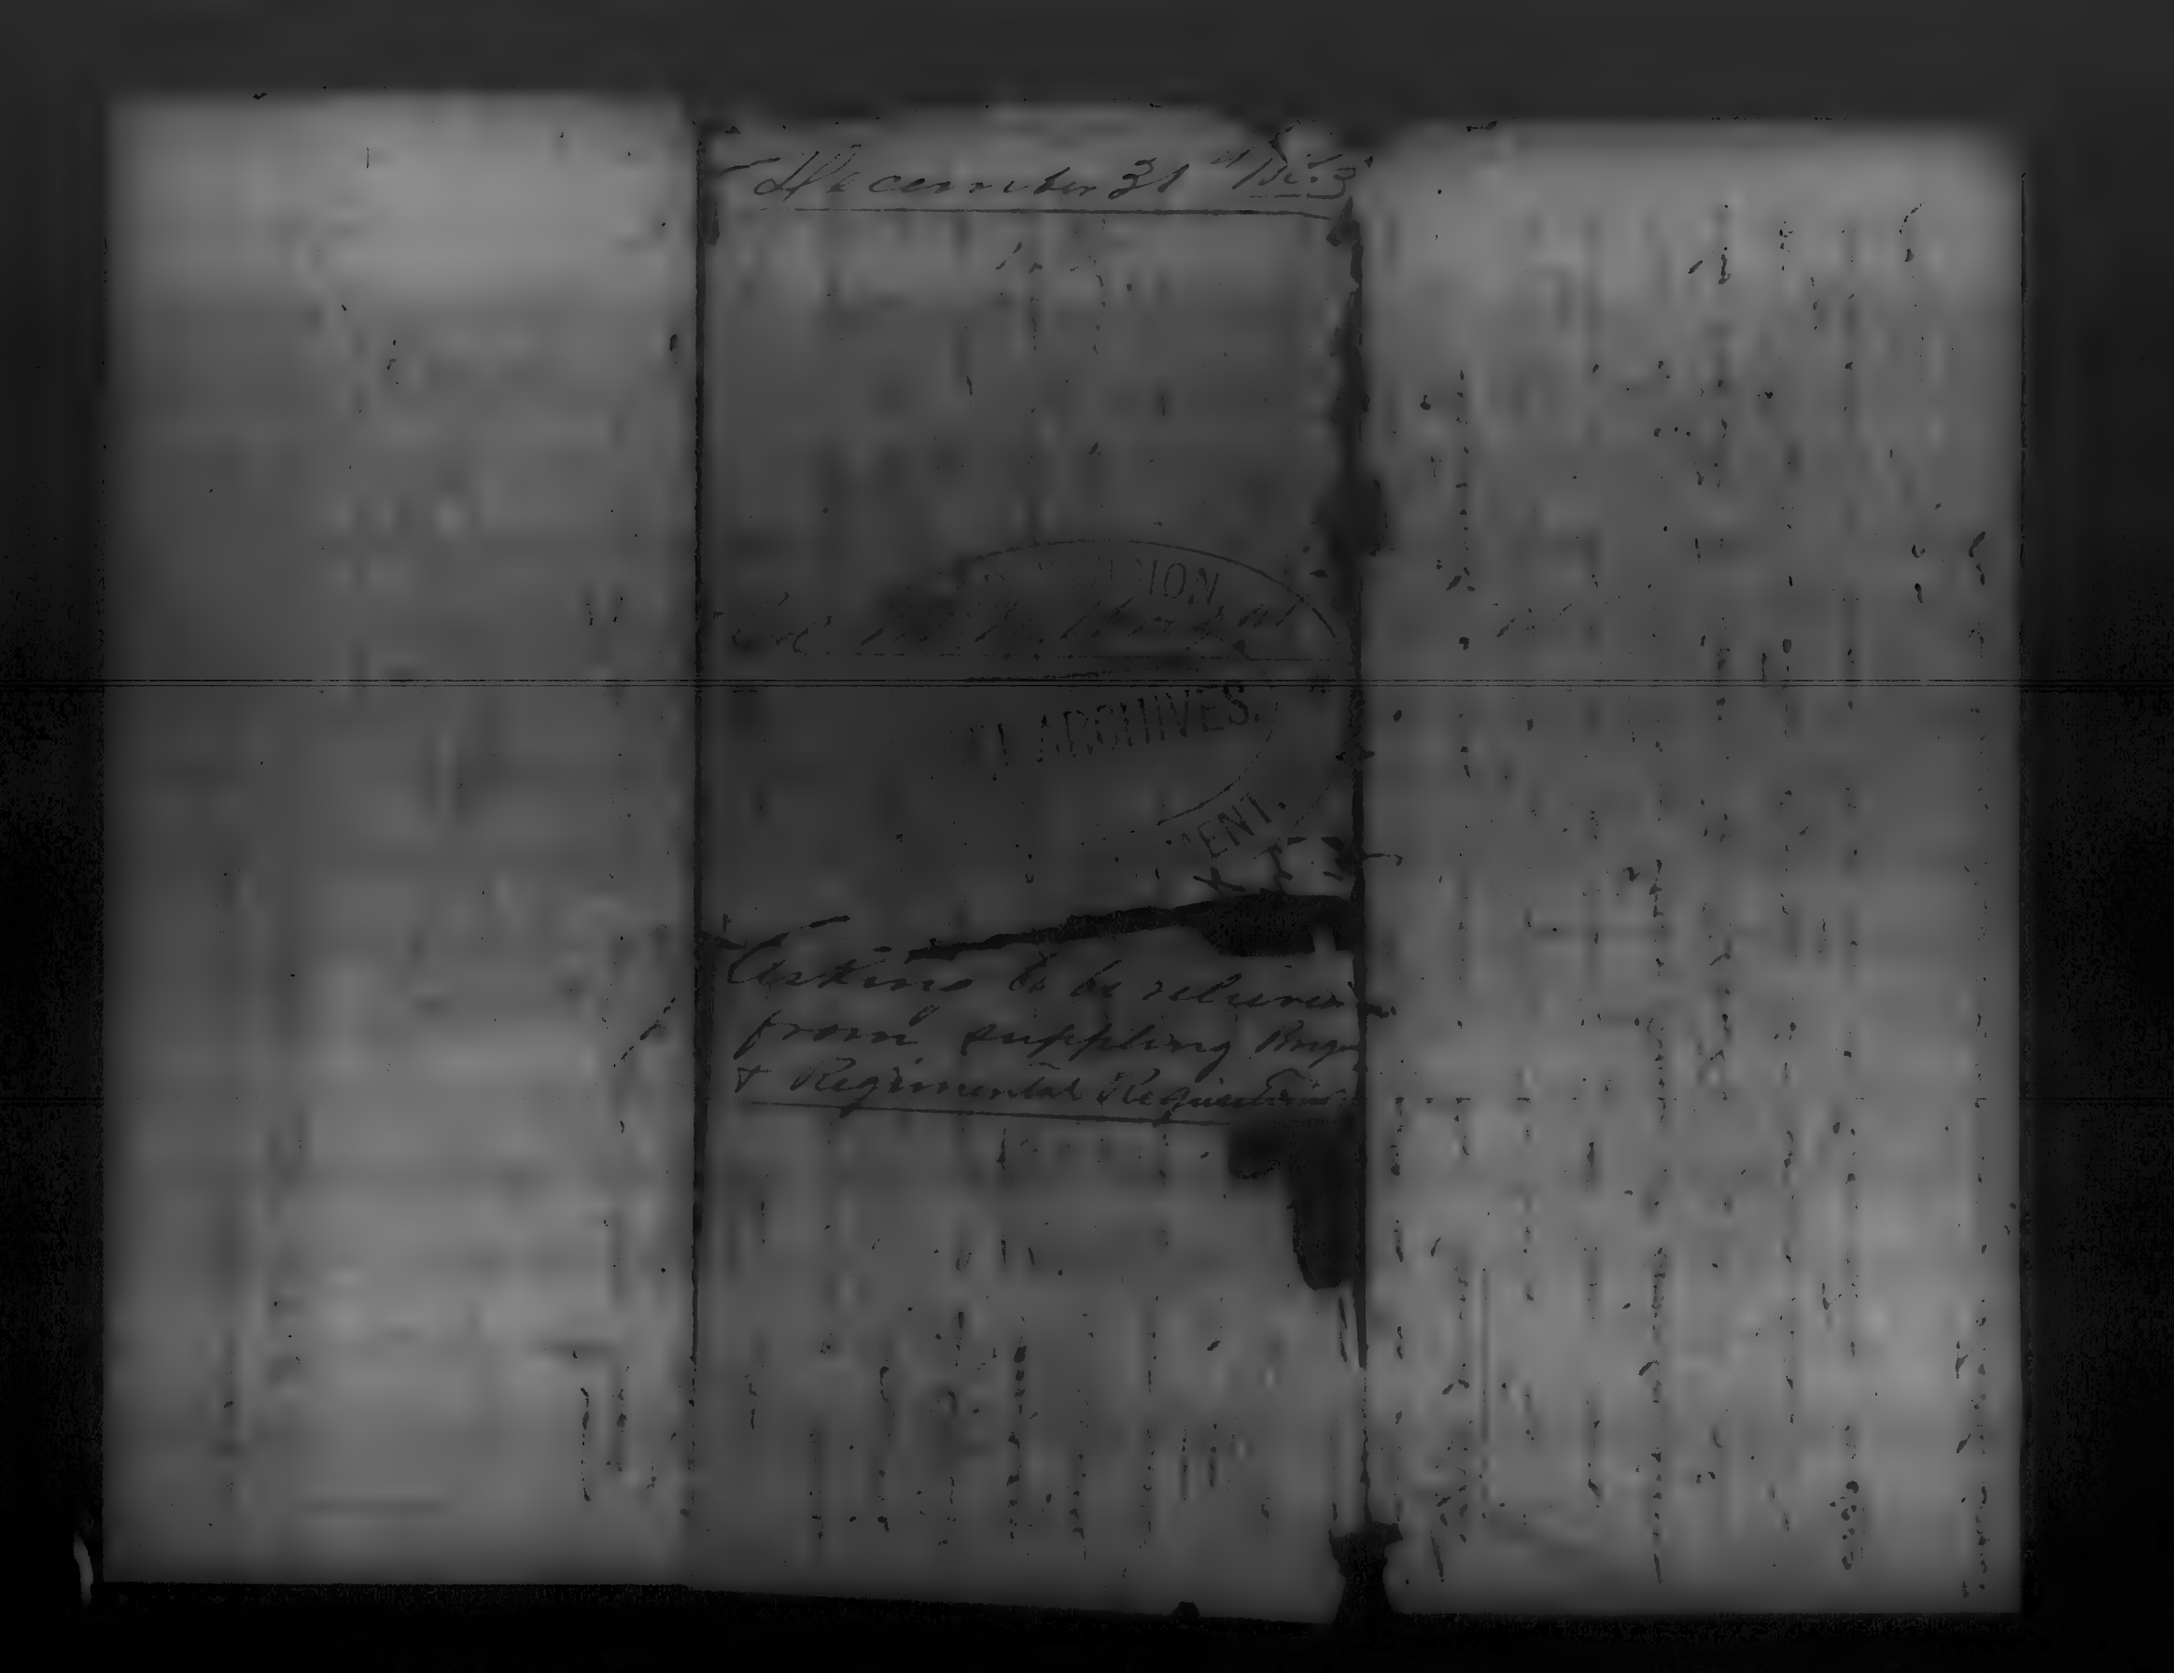

Hoping that you will give this your early attention — & will show this to the Comdg General for his action — if you deem it necessary —

I am, Resp.

Your obt. Svt.

Dalton, Ga -

Col:

I beg to report for your information, that the Commanding Officer of the Ordnance Depot at this place, has refused to issue Ordnance or Ordnance Stores, to any Officer or Soldier, not belonging to his command, unless he has a written order from the Chief of Ordnance, Dept. of the Cumberland, or from the Commanding General of the Army of the Cumberland. I am informed that this order was issued by Genl. Thomas, and that it was intended to prohibit Officers from other Commands, from running here for Ordnance Stores; how its possible for you to know how the Army is supplied, when from the Corps down to the Company, Officers are sent here for supplies, I'm unable to tell - & I beg to report further that I am forced to draw almost all of my supplies & do the Manufacturing for the Army - & could not be [redacted] from any Company, Regiment or Brigade in the Federal Army.

Certainly I can furnish from General Depot, just as readily as the Brigade or Regimental Depot, & there is nothing but confusion the result of so many men running to Atlanta - Every man, it would seem who wants to come to Atlanta, gets an order for Ordnance Stores & starts off down here - Yesterday, a man presented a Requisition for $200 Mortar Caps -

I am a large manufacturing establishment

Letters Received
A & I G O,

Refd Sept 5th 1864

Paris Texas July 10-1863

Genl S Cooper

Sir the notice of my appointment as 1st Lt A.D.C. was only received on yesterday by Mail. I have been once & now still desirous to contribute all I can in aid of my Country but circumstances now compell me to decline respectfully the solicitation & honor. My home is in the army. I have given up my residence to the State call for the Militia now being organized, my services & time are required to protect our large Grain Crops on the border of the State which will be used for the Army & for Soldiers & Indigent Families as well as to preserve order among mine as well as my Neighbors Slaves. I will however contribute all the Labour I can. As I have done for 18 months past in aiding the officers that may be stationed here.

I am Genl very Respectfully
your Obedient Servant
J G Wright

To Genl S Cooper Adjutant & Inspector Genl C.S.A.

If permitted I would suggest Capt Mc Masters for this appointment has recently Resigned as Lt Col 1st Texas Regiment not to leave the army but on account disagreement with the Colo. I understand Genl Steele has Relieved him from duty in that Regiment in compliance with Capt McMasters wishes

Paris Texas
October 13- 1863

Sir Your letter of July 25th is received on yesterday acknowledging the Receipt of My Returns for 3d Qr 1862- Except a Communication A.G.O. which circumstances forced me to destroy there is the only Communication from that office in twelve Months in Translating the business of your office. I only attempted that officially known to my authority viz the Payment of Bounty to Colo Burford Regiment- The outfit to Capt Roath Company as shown by returns Made to that office- the outfit for Capt Dennis company he having ordered to increase his Battery Made the entire Returns to the Dept at Little Rock. I differed in the [illegible]. he With the help I furnished down the purchasing Cabans & Recruiting them Could not Blankets or Horses and Was to meet in Little Rock and if the money Could be had or obtained Was to Separate the Purchases and make out proper Vouchers for all the Stores obtained I Went to Newyork for the Money but disappointing there Last at the fall of the City did not obtain it- in the Meantime the Company Made Quick March to Little Rock Leaving there Was no Money to be had, Capt Dennis Was Sent across the River for Artillery he obtained the Money I know not of whom procured at Corinth Miss it Sent by him to Capt John G Peay A.Q.Master at Little Rock who after Telegraphing you on the Subject paid for the entire outfit on Capt Dennis own Vouchers I know none out for that Company- as they informed me.

I Now address by your Letter that My Returns only account for the Money Sent me by Maj Brannon. I am further advised that I Stand Charged on the Books of that Office With $40.491 Forty Thousand Four Hundred and Sixty one Dollars

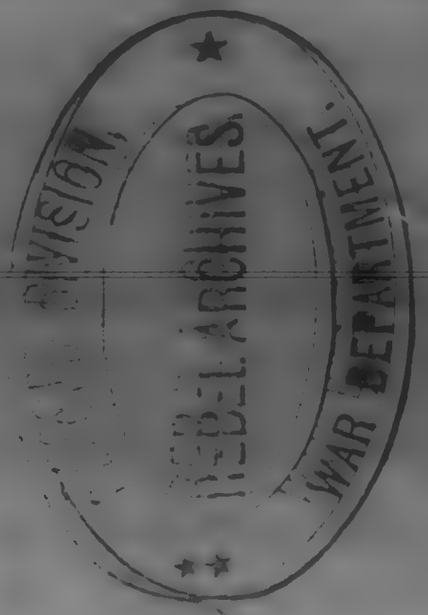

of Twenty cents this is the first intimation I have ever had of such a transaction. I have never Received this Money if Maj Harrison sent it nor have I had any advice of from him in relation to the matter— I know he never paid or turned it over to me in person nor ever delivered me a Receipt for it. I have no recollection of having ever seen Maj Harrison.

As Agent I have never received one Dollar from any Indian whatever of right from my Nation. I have taken how to get the Money for Pratt outfit but the Officer in this Department refused to let me have it as I was not a Banner officer I wanted him given Bond but my Son was in the army I gave up my order who volunteered in the Service and have to Superviser at home, I cannot or have I any Means now of explaining this matter but by the Money was sent to some one of similar name, I suppose you I never got it. I will direct to Capt Pratt and have if by any Mistake or Misunderstanding this has any Connection with the Money to me sent by him to Capt Pratt I will be as active as I can to have this matter adjusted or I will come to Richmond

I am Sir very Respectfully
your Obedient Servant

Enclosing Acct Current with remarks

RECORD DIVISION, REBEL ARCHIVES. WAR DEPARTMENT.

Rec'd Sept 4. 1862 from S.

Sir

I wrote you from Pittsburgh
containing an account current of the disposition of
the funds placed in my charge. I wrote you
again on the 13th Inst enclosing abstract of supplies
furnished Captain Hall, they may chance to have
the misfortune of, having miscarried the
first, and Enclose my account current &
Vouchers. the account heretofore sent being a
Copy. Also Enclose Vouchers with abstract of
Outfit furnished Capt. Hall

The abstract of same previously sent I
found were not correct, and beg to have them
substituted in their stead, In my memorandum
Letter handed you I had explained that
Capt. Hall had his Battery increased to Six Guns
of which I did not know anything about He having
given me material aid in purchasing Stock &
outfit gave me his receipts, which were sent
to you for certified accounts, when I discovered
that Capt Hall was purchasing upon his own
authority, & then Cancelled all former Statements
and Abstracts, made correct and formal one
which is now enclosed, Capt Hall came near
creating confusion in the matter, forgetting to
tell me he was increasing his Battery, he however,
soon corrected, & as his and my accounts will
agree distinct, I forward under your Cover
To Gt Messrs his own bills, as well as the
Bounty and Clothing for Capts Cannels Company
I was informed that but little money was on hand

Chap 5, Book 5

and that can remain to be used alone in the Subsistence Department I still owe this – & I hope I could forget that my accounts is paid by some of the last Paymasters of the Department. The Bounty and Clothing money for Capt Hamills Company, I plead, as Capt Hamills procured the aid of friends here to arrange that with his men. I spend all my efforts to obtain these funds that might enure to the general benefit of the troops in this Dist. has been applied almost exclusively to the purchase of Cotton & How ought I to recommend myself a little has been shewing this claim & I have kept frequently writing, trying to adjust it as I was doing all it will be for you to have them, as they would have passed your My accounts are I think on the proper form, I have had them inspected in the Dept

I am Col Very Respectfully

Feby 5th 1863

Sir

I herewith enclose abstracts vouchers
and account Current for the 3d Quarter Ending
30th Sept I have made up Statement of My
business from its beginning up to that time -
and forwarded in January by Private conveyance
the Messenger after leaving it some time re-
turned it to me leaving directions proceeding
the River - a few days since I received
notice from the Treasury Department that
My account had been found correct on
Settlement leaving due me the Amount $35.000-
Sixty Thirty Five Thousand Dollars the voucher
for the disposition of this Amount is herewith
enclosed with the account

In January I sent up returns for
purchase of Cotton & Supplies for Sept & Oct
Treasury Battery, I have also sent up returns
in Sept Last for the same if Formal Receipt
I should be pleased to have an order
for the Money on the Quarter Master at
Little Rock or on the Post Qr Master at
Fort Smith at Jefferson Texas or Capt A S
Cabell at Bonham Texas or if preferred
Either of them to pay the Accounts have them
done so, or if Furnished me I will willingly

go round and pay them Capt Lt Knight
at Jefferson is Location when the most of
the accounts are settled Maj Clark have
no funds and could not pay me on your
order, I believe all the Money is yet in the
hands of those we purchased the funds
sent me to pay Bounty to John Smiths
Regiment, I packed them up and also sundry
your personal papers to send it for
them purposes, but the public Stores
on this side of the River our Army have to
be subsisted Certificates accounts would
not get Commissary or other supplies. I
thought this funds would answer more
to public Interest used in that way
than in any other I restored the part
of Money it when it was immediately
appropriated and turned over to proper
officers — In relation the contract for Capt
Dawd. Capt Perry paid for it, I scarcely
understood yet how he was as
the Porters are in the army but having Cor
respondence with the Parties I learn from
that while I was absent after Money having
failed in my first effort the persons who
had furnished the property became anxious
they with Capt Dawd who really furnished
nearly all the Stock & supplies, Made an arrangement
with Mr Gibbons who had furnished some

[illegible] favorable position would be - to resume
from which he drove us [illegible] that [illegible] reloading
under cover to succeed his Battery, there
[illegible] constructing, for Stake for the original [illegible]
chain at the same time while [illegible] attention
to the Evacuation. I gave out no formal
Receipts nor have I one out now, nor
~~has Capt Brooks either~~ [illegible] matter - that
settled & paid for by Capt Perry [illegible]
by him turned over to Capt Brooks I can
only refer to him & Capt Brooks returns
for particulars. I have been incompetent
or I would have been to Richmond
ere this, I am doing all I can (not
as an Officer) to submit the Army hit-
herto fallen back, and now for injury
on us, and shall be ready & willing to supply
them. I am Colo very respectfully

WAR DEPARTMENT.

Quartermaster Genl's Office
Richmond Va March 22nd 1865.

Sir

Several communications having been received from T. G. Wright late Agent of 2nd Regt Inf. in 1861 & 2. disclaiming any knowledge of the claim of Jno. Cowan and four hundred and fifty dollars and twenty cents charged him as per receipts given Capt W. H. Garrison late A.Q.M. 5th Regt Texas - I have in consequence to report, that upon examination of the two signatures it is discovered that they are very dissimilar - one being signed as Agent of the Quartermaster Dept the other as A.Q.M. 5 Regt Inf. C.S. which latter is the party receiving the amount from Captain H. aforesaid Capt.

This explanation is made in consequence of there being of the same name - and to prevent the above mentioned sum being charged to T. G. Wright Agent as you have now an account opened upon your Books against him.

Respectfully

Miss Wright

Asking for a position on one of the Mil. Courts now organized or else one of those to be organized at the discretion of this Govt

Rec'd Aug 10 1863

Ref. out to the Secty of War.

By Order
Aug. 11. 63 Edw. Hagerman Lt. Col. A.D.C.

Ref. for future reference
14 Aug. 63 By

Richmond

Adj. Gen. Cooper,

General.

I have the honor to apply for a position (in case of a vacancy) on one of the Military Courts now organized - Or else a position on one of the Courts, to be organized, at the discretion of the President, under a late act of Congress -

I was educated at West Point - have been at the Bar in active practice for more than thirty years - and have often appeared as Counsel before Military tribunals -

Driven from Missouri, by persecutions arising out of my course as a Member of the Convention of that State - I joined the army at Corinth, as Vol aid of Genl Price - On the siege of Vicksburg I entered the staff of Genl Vandorn as one of his Military family, and served in the capacity of Vol. aid till after the battle of Corinth.

Then my health gave way.

Satisfied that my physical condition unfits me for active service in the field - but resolved to aid this Confederacy by all means

in my power - I respectfully apply for a position the duties of which have been rendered familiar to me by education and experience -

I respectfully refer to the recommendations on file in this Department, embracing the entire delegation of Missouri in Congress - the letter of Gov Reynolds, and the suggestion of Genl. Buckner. -

Very Respectfully
Your Fellow Citizen

Uriel Wright

Jackson Miss. 11th April 1864

My Dear General:

In a violent snow storm I left Richmond on the 19th ult. and after a journey through terrible weather, & partly on a freight car, reached Wilmington on the 23d: there I found my nephew dying; his death and funeral delayed me until the 28th when I left with my wife to rest my father at Columbia. The arrangement of some private business kept me there until April 1st. when I left for the West. I remained a day at Montgomery in the hope of meeting Gen. Johnston, and having some conversation with him on the future disposition of our troops in Mississippi; but on that day, although his lady & entire staff arrived there, he did not come. I left for Mobile, arriving there on Sunday, 3d. I there met Major Wright; Genl Buckner desires to have him appointed on his district court martial whenever there is a vacancy; he would well suit such a place. Col. Merriweather L. Clarke, Capt. Kennedy, Col. Major, Col. Thornton, & Col. Shields were also there. Major W. C. Price passed through, but I did not see him. Gen. Buckner showed me his land fortifications: he is an able officer and doing much good at Mobile. On Tuesday, 5th inst I left Mobile, with Col. Waldo P. Johnson & Col. Shields, reaching here in the afternoon of the 6th. Johnson & Shields have left

for Arkansas. I find several things to attend to here in the way of collecting our State records & property, discovering the whereabouts of State disbursing officers, and arranging for them to present accounts, making such orders on various matters, &c. &c. as I deem to fix up everything finally on this side of the river, so that I will have nothing to call me back, I may be detained here 8 or 10 days more. Our troops are contented with the arrangements made, & prefer to remain in this State of the river until we actually advance into Arkansas. They know the destitution in Arkansas & have no desire to share it. I shall visit them before leaving. Pemberton I find a sensible, business like officer; but not much of a Freedman in his ways.

I wrote by this same mail to Vicksburg by putting this letter to the one I wrote him, you will get all the news I have for yourselves & our other friends in Richmond. Show him this & tell him to show you my letter to him.

Please urge the bills for a preferred Mississippi mail & for appointing a Commissioner to settle State claims west of the Mississippi. Write to me at Little Rock.

I remain, General,

Very truly yours

Thos. C. Reynolds

Hon. J. B. Clark, U. S. Senate.

Head Qrs Augusta Ga
Sept 12th 1864

Genl S Cooper
A & I G Richmond Va

Genl

I Respectfully ask the assignment of 1st Lt W^m A Knight to duty at this Post. Lt Knight lost his leg in the second Battle of Manassas and has been recommended by an Examining Board for Post duty. He has been Ordnance Officer of Knights Brigade Army of Va since August 1862.

There are at this Post some two thousand troops & the services of an Ordnance Officer are required to protect the Govt Property in the hands of the different Companies

Lt Knight is here now on Leave from Genl Lee awaiting the decision upon the application for Post duty recommended by Med & Ex Board

I have the honor to be
very Respectfully

INDEX CARD OF CONFEDERATE RECORDS.

(539) This card must not be taken from the files.

Respectfully returned to:

WRIGHT, W.B.
WRIGHT, William Bacon

6 June 1947

Mrs. J. C. Turner,
3465 Stanford,
Dallas, Texas.

The records show that W. B. Wright, not found as William Bacon Wright, was appointed Major and Quartermaster of the Confederate States Army from the State of Texas, January 27, 1864, to take rank from December 12, 1863, and to report to the Quartermaster General, Paris, Texas.

His name appears on a List of Quartermasters and Quartermaster Agents on duty in the Trans-Mississippi Department. List dated February 13, 1865, which shows him on duty at Bonham, Texas, and Bonded in Richmond.

No later record of him has been found.

The collection of Confederate States Army records on file in this Department is incomplete and the failure to find the complete or any record of any person thereon is by no means conclusive proof that such person did not serve at some period not covered by the records.

1 Incl.

EDWARD F. WITSELL
Major General
The Adjutant General.
